6	Course Description
	<p>Looking for a combined masters Business and Finance course in Birmingham? Our MFin Business Finance degree can allow you to move straight onto a Master's level course when you finish your undergraduate degree.</p> <p>Designed to equip you with the expert knowledge and technical skills required by the Association of Corporate Treasurers qualification and the wider industry, this flexible MFin course will encourage your development towards becoming a successful business finance professional.</p> <p><b>What's covered in the course?</b></p> <p>As you progress, you will become more effective and creative in problem solving, as well as being able to critically advise individuals and companies in the UK and abroad. Our course is tailored to ensure you are equipped for the challenges of a finance industry which demands innovation and performance.</p> <p>Our MFin Business Finance degree is an integrated master's course. This is a four-year degree course which combines three years of undergraduate study with an additional fourth year at postgraduate level. The advantage of this mode of study is that it enables you to stand out from the crowd on graduation with a master's level qualification. If you do not achieve the necessary standard of performance to continue onto the fourth year, you can still graduate after three years with a Bachelor degree qualification.</p> <p>The course also has the option of a sandwich year, wherein you'll get the opportunity to go on a year-long industry placement.</p> <p>During the second and later years of the programme, there will be more flexible learning opportunities that will enable you specialise in particular subject areas, as well as allowing you to tailor your programme to a specific career aim or professional body. There will also be opportunities to experience different graduate roles, with a wide variety of placements and internships on offer to complement your studies.</p>

### 13 Overall Student Workload and Balance of Assessment

Overall student *workload* consists of class contact hours, independent learning and assessment activity, with each credit taken equating to a total study time of around 10 hours. While actual contact hours may depend on the optional modules selected, the following information gives an indication of how much time students will need to allocate to different activities at each level of the course.

- *Scheduled Learning* includes lectures, practical classes and workshops, contact time specified in timetable
- *Directed Learning* includes placements, work-based learning, external visits, on-line activity, Graduate+, peer learning
- *Private Study* includes preparation for exams

The *balance of assessment* by mode of assessment (e.g. coursework, exam and in-person) depends to some extent on the optional modules chosen by students. The approximate percentage of the course assessed by coursework, exam and in-person is shown below.
