

Course Specification

Course Summary Information		
1	Course Title	MSc Accounting and Finance
2	BCU Course Code	PT1195
3	Awarding Institution	Birmingham City University
4	Teaching Institution(s) (if different from point 3)	
5	Professional Statutory or Regulatory Body (PSRB) accreditation (if applicable)	Chartered Institute of Management Accountants (CIMA)

6	Course Description
	<p>Looking to study a postgraduate accounting and finance course in Birmingham? Our MSc Accounting and Finance degree is accredited by Chartered Institute of Management Accountants (CIMA).</p> <p>Taught by professionally qualified academics with a wealth of industrial and professional experience, this CIMA accredited Master's course focuses on the practical application of accountancy in the real world and theoretical aspects of related research with a clear objective of preparing you for a career in accountancy, finance or management. You can maximise your CIMA exemptions by choosing particular modules, and get prepared for the remaining final (external) CIMA exam(s) at the end of the course.</p> <p>You can study ACCA with us (full or part-time) and then take the final, 60 credit dissertation module to gain the MSc award. Our status as a Platinum Approved Learning Partner reflects the quality of our course provision and teaching.</p> <p>If you are already a CCAB or CIMA qualified accountant you have the option of seeking accreditation for prior learning experience (APLE) or simply topping up with the final, 60 credit dissertation module to gain the MSc award with our Masters Stage course.</p> <p>Based at the University's new campus in the UK's second city, you'll live and study in an exciting, vibrant environment and engage with local, national and international businesses.</p> <p>What's covered in the course?</p> <p>The course is highly flexible, allowing you to customise your degree to align more closely with a particular professional body or specialise in particular areas of accounting or finance. The flexible course explores a range of business disciplines, offers real world examples and case studies and is recognised by the major global professional bodies enabling fast track progression to internationally recognised professional accounting qualifications upon completion.</p>

	Full Time	City Centre	1 year plus six weeks CIMA case study exam preparation at end	PT1195
	Masters Stage top up (ACC7031 only)	City Centre	One semester	PT1213

10	Entry Requirements		
	The admission requirements for this course are stated on the course page of the BCU website at https://www.bcu.ac.uk/ .		

11 Course Learning Outcomes	
1	Demonstrate critical awareness of the contexts in which accounting operates, a systematic understanding of organisations, their external context and how they are managed and an ability to critically apply relevant knowledge to complex issues.
2	Demonstrate knowledge and understanding of, and an ability to use current technical language and alternative technical language to describe practices of accounting and an ability to apply them in structured and unstructured situations.
3	Record and summarise transactions and other economic events, prepare financial statements complying with relevant regulatory requirements and demonstrate critical awareness of such techniques.
4	Critically analyse the operations of a business and perform financial analyses and projections; and demonstrate awareness of the contexts in which accounting data and information is processed and provided within a variety of organisational environments, and the relationships with other systems providing information in organisations.
5	Demonstrate knowledge, understanding and a critical appreciation of theories and empirical evidence concerning the effects of accounting.
6	Demonstrate critical awareness of issues of financial management, risk and the operation of capital markets and make appropriate recommendations.
Generic Skills, Abilities and Attributes	
7	Critical evaluation of arguments and evidence.
8	Independent and self-managed learning.
9	Analysis, filtering and evaluation of data and drawing reasoned conclusions concerning structured and, to a more limited extent, unstructured problems from a given set of data and from data acquired.
10	Location, extraction and analysis of data from multiple sources, including acknowledging and referencing sources.
11	Numeracy, including the processing and analysis of financial and other numerical data and the appreciation of statistical concepts at an appropriate level.
12	Using contemporary information and communications technology for the acquisition, analysis and communication of information.
13	Communication, including presenting quantitative and qualitative information, together with analysis, argument and commentary, in a form appropriate to the intended audience, and oral as well as written presentation.
14	Working with others (such as through small group projects).

<p>Post course external professional exam preparation:</p> <p>Intensive 6 week preparation course offered to enable suitably qualified students to sit the CIMA Strategic Case Study in November following the end of the academic year.</p>	

13 Overall Student Workload and Balance of Assessment

Overall student *workload* consists of class contact hours, independent learning and assessment activity, with each credit taken equating to a total study time of around 10 hours. While actual contact hours may depend on the optional modules selected, the following information gives an indication of how much time students will need to allocate to different activities at each level of the course.

- *Scheduled Learning* includes lectures, practical classes and workshops, contact time specified in timetable
- *Directed Learning* includes placements, work-based learning, external visits, on-line activity, Graduate+, peer learning
- *Private Study* includes preparation for exams

The *balance of assessment* by mode of assessment (e.g. coursework, exam and in-person) depends to some extent on the optional modules chosen by students. The approximate percentage of the course assessed by coursework, exam and in-person is shown below.

Level 7

Workload

24% time spent in timetabled teaching and learning activity

Activity	Number of Hours
Scheduled Learning	432
Directed Learning	432
Private Study	936
Total Hours	1800

Balance of Assessment

Assessment Mode	Percentage (approximate)
Coursework	50% to 55% depending on options chosen
Exam	40% to 50% depending on options chosen
In-Person	Up to 5% depending on options chosen
