Birmingham City University

How to write references

Harvard Referencing Guidelines

Library & Learning Resources http://bit.ly/1dPJqqJ

Contents   Page

Revisions for 1st September 2020

Thank you to the input of colleagues within Library & Learning Resources for their feedback throughout the year. Thanks are especially due to the students and staff of Birmingham City University who continue to grapple with this guidance and provide valuable feedback on any improvements or amendments that are required.

There have been some minor changes since the 1st September 2019 guidance which are these:

- the inclusion of further advice when citing printed and online journal articles. The intention is to ensure that students reference journal articles with authors, date, journal title, volume number (issue number) and page numbers only, regardless of whether the student has accessed a paper copy or an online copy of the article.
- the inclusion of new advice on NICE Guidelines related to the date updated as these can be different to the date of publication in section 5.2.3.
- the amendment of advice on citing sources with several authors and citing sources by the same author in the same year. The intention is to make it clear to students to include all the name of the authors of the article in their reference list and to include the letter after the year in the reference list as well. These have been added to sections 2.4 and 2.6.
- the inclusion of further advice on citing UK Government and HM Government publications in section 5.5.13.
- further advice on secondary information for authors in section 4.1.
- the inclusion of advice to include both organization name as publisher as withheld and publisher location as withheld when citing confidential reports in section 1.4.2.

There have been no changes to the overall structure of the guidance.

1.   Introduction

1.1   Purpose of referencing

Referencing is an essential part of academic scholarship and ethical values demand that authors identify the sources used in their work. The sources used are more likely to be journal articles, conference papers, government reports, books or specific chapters of books, magazine or newspaper articles, theses or web pages. However, depending on your subject, you may also need to cite visual sources, audio-visual media, music or unpublished sources.

When you cite in the text of your work (an in-text citation), you also need to create a full reference for it at the end of your work. This gives the full details for the information source so that it can be traced by anyone who reads your work.

You must reference when you are quoting or paraphrasing (rewriting in your own words) to show that you are using work/research/theories/data from someone else.

You are referencing in order to:

- Show anyone who reads your work your ability to select and refer to the most appropriate external sources which support your work.
- Support specific facts or claims which you make in your work.
- Enable the reader to locate where you obtained each quote or idea.

The benefits of referencing to you are that:

- It shows the range of reading that you have done. This is likely to gain you marks.
- It can make your own arguments more convincing by supporting them with the ideas of acknowledged experts and data from credible sources.
- It is a basic academic requirement and doing so means you cannot be accused of plagiarism.

Plagiarism is considered as unethical in the UK and is treated as misconduct by the University. The University defines plagiarism on page 1 of its Student Disciplinary Procedure as "submitting any item of assessment which contains work produced by someone else in a way which makes it look as though it is your own work". Plagiarism is treated as an example of academic misconduct. Table 1 of this procedure shows the level of concern that such academic misconduct attracts and table 2 indicates the penalties for each level of offence.

1.2   Principles of referencing

The basic principles of referencing, from the international standard BS ISO 690: 2010, are:

1. Clearly identify the material being cited: Include sufficient information.

2. How specific do you need to be? Do you need to refer to the entire document or to a specific part of a document? This will depend on the purposes of the citation and the use that you make of the material being cited.

3. Take the information from the resource being cited: For example, if there is no hyphen in the sub-title 'practice-based' then do not include it. However, if there is a clear error use the word sic as illustrated in section 4.3.

4. Make sure the information in the reference reflects the specific copy or instance of the document that was used. For online documents that are subject to change, such data include the uniform resource locator (URL) of the particular version that was used and the date on which the document was accessed.

5. Be consistent: Use a uniform style, format and punctuation scheme for all references in a document, regardless of the particular style guide being used.

The data should be taken from the resource itself. The preferred source of data for the reference is the title page or equivalent, such as the title screen, home page, disc label or map face. Any information that does not appear in the cited information resource, but is supplied by the citer, should be enclosed in square brackets.

1.3   Harvard referencing

The Harvard style emphasises the name of the author and the publication year in the text with full bibliographic details in a reference list. Unlike other styles, there is no manual to which you can refer. This has created variations within the Harvard style so that each University has had to specify which variety of Harvard to follow. These guidelines have been developed to bring consistency to the practice of citing references within the University so that there is a document to which all students and staff can refer.

Citing references informs your reader where you found your information and is the accepted way of giving credit to the ideas and evidence on which your argument is based. It is standard academic practice and you should do this in all the works you create.

The style in these guidelines is very similar to the Harvard-style referencing format used in Microsoft Word. This is shown as Harvard – Anglia in the Style section of the References tab. It is also based on the publication, *Cite Them Right* (Pears and Shields, 2019) and Anglia Ruskin University's (2019) Guide to Harvard style of referencing web page. There are differences between all three of these, some of which are shown below:

Type	*Cite Them Right*	Anglia Ruskin Harvard	Microsoft Word: Harvard - Anglia	BCU Harvard	Justification
Book with one author	Bell, J. (2014) *Doing your research project.* Maidenhead: Open University Press.	Bell, J., 2014. *Doing your research project.* Maidenhead: Open University Press.	Bell, J., 2014. *Doing your research project.* Maidenhead: Open University Press.	Bell, J. (2014) *Doing Your Research Project.* Maidenhead: Open University Press.	The majority of alphabetical/Harvard systems put brackets around the dates. Omitting a full stop after the date bracket is easier. There is confusion about whether to capitalize titles. BCU Harvard defines a standard for this.

Type	*Cite Them Right*	Anglia Ruskin Harvard	Microsoft Word: Harvard - Anglia	BCU Harvard	Justification
Printed journal article	Norrie, C., Hammond, J., D'Avray, L., Collington, V. and Fook, J. (2012) 'Doing it differently? A review of literature on teaching reflective practice across health and social care professions', *Reflective Practice*, 13(4), pp. 565-578.	Norrie, C., Hammond, J., D'Avray, L., Collington, V. and Fook, J. 2012. Doing it differently? A review of literature on teaching reflective practice across health and social care professions. Reflective Practice, 13(4), pp.565-578.	Norrie, C., Hammond, J., D'Avray, L., Collington, V. and Fook, J. (2012) Doing it differently? A review of literature on teaching reflective practice across health and social care professions. Reflective Practice, 13(4), pp. 565-578.	Norrie, C., Hammond, J., D'Avray, L., Collington, V. and Fook, J. (2012) Doing it differently? A review of literature on teaching reflective practice across health and social care professions. *Reflective Practice*, 13(4), pp. 565-578.	Journal title is in italics (a consistent style rule). More grammatical to put a space after p./pp. Easier to omit single speech marks around the title.
Web page	National Health Service (2018) *Check your symptoms.* Available at: http://www.nhsdirect.nhs.uk/checksymptoms (Accessed: 17 October 2018).	National Health Service, 2018. *Check your symptoms.* [online] Available at: <http://www.nhsdirect.nhs.uk/checksymptoms > [Accessed 17 October 2018].	National Health Service, 2018. *Check your symptoms.* [Online] Available at: http://www.nhsdirect.nhs.uk/checksymptoms [Accessed17 October 2018].	National Health Service (2018) *Check Your Symptoms.* Available at: http://www.nhsdirect.nhs.uk/checksymptoms [Accessed 17 October 2018].	Follows *Cite Them Right* by omitting [online] as the URL indicates direct access to an online source. Easier to omit chevrons around the URL. Follows Anglia Ruskin and Word by using square brackets around the Accessed field.
Citation with a page number	Harris (2018, p. 56) argued that 'nursing staff…'	Harris (2018, p.56) argued that "nursing staff…"	Harris (2018, p. 56) argued that 'nursing staff…'	Harris (2018: 56) argued that 'nursing staff…'	Using a colon reduces the word count whilst still being grammatical.
Citing two authors	(Lewis and Jones, 2018)	(Lewis and Jones, 2018)	(Lewis & Jones, 2018)	(Lewis and Jones, 2018)	Using "and" follows the majority of styles.
Citing three authors	(Hill, Smith and Reid, 2014)	(Hill, Smith and Reid, 2014)	(Hill, et al., 2014)	(Hill et al., 2014).	Most Harvard systems use "et al." after two names. Some italicize the *et al.* More grammatical to

Type	*Cite Them Right*	Anglia Ruskin Harvard	Microsoft Word: Harvard - Anglia	BCU Harvard	Justification
					omit a comma before "et".
Multiple indirect citations	A number of environmental studies (Town, 2013; Williams, 2015; Andrews *et al.*, 2017; Martin and Richards, 2018) considered…	A number of environmental studies (Town, 2013; Williams, 2015; Andrews *et al.*, 2017; Martin and Richards, 2018) considered…	A number of environmental studies (Andrews et al., 2017; Martin and Richards, 2018; Town, 2013; Williams, 2015) considered…	A number of environmental studies (Andrews et al., 2017; Martin and Richards, 2018; Town, 2013; Williams, 2015) considered…	Follows Word style in writing multiple citations in alphabetical order. Consistent with the reference list order.

Facts, ideas, dates, events and information that are expected to be known by a student working in that subject area would be considered to be 'common knowledge' and therefore would not expect to be referenced.

There are two inter-related parts of the referencing process:

i.   The citation is essentially a marker you put in your text to show that you are referring to a source. For example, you may have given a direct quotation or summarised the ideas from the source. The marker you use links to the full reference in your reference list. Section 2 discusses in-text citations.

ii. The reference gives full details about the source you have cited in your text so that you can go from the source to the original from the details given. References are listed in an **organized, structured and consistent way**, at the end of your work, before any appendices. Footnotes and endnotes are not used in the Harvard referencing style. Section 3 details the style rules adopted by the BCU Harvard referencing guidelines. Section 4 details the data order and discusses each of the elements. Section 5 gives you the required elements with examples of the source material you are most likely to be citing.

1.4   Common questions

1.4.1   References with missing details

You should be cautious about referencing material in your work where you cannot identify the author, date or source. The following are some of the problems you may encounter with the solution:

Problem	Solution	Example
No known date	n.d.	**Langley (n.d.) advises...**
Only approximate date known	ca. *[circa]*	**Shahn, B. (ca. 1933-34)**

Problem	Solution	Example
Full year not known	189- for known decade 189? for probable decade	**Peri, J. (186?)** *Le Musiche de Jacopo Peri*. **Milan: Ricordi.**
No known author	Anonymous or Anon.	**A nested cohort of 270 patients with a GCS score ≤ 14 from the 2010 CRASH-2 trial demonstrated a reduction in intracranial hematoma growth, focal cerebral ischemia, and mortality in patients given TXA, although none of the results were statistically significant (Anonymous, 2011).**
No known place of publication	s.l. *[sine loco]*	**Price, T.J. (2014)** *Environmental Management Systems: An easy to use guide to boosting your organization's environmental performance.* **3ʳᵈ edn. s.l.: CreateSpace.**
No obvious publisher	s.n. *[sine nomine]*	**Coccioli, L. (2004)** *Flectar: For trombone and live electronics.* **s.l.: s.n.**
Information has been traced from other sources	Use square brackets	**Mayer, J. [1995]** *Pawitri Naukari (A Sacred Service): Sacer misisterium.* **Birmingham: [Birmingham Conservatoire].**

1.4.2   Maintaining confidentiality

For some forms of academic writing, it is not possible to provide the name of a cited source for reasons of confidentiality. This is especially the case in a health context.

The following statement of confidentiality can be found in section 3.4 of the Faculty of Health, Education and Life Sciences' *Policy on Confidentiality*:

> You must always ensure that when documents are used that relate to individual circumstances, there is no possibility that the individual(s) can be identified.

> When you submit academic work for assessment, you sign to state that the work is your own, that confidentiality has been maintained and that any names used in the work are pseudonyms. It is good practice for you to state at the outset of your work that pseudonyms have been used.

The full policy can be found on the BCU internet site here.

Confidentiality must be maintained within referencing as well as your written work. If internal documents from Trusts, Clinical Commissioning Groups, Local Authorities or Special Health Authorities are being cited, for example, policies, procedures or care plans, it is essential that the name is never divulged as these documents are not available to the general public.

The Faculty of Health, Education and Life Sciences' *Policy on Confidentiality,* Section 3.5 states:

> If names of individuals or organisations used in assessments are not available to the general public, the work has ... breached confidentiality...Assessments that have breached confidentiality will achieve a mark of 1%.

To maintain confidentiality using Harvard you are advised to follow these examples:

This action was taken in accordance with the NHS Trust's (2017) disciplinary policy.

This action was taken in accordance with School A's (Name withheld) (2018) sex education policy.

NHS Trust (2017) and School A (name withheld) (2018) would then appear in your reference list (see section 3.6) as:

NHS Trust (2017) *Disciplinary Policy*. NHS Trust name withheld.

School A (Name withheld) (2018) *School A's Sex Education Policy*. Available at: (URL withheld) (Accessed 19 December 2018).

For documents available to the general public, for example a Trust's patient information leaflets:

The information provided by the Trust about this service is written in several languages (Appendices 1-3).

In your appendices, these documents would then be labelled as Appendix 1, Appendix 2, and Appendix 3.

1.4.3 Reference list or bibliography?

The **reference list** should include details of all the sources you have cited in your work. It should be in alphabetical order by author surname with all the different types of material in one sequence.

Sometimes your tutors ask you to produce a **bibliography** as well as a reference list. The term bibliography normally refers to a list of items that you have used for background reading to inform your opinion but which are **not cited** directly in your text. As with the list of references, these should be listed alphabetically in the same format as your references and should be placed after the reference list at the end of your work.

A reference list is always required when you cite other people's work within your own work.

The terms reference list and bibliography are sometimes used interchangeably. Make sure that you know what is required from you before you complete your work.

An **annotated bibliography** includes the full reference to sources with the addition of notes which summarise and evaluate each source. Depending on the assessment this may be an independent project or part of a larger research project.

1.4.4   Reference management software

The EndNote referencing software (version X8.1) and EndNote Web both contain the BCU Harvard referencing style. The software also connects with Word as an add-in (shown as a separate tab called

EndNote X9, not the References tab). Use this rather than other referencing software as EndNote Web is supported by IT. EndNote Web training is available from IT Training.

Free open source reference management software is also available. The University's databases will often export references to software such as Zotero, CiteULike and Mendeley which all contain Word plug-ins. If you wish to export and import citations between software packages, use the .ris format. JabRef is open source reference management software that uses BibTeX as its native file format and is therefore used to create references within LaTeX.

1.5   Further information

The Harvard Anglia style included in Microsoft Word is based on Anglia Ruskin University's (2019) Guide to Harvard style of Referencing.

For a printed document, take a look at *Cite Them Right* (Pears and Shields, 2019), copies of which are held at library sites across the University.

If you would like to speak with a member of staff, please use this booking form to book a tutorial with a member of Centre for Academic Success staff, use the booking form on the Moodle site of City South's Personal Development Department or contact a member of library staff by visiting one of the libraries or by using these contact details.

All the sources used in these pages are given in the reference list below (in the BCU Harvard style).

2.   In-text citations

There are several ways to acknowledge your sources: backing up an assertion, quoting, summarising what has been written and critiquing. Further details are given in the publication *Using Sources and Avoiding Plagiarism* on the web page https://icity.bcu.ac.uk/library-and-learning-resources/centre-for-academic-success/study-guides/Writing/112-Using-sources-and-avoiding-plagiarism.

The examples used throughout this document are in red and are aligned to the left.

2.1   Citing an author's name directly in the text

A direct citation uses the author's name with the sentence followed by the year of publication in parenthesis.

The direct citation style is more personal than the indirect style as it often requires the use of a reporting verb to introduce the work by the author, providing an opportunity for critical analysis.

Examples:

Mogra (2016) concludes that most trainee teachers surveyed wanted collective worship to continue, valuing the contribution it makes to spiritual, moral, social and cultural development, as well as contributing to the aims of Every Child Matters.

Stephen-Haynes (2011) describes the ideal properties of a dressing to manage high volumes of exudate.

2.2   Citing an author's name indirectly in the text

To cite a source indirectly, place both the author's name and publication year in brackets at the relevant point in a sentence. Usually this will be at the end.

The indirect citation style can be easier to read than the direct style but it does not afford the same opportunity to provide critical analysis using a reporting verb. Most indirect citations merely back up assertions, indicating a low level of critical analysis.

Examples:

In the UK Joseph Paxton designed the first publicly funded municipal park: Birkenhead Park on Merseyside. Opened in 1847, it inspired Frederick Law Olmsted to design New York's Central Park (Schuyler, 1986) and was the first of many urban parks to be created in Britain's industrial towns and cities. When Birkenhead Park was opened, Manchester had no accessible parks (Conway, 1991); but by the 1920s the city had almost sixty (Lasdun, 1991).

The research was carried out from a social-constructivist perspective with child development seen as a process of guided participation (Rogoff, 2003). It thus adopted a transactional stance towards development that is culturally and historically constructed (Vygotskii, 1978).

2.3   Citing several sources at the same time

Citing directly

If you wish to cite several sources directly which have the same viewpoint put the years in brackets and use normal grammar to separate them, such as "and". For example:

Gazzard (2013) and Wade (2016) focus on the historical scope of British games while Mac Sithigh (2014) and Woodcock (2016) explore contemporary policy and industrial contexts for games within the UK.

Citing indirectly

If you wish to refer to more than one source which has the same viewpoint, list them together at the relevant point in the sentence, putting them in brackets with the author's name, followed by the date of publication and separated by a semi-colon. The sources should be cited in **alphabetical order** in each list, for example:

It is also arguable that nurse education, along with much of higher education generally, is dominated by an instrumentalist ideology (Collini, 2011; Goodman, 2012; Roggero, 2011). This is the first step, acknowledging our 'prejudices'.

2.4   Citing a source with several authors

Citing a source with two authors

When there are two authors for a work, they should be cited in the text separated by 'and', for example:

Eisenhardt and Graebner (2007) show that case studies are a sound means of developing research theory and that a single case study has merit in the development of theories.

The same applies to indirect citations, for example:

The public and private sectors in the USA are collaborating to promote BIM's use (Underwood and Isikdag, 2011). However there is a view that the case for BIM is not totally proven, with the overall effectiveness of BIM utilisation still not completely justified (Jung and Joo, 2010).

Citing a source with three or more authors

With three or more authors use 'et al.' in the text, for example:

Directly:

Image Interactive Technology (IIT) is used by Kim et al. (2007) as the term to describe the use of product viewing functions such as zoom, 3D virtual models and close-up pictures to enhance the consumer's online shopping experience.

Indirectly

Students' mastery goals have been linked with experiencing pleasant emotions such as enjoyment of learning, pride and achievement and being less likely to experience debilitating emotions such as boredom, anger and negative effects (Daniels et al., 2008; Kaplan and Maehr, 1999; Linnenbrink, 2005; Pekrun et al., 2006; Roeser et al., 2002; Turner et al., 1998).

2.	In-text citations

For sources with multiple authors, all the names should be included in the reference list in the order they appear in the document. Use 'and' without a comma to link the last two multiple authors. In your reference list you must include all the authors. Check the multiple authors section for further information.

**2.5	Citing sources by the same author(s) in different years**

If more than one source from the same author(s) illustrates the same point and the works are published in different years, then the citations should be made in chronological order (i.e. earliest first) separated by a semi-colon.

This can be done either directly:

The most prominent normative model is the participatory or discursive model with Jurgen Habermas as its strongest advocate with similar views expressed by Barber (1984; 1996) and others.

Or indirectly:

Over the past decade, a small group of scholars have offered several competing definitions of green criminology, attempting to distinguish it as a unique area of study (Halsey, 2004; 2006; Herbig and Joubert, 2006).

**2.6	Citing sources by the same author(s) in the same year**

 If you are citing several sources published by the same author(s) in the same year, they should be differentiated by adding a lower case letter directly after the year, with no space.

The debate highlights the importance of distinguishing between the motivations of overly enthusiastic gaming and overly addictive gaming (Lemmens et al., 2011a)... This is supported by Lemmens et al.'s (2011b) findings that lower self-esteem, lower social competence and higher loneliness are risk factors for pathological gaming.

If several works published in the same year are referred to on a single occasion, or an author has made the same point in several publications in the same year, they can all be referred to by using lower case letters separated by a semi-colon, for example:

Facebook usage has been measured in several ways including daily time spent on site (Junco 2012a; 2012b; Rosen et al., 2013)...

to cite these two articles:

Junco, R. (2012a) The relationship between frequency of Facebook use, participation in Facebook activities, and student engagement. *Computers & Education*, 58(1), pp. 162-171.

Junco, R. (2012b) Too much face and not enough books: the relationship between multiple indices of Facebook use and academic performance. *Computers in Human Behavior*, 28(1), pp. 187-198.

If you wish to cite several authors with the same surname in the same year **add their initials to the citations**. So for example, if you wish to cite two sources such as:

Mitchell, J. P. (2002) *Ambivalent Europeans: Ritual, memory and the public sphere in Malta*. London: Routledge. and

Mitchell, W. J. T. (2002) *Landscape and Power*. 2nd edn. Chicago: University of Chicago Press.,

then you will have to cite **Mitchell, J. P. (2002)** in the text to distinguish the reference from **Mitchell, W. J. T. (2002)**.

2.7   Citing chapter authors in edited sources

Sources that appear as a chapter (or some other part of a larger work) that is edited should be cited within your text using the name of the contributing author(s), not the editor of the whole work. For example:

Wittich and Simcock (2019) reiterate the need for more specific measurement tools to capture the clinical outcomes of rehabilitation interventions with deafblindness, in order to provide better evidence to guide practice.

In the reference list at the end of your document, you should have one entry which should include details of both the chapter author(s) and the editor(s) of the entire work. For example:

Wittich, W. and Simcock, P. (2019) Aging and combined vision and hearing loss. In: J. Ravenscroft, ed. *The Routledge Handbook of Visual Impairment*. London: Routledge, pp. 438-456.

2.8   Citing institutional authors

If the work is by a recognised institution and has no personal author then it is usually cited under the body that commissioned the work. This applies to publications by charities, associations, companies, government departments, such as the Department of Health, or educational institutions, such as the Royal College of Nursing.

It is acceptable to use standard abbreviations for these bodies, e.g. NHSi, in your text, providing that the full name is given in the first citation with the abbreviation in brackets. For example:

1st citation:

Many health care trusts across the UK have embraced the Productive Ward programme, *Releasing Time to Care*, developed by the NHS Institute for Innovation and Improvement (NHSi) (2009).

2nd citation:

A recent rapid impact assessment of the effectiveness of this programme by the NHSi (2011) in nine participating acute health care trusts identified an increase of 46.1% in direct patient care time.

Both the full name and the abbreviation should then be provided in your reference list. For example:

NHS Institute for Innovation and Improvement (NHSi) (2009) *The Productive Ward: Releasing time to care. Learning and impact review*. London: King's College London.

NHS Institute for Innovation and Improvement (NHSi) (2011) *Rapid Impact of The Productive
        Ward: Releasing time to care.* **Coventry: NHSi.**

Note: there are some exceptions to this where the abbreviations, or initials, form part of the official name, such as the BBC.

Some reports are written by specially convened groups or committees and can be cited by the name of the committee, for example:

The UK Committee on Climate Change (UKCCC) has acknowledged that an overall greenhouse gas emission reduction of greater than 80% by 2050 is required in the built environment (UKCCC, 2010).

A series of corporate governance best practice guides starting with the Cadbury Committee (1992) highlight the important role played by non-executive directors.

These groups would then appear as the institutional authors in the reference list.

2.9   Citing missing or anonymous authors

If the author's name for a source cannot be found and it is clearly not an institutional publication, use "Anonymous" or "Anon." in the text citation. Every effort should be made to establish the authorship if you intend to use this work as supporting evidence in an academic submission. For example, this might appear in the text as:

A nested cohort of 270 patients with a GCS score ≤ 14 from the 2010 CRASH-2 trial demonstrated a reduction in intracranial hematoma growth, focal cerebral ischemia, and mortality in patients given TXA, although none of the results were statistically significant (Anonymous, 2011).

If the author cannot be identified for reasons of confidentiality, use 'Name withheld', see Section 1.4.2 [Maintaining confidentiality](#).

2.10   Citations with no date or an approximate date

If it is not possible to ascertain the date of a source use "n.d.". For example:

Langley (n.d.) advises...

You may wish to question the reliability of the source or find an alternative one which is dated.

If an exact date is not known, an approximate date, followed by a question mark or preceded by "ca." (abbreviation for the Latin word "circa", meaning "approximately") should be supplied. For example:

According to Shahn (ca. 1933-1934) the main...

Every effort should be made to establish the year of publication if you intend to use this work as supporting evidence in an academic submission.

Artistic works may take years to complete. Citations of drawings, paintings and sculpture should include the span of dates over which they were created, for example:

Hodgkin's (1983-1985) sculpture of...

2.11 Including page numbers in citations

It is **compulsory** to include the page number(s) with a **quote** from a source which has numbered pages, such as a book or a journal article. However, some sources, such as websites, do not have numbered pages, in which case page numbers are not required as they do not exist.

Page numbers are optional for other forms of citation. Often they are provided when you wish to emphasise or assist your reader to find a specific extract from a source which you are summarising.

How to cite a page number

The page number(s) should be given after the year, separated by a colon and a space.

For example, for a short quote:

Page and McDonnell (2013: 1157) concluded that "inconsistency over the term used to define holding practices or in describing what the practice involves has a negative impact on practice".

In information systems research, "the major contributions are likely to be in the leading journals" (Webster and Watson, 2002: xvi).

The interview was guided by a set of pre-planned, specific open interview questions, to encourage the athlete to talk about their experiences of their shoulder rehabilitation (Podlog and Eklund, 2009: Appendix C).

and for a long quote:

Srivastava (2007: 54-55) defines Green Supply Chain Management as:

> **integrating environmental thinking into supply-chain management, including product design, material sourcing and selection, manufacturing processes, delivery of the final product to the consumers as well as end-of-life management of the product after its useful life.**

If you include a quotation from an ebook, without page numbers, use the number used by the e-reader as a guide to locating your quotation. For example:

The greatest task of the oppressed is "to liberate themselves and their oppressors" (Freire, 2018: Kindle location 536).

2.12   Quoting

Quoting is a form of citing where you provide text from an external source word for word. If the sources have page numbers then it is compulsory that you provide the relevant page(s) with your quote. This is given after the year, separated by a colon.

There are two styles for quotes according to their length.

Short quotes

Short quotes are up to about 50 words or two sentences. They must be included within double quotation marks, and may be introduced by other text outside the quotation. For example

Andel (1997: 61) stated: "by ignoring the efficient return and refurbishment or disposal of products, many companies miss out a significant return on investment".

Cave (2005: 646) asserts that, "if nurse teachers do not maintain their clinical ability, they will not be able to support their claim in being able to apply theory to current practice".

Qualitative research "is an approach for exploring and understanding the meaning individuals or groups ascribe to a social or human problem" (Creswell, 2014: 4).

Long quotes

Longer quotations are over about 50 words or two sentences and are **indented both left and right** but without the quotation marks.

It may be introduced by a phrase, for example:

Srivastava (2007: 54-55) defines Green Supply Chain Management as:

> integrating environmental thinking into supply-chain management, including product design, material sourcing and selection, manufacturing processes, delivery of the final product to the consumers as well as end-of-life management of the product after its useful life.

It may not require an introductory phrase, for example:

> The *Fitness for Practice Report* (UKCC, 1999) recognised that lecturers and practice staff are required to fulfil a number of roles and functions and they cannot be expected to be experts in them all. Lecturers might specialise in teaching, research or practice and practice staff might specialise in practice management, teaching, assessing or mentoring students... the role of lecturers in the teaching of practice skills needs to be defined (UKCC, 2005: 47–48).

Note: Unless the guidelines require the use of a long quotation this method is not recommended for academic writing. Your lecturer/tutor is more interested in what you have to write rather than reading long quotations.

Quoting plays

Use italics for the titles of plays, poems and literature when you mention them. Do not enclose them in inverted commas: e.g. *Kiss Me Kate; Enigma Variations; Hamlet; Twelfth Night.* Character names do not normally go in italics – Pete, Olivia, Hamlet.

Short quotes of no more than forty words (4 printed lines) should be enclosed in quotation marks and set within the main body of the text. For example:

Much speculation has occurred in regards to the scene when Malvolio imagines he might marry Olivia, *"*there is example for't; the Lady of the Strachy married the yeoman of the wardrobe*"* (Shakespeare, *Twelfth Night,* Act 2 Scene 5 Line Nos. 36-37).

Published plays may contain line numbers, particularly in classic texts such as Shakespeare. If they exist it is good practice to include the line number, but Act and Scene numbers must always be included.

Quoting poetry

For poetry, verse and lyrics, line breaks are marked with an oblique. For example:

"Thou, to whom the world unknown / With all its shadowy shapes is shown; / Who see'st appalled the unreal scene / While fancy lifts the veil between".

A quotation of more than four lines is considered a long quote and should be indented left and right. There is no need to use inverted commas. If you quote more than four lines set out the poem exactly as it appears in the original. For example, in E.E. Cummings *[In Just-]*

<div align="center">

it's

spring

and

the

goat-footed

balloonMan   whistles

far

and

wee

</div>

When quoting dialogue from a dramatic work you need to consider whether the speaking character name is part of the quote. If the speaking character name is part of your quote or if you are quoting dialogue from more than one character, use the long quote form and incorporate the usual blank lines between characters' speeches.

2.13   Citing secondary sources

You may sometimes come across information about another author's work (a primary source) in the work you are reading (a secondary source) which you would like cite in your own work. This is called second hand citing.

If the passage in the secondary source is not a direct quote, it is recommended that, where possible, you read the primary source for yourself rather than relying on someone else's interpretation of it. For this reason it is best to avoid using second hand citing.

Here is an example of how cite a secondary source in-text:

Direct citation:

Ennis (1996, cited in Robinson, 2011) identifies three key critical thinking dispositions.

Indirect citation:

This study uses three critical thinking dispositions: accuracy, honesty and dignity (Ennis, 1996, cited in Robinson, 2011).

Ennis is the primary source being cited but which has not been read. Robinson is the secondary source which contains a summary of Ennis's work. It is important to realise that Robinson may have taken Ennis's ideas forward or altered their original meaning in some way.

If the secondary source contains a direct quote from the primary source then there is no need to mention the secondary source at all. You may quote the primary source using the same information: this is not plagiarism. However, as soon as you use any additional information from the secondary source, such as the same reporting verb, you would need to cite it to avoid plagiarism.

The reference list at the end of your document should only contain works that you have read. For our example, only Robinson's work would appear in the reference list:

Robinson, S. R. (2011) Teaching logic and teaching critical thinking: revisiting McPeck. *Higher Education Research and Development*, 30(3), pp. 275–287.

Note on classical creative work

Sometimes it will be necessary to quote from sources dating from the time of the music, the literature or the play you are writing about. It is unlikely that you will always have access to a facsimile of the original source. Instead, you may either quote from a modern translation of the whole source or from an author who quotes the source in their own book or article. In both cases it will be necessary for you to give your reader details in the text of both the original publication and of the modern source that you have actually used, for example:

Lully may have introduced the flute into the orchestra in 1677 during his performances of his opera *Isis* (Hotteterre, 1707, translated by Douglas, 1983: 24).

Quantz (1752, cited in Donington, 1989: 47) gives his lengthy German account of inequality…

2.14 Citing tables and figures

Citing tables

When reproducing selected data, or copying an entire table or figure, you **mus**t make reference to the source. A reference within the text to a table or figure taken from someone else's work, should include the author and page to enable the reader to identify the data.

All tables should be numbered with an explanatory caption **above** the table using a **centred** format.

You should also refer to the table in your text **before** the table itself.

For example:

Table 1 shows the size of these districts measured in household numbers relative to one another and to Scotland as a whole.

Table 1. Local government districts in Strathclyde, 1973-1996.

District	Number of households in 1991	Household numbers as a proportion of regional total	Household numbers as a proportion of Scotland total
Argyll and Bute	26,775	2.96	1.33
Bearsden and Milngavie	14,748	1.63	0.73
Clydebank	18,629	2.06	0.92
Clydesdale	21,775	2.41	1.08
Cumbernauld and Kilsyth	22,873	2.53	1.13
Cumnock and Doon Valley	16,395	1.81	0.81
Cunninghame	54,011	5.98	2.67
Dumbarton	29,972	3.32	1.48
East Kilbride	31,139	3.45	1.54
Eastwood	23,091	2.56	1.14
Glasgow	289,855	32.09	14.35
Hamilton	39,884	4.42	1.97
Inverclyde	36,015	3.99	1.78
Kilmarnock and Loudon	31,839	3.52	1.58
Kyle and Carrick	45,083	4.99	2.23
Monklands	37,793	4.18	1.87
Motherwell	54,169	6.00	2.68
Renfrew	78,853	8.73	3.90
Strathkelvin	30,440	3.37	1.51
Strathclyde Region	903,339	100.00	44.72
Scotland	2,020,050		100

Source: The Scottish Office (1995) Table B2.

The source in the above example is given at the bottom of the table. If it is not then it should be included in the caption at the top, using the direct style, introduced by the word "Source" and including the page number. For example:

Table 2. Search duration in Strathclyde for new house purchases 1989-1990. Source: Scottish Office (1995: 192).

Time period	Cumulative frequency
<1 week	11.2
<1 month	36.8
<2 months	58.5
<3 months	75.3
<4 months	80.8
<5 months	85.2
<6 months	86.8
<1 year	96.6
<18 months	97.2
<2 years	99.6

You need to include the source in your reference list. In the above example, this would appear as:

Scottish Office (1995) *Local Government in Scotland.* Edinburgh: Scottish Office.

Citing figures

Figures should be labelled and numbered with an explanatory caption and the caption positioned **below** the figure using a **centred** format.

In the text, you should also refer to a figure in the text **before** you reproduce the figure.

Figure 1 shows that 53% of pupils with special needs attend state-funded primary and secondary schools.

For example:
Figure 1. Percentage of pupils with statements of special needs by school type attended in 2011/12. Source: Department of Education (2012: 4).

In the reference list the reference to the figure would appear as:

Department of Education (2012) *Children with Special Educational Needs: An analysis 2012.* Available at: https://www.gov.uk/government/statistics/children-with-special-educational-needs-an-analysis-2012 **[Accessed 7 August 2019].**

If the source of the data is not the author's own, but obtained from another source, it becomes a secondary citation.

2.15   Citing Hansard

Hansard provides a record of proceedings of the UK Parliament in the Chamber of the House of Commons, the sub-chamber in Westminster Hall and House of Commons General Committees.

The BCU Harvard style for citing Hansard conforms to the House of Commons Information Office Factsheet G17 (http://www.parliament.uk/documents/commons-information-office/g17.pdf).

Hansard citations should not be included in your reference list as their citation contains the entire reference.

The word "Hansard" should be provided in italics, then a comma, then the correct Hansard citation format. For more information, see the [Referencing Hansard](#) pages.

Examples:

This was because, as Cameron stated in the House of Commons, "Central government do not, and cannot, have all the answers" (Hansard, HC Deb 24 May 2005 vol 434 c661).

The case of Michael Stone was cited in the debate about the reform of mental health legislation as a key driver (Hansard, HL Deb 10 Jan 2007 vol 688 c299).

It was considered by Lord Irvine, the Lord Chancellor (Hansard, HL Deb 18 November 1997 vol 583 c475) and Home Secretary Jack Straw (Hansard, HC Deb 20 May 1998 vol 312 c981) that Section 8 of the Human Rights Act provides the courts with an effective remedy for any breach of Convention rights.

2.16   Citing religious texts

When citing in the text of your work, convention dictates that you do not use page numbers with religious texts just chapter and verse (with no space after the colon):

Examples of in-text references, including long quotations, are:

In the second half of 1 Corinthians 15.32, Paul thinks into the logic of the denial of resurrection hope, echoing Isaiah 22.13 and following the argument in Wisdom 2.5-11: if there is no future life then the present is to be enjoyed to the full:

> **[32b]If the dead are not raised, 'Let us eat and drink, for tomorrow we die.' [33]Do not be deceived: 'Bad company destroys good habits'.**

The best known Rabbinic statement of the doctrine of the resurrection is a warning dating from the Mishnaic period (AD 70-200):

> **these are the ones who have no share in the world to come: he that says that there is no resurrection of the dead [prescribed in the Law], and he that says the Law is not from Heaven, and an Epicurean. Rabbi Akiba says: Also he that reads the heretical books, or that utters charm over a wound… Abba Saul says: Also he that pronounces the Name with its proper letters (mSanh 10.1).**

The idea that criminal laws and punishment should not be applied retrospectively is considered a basic principle, found in several verses such as: "And nor shall we be punishing until we had sent them an Apostle" (Surat al-Israa 17.15).

As with other sources, if a quotation has been translated into English you need to make it clear whether it is your translation or the work of a translator or a group of translators (who should be given credit in the reference).

3.   Referencing – Style Guide

When writing for publication you must follow the style rules established by the publisher to avoid inconsistencies in journal articles or conference papers. You need to use a consistent system of punctuation and typography throughout the reference list. Each element of a reference should be clearly separated from subsequent elements by punctuation or change of typeface. The following sections provide general guidance on the BCU Harvard Referencing style:

3.1.   Abbreviations

Chapters of Acts	Use **c.**
Editors	Use **ed.** or **eds.**
Edition	Use **edn.** as an abbreviation for edition.
Music/Opus number	Use **No.** for the word number. Use **Op.** for Opus.
Page numbers	Use **p.** for page and **pp.** for pages with a space and then the numbers.
Latin abbreviations	Use **al.** for alia as in **et al.** and **Op.** for Opus.
Publication dates	Use **ca.** for circa in publication dates
Units of time	Use **min., hr., sec.** for units of time of an hour or less.
Metric measurements	Do not use full stops for metric measurements such as **m**, **cm.**

3.2   Capitalization

Capitalize the main words in book titles, journal titles and conference proceedings. Capitalize the titles of all sources that are in italics. Capitalize the first word after a colon with the remaining words after the colon in lower case.

Capitalize the first word in a complete sentence. For journal articles and conference papers, capitalize the first word. Conjunctions, articles and prepositions do not need to be in capitals as they are not main words. Do not capitalize the second word of a hyphenated word.

Capitalize all proper nouns and adjectives, names of Universities and their Departments, Government Departments and trade names.

3.3   Italics

The main title of a source should be in italics in your reference list. The title of contributions such as journal articles, conference papers and chapters of edited books do NOT appear in italics.

The titles of books, periodicals, film, radio and television programmes, social media sources, web sites, visual sources, music and plays or poems should all be in italics in the text of your work

Words within a source that would normally be italicised should be set in normal type for reverse italicization, such as *From Hobbits to Hollywood: Essays on Peter Jackson's* Lord of the Rings.

3.4   Numbers

Use numerals to express numbers.

Use full numbers in page ranges (321-327 not 321-7).

Use ordinal numbers in abbreviated form in superscript such as [nd] or [th] in book editions. Do not include these after the day of the month for dates.

3.5.   Punctuation

Use a space after all punctuation marks. Use a space after all initials in personal names such as **Jackson, C. A.**

Do not use a space after internal full stops in abbreviations, such as **Ph.D., n.d., s.l., DVD** or in timings such as **20:00,** in numbers, such as **1,000** or in scales such as **1:25,000**. Do not use a space in web addresses in the text of your work or in your reference list, such as http://www.bbc.co.uk .

Use full stops to end a complete sentence. Use full stops with initials of names, such as **Jackson, C. A.,** with Latin abbreviations such as **al.** and with reference abbreviations such as **Vol. 1**. Use full stops for time abbreviations such as **min.** or **hr**. Do not use full stops for metric measurements such as **m**, **cm** but do use a full stop for **in**. to avoid confusion.

Do not use a full stop with ordinal abbreviations such as 4th, 3rd etc. Do not use a full stop in abbreviations of state names in reference list entries, such as **NJ**; in capital letter abbreviations such as **BBC, SI, UKCC, HM** or **URL;** or in abbreviations such as **rpm**.

Use a comma to set off the year in indirect citations, such as **(Conway, 1991).** Use a comma to separate groups of three digits in numbers of **1,000** or more.

Use a semi-colon to separate authors in indirect citations such as **(Collini, 2011; Goodman, 2012; Morrall and Goodman, 2012; Roggero, 2011).**

Use a colon in references immediately after the place of publication and then include a space before the publisher's name, such as **London: Faber**. Use a colon after the phrase "Available through" or "Available at" followed by a space before introducing a web page as in section 5.2.7.

Use double quotation marks to enclose quotations in your text as outlined in section 2.12.

Use single quotation marks for the titles of episodes of television series as in section 5.3.19, for names that help to identify a piece of music, for example **[Op. 47 'Kreutzer']**, for the title of individual tracks that have been downloaded as in section 5.4.6 or for the title of individual tracks that have been streamed as in section 5.4.7.

Use round brackets (..) to separate citations in the text of your work as detailed in Section 5. Use round brackets to enclose the publication year when citing directly (see section 2.1) or when introducing an abbreviation, for example **UK Committee on Climate Change (UKCCC).** Use round brackets for issue or part numbers in your reference list. Use round brackets to show you have recognised an inaccuracy in the source by including (sic) in your work as shown in section 4.3. Use round brackets to show series numbers as separate elements of the reference as in section 5.1.12.

Use square brackets [..] to designate the medium of the source. This applies to visual sources, to the formats of reports and to audio-visual material. Use them to supply the format of the music which is being cited and to designate the medium of the archive material. Use square brackets for the translations of titles as in sections 4.3. Use square brackets to indicate the accessed date of a web page as in section 5.2.7. Use square brackets after the title to clarify a title that is ambiguous or fails to indicate clearly the content, for example, **Violin Sonata No. 9 in A Major [Op. 47 'Kreutzer'].** Information such as date, place and publisher not found on the document, but traced from other sources, should be placed in square brackets. For works in another language that have been translated, reference these in the same manner as an English language work but provide a

translation of the title immediately after the original title in square brackets. All of these are illustrated in the example:

Mayer, J. [1995] *Pawitri Naukari [A Sacred Service]: Sacer misisterium.* **Birmingham: [Birmingham Conservatoire].**

3.6   Reference list arrangement and example

Arrange the list of references alphabetically by the author's surname, year and letter (if there is one). For an organisation the first letter of the corporate author is used.

Arrange the list of surnames on a letter by letter basis. Clark, A. will precede Clark. B. However, work on the basis of the completed surname so that Clark, G. precedes Clarke, A. in your reference list even though the latter is ahead of the former in a letter by letter order. Similarly, one author entries precede multiple author entries so that Clark, G. (2008) precedes Clark, G. and Werf, Y. V. D. (1998) even though the latter was published earlier. See section 2.5 for guidance on citing multiple works by the same author and section 2.6 for guidance on citing several sources from the same year by the same author.

If you include an appendix, this should come after the reference list. Works cited in any appendices should still be included in your reference list.

Indent lines after the first line so that the author stands out on the page.

Example reference list

Anonymous (2011) Effect of tranexamic acid in traumatic brain injury: a nested randomised, placebo controlled trial (CRASH-2 Intracranial Bleeding Study). *BMJ***, 343(d3795). Available at:** http://dx.doi.org/10.1136/bmj.d3795**.**

Clark, A. (2004) *Natural-born Cyborgs: Minds, technologies and the future of human intelligence.* **Oxford: Oxford University Press.**

Clark, B. C. and Manini, T. M. (2010) Sarcopenia ≠ dynapenia. *Journals of Gerontology Series A: Biological sciences and medical sciences,* **63(8), pp. 829-834.**

Clark, G. (2008*) A Farewell to Alms: A brief economic history of the world.* **Princeton: Princeton University Press.**

Clark, G. and Werf, Y. V. D. (1998) Work in progress? The industrious revolution. *Journal of Economic History,* **58(3), pp. 830-843.**

Clarke, A. J. (1999) *Tupperware: The promise of plastic in 1950s America.* **Washington: Smithsonian Institution.**

Creswell, J. W. (2007) *Qualitative Inquiry and Research Design: Choosing among five traditions.* **2nd edn. Thousand Oaks, CA: Sage.**

Gibson, D., Aldrich, C. and Prensky, M., eds. (2007) *Games and Simulations in Online Learning: Research and development frameworks.* **Hershey, PA: Information Science Publishing.**

HM Government (2010) *The Coalition: Our programme for government.* [pdf] London: Cabinet Office. Available at: https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/78977/coalition_programme_for_government.pdf [Accessed 7 June 2013].

Linn, R. L., ed. (1989) *Educational Measurement.* 3rd edn. New York: MacMillan.

Miller, S. (2006a) *The Flemish Masters.* London: Phaidon.

Miller, S. (2006b) *Rubens and His Art.* London: Killington Press.

Mitchell, J. P. (2002) *Ambivalent Europeans: Ritual, memory and the public sphere in Malta.* London: Routledge.

Mitchell, W. J. T. (2002) *Landscape and Power.* 2nd edn. Chicago: University of Chicago Press.

NHS Trust (2017) *Disciplinary Policy.* NHS Trust name withheld.

Quantz, J. J. (1752) *Versuch einer Anweisung die Flöte Traversière du Spielen [On Playing the Flute].* 2nd edn. Translated by Edward R. Reilly, 1985. London: Faber and Faber.

Robinson, S. R. (2011) Teaching logic and teaching critical thinking: revisiting McPeck. *Higher Education Research and Development,* 30(3), pp. 275–287.

School A (Name withheld) (2018) *School A's Sex Education Policy.* Available at: (URL withheld) (Accessed 19 December 2018).

United Kingdom Central Council for Nursing, Midwifery and Health Visiting (UKCC) (1999) *Fitness for Practice: The UKCC Commission for Nursing and Midwifery Education.* London: UKCC.

Wittich, W. and Simcock, P. (2019) Aging and combined vision and hearing loss. In: J. Ravenscroft, ed. *The Routledge Handbook of Visual Impairment.* London: Routledge, pp. 438-456.

4.   Reference list data order

The sequence of data in the reference list in the BCU Harvard style is consistent with the British Standard BS ISO 690:2010. This standard is governed by some basic principles. It states that the preferred sequence is:

1. Name(s) of creator(s)
2. Date
3. Title
4. Medium designation
5. Edition
6. Subsidiary creators or translators
7. Publication details (place and publisher)
8. Series
9. Numeration
10. Standard identifier(s)
11. Availability and accessed information
12. Additional general information

Each of these will now be considered.

4.1   Creators

Authors

Take the information regarding the author from the source itself. Only use the initials of the author. Use the surname first followed by their initials. For subsidiary authors such as composers, illustrators and translators, use the full name in the style: first name last name. For editors use their initials followed by their surname.

Use 'and' to separate the penultimate and last item in a list of authors not &.

List the prefixes Mc and Mac on a letter-by-letter basis so that McDonald appears after MacDonald and after MacMullan but before McMullan.

Secondary elements should follow the practice of the nation to which the author belongs, for example:

De Freitas, S.	English
De Bono, E.	English-speaking
Bruijn, N. G. de	Dutch
Van de Velde, S.	Dutch
Caix d'Hervelois, L. de	French
Weber, C. M. von	German
Cavalieri, Emilio de	Italian
Victoria, T. L. de	Spanish

Additions to names indicating rank in a family, title, office or status may be retained or supplied to distinguish authors with the same names. Two examples by the same author are these:

McGwin, G. Jr and Brown, D. B. (1999) Characteristics of traffic crashes among young, middle-aged, and older drivers. *Accident Analysis & Prevention*, 31(3), pp. 181-198.

Stannard, J. P., Volgas, D. A., McGwin, G III, Stewart, R. L., Obremskey, W., Moore, T. and Anglen, J. O. (2012) Incisional negative pressure wound therapy after high-risk lower extremity fractures. *Journal of Orthopaedic Trauma*, 26(1), pp. 37-42.

In the one case the advice given was to find out the author's first name from external sources but to acknowledge his title in this example:

Carter, [P.] (2016) *Operational Productivity and Performance in English NHS Acute Hospitals: Unwarranted variations. An independent report for the Department of Health by Lord Carter of Coles.* [pdf] Available at: https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/499229/Operational_productivity_A.pdf [Accessed 20 December 2017].

Names of authors should be taken from the title page or equivalent or the reverse of the title page. They should be given in the form in which they appear. Although there are several naming conventions across the world, this guidance follows the advice contained in *Cite Them Right* (Pears and Shields, 2019: 18-20) placing the family name first in the citation followed by the initials of the given names. Further guidance is given in that publication for Arabic, Burmese, Chinese, Indian, Japanese, Malaysian, Portuguese, Spanish, Thai and Vietnamese names. If the author's name appears in a non-Roman alphabet it can be transliterated (see Title or you may need to include additional general information).

Multiple authors

For sources with multiple authors, all the names should be included in the reference list in the order they appear in the document. Use 'and' without a comma to link the last two multiple authors. In your reference list you must include all the authors. However, some articles contain large numbers of authors. For example, the July 2012 discovery of a particle consistent with the Higgs-Boson was reported in articles by the ATLAS collaboration (>3000 authors) and the CMS collaboration (>3800 authors). For the BCU Harvard style, list the first 10 authors and then use et al. after the tenth. For example:

Haagsma, J. A., Olij, B. F., Majdan, M., van Beeck, E. F., Vos, T., Castle, C. D., Dingels, Z. V., Fox, J. T., Hamilton, E. B., Liu, Z. et al. (2020) Falls in older aged adults in 22 European countries: incidence, mortality and burden of disease from 1990 to 2017. *Injury Prevention,* in press. Available at: http://dx.doi.org/10.1136/injuryprev-2019-043347.

Multiple works in the same year by the same author

Where there are several works by one author and published in the same year they should be differentiated by **adding a lower case letter after the date**. Works in the same year by the same author should be displayed **in the order referenced in your work** with the earliest first. For example:

Yardley, E. and Wilson, D. (2015a) *Female Serial Killers in Social Context: Criminological institutionalism and the case of Mary Ann Cotton.* Bristol: Polity Press.

Yardley, E. and Wilson, D. (2015b) Making sense of 'Facebook murder'? social networking sites and contemporary homicide. *The Howard Journal of Criminal Justice*, 54(2), pp. 109-134.

For citing multiple works in the same year by the same author see section 2.6.

Editors

Editors are treated the same as authors except that ed. or eds. is put after the editor or editors name(s), separated by a comma. For example:

Clapson, M. and Larkham, P. J., eds. (2013) *The Blitz and Its Legacy: Wartime destruction to post-war reconstruction.* Farnham: Ashgate.

McGee, P., ed. (2009) *Advanced Practice in Nursing and the Allied Health Professions*. 3rd edn. Chichester: Wiley-Blackwell.

For references to the work of an author that appears as a chapter, or part of a larger work, that is edited by someone else see section 4.6 Subsidiary creators or translators.

Institutional authors

If the work is by a recognised organisation and has no personal author then it is usually cited under the body that commissioned the work. This applies to publications by associations, companies, and Government Departments such as the Department of Health or institutions such as the NHS Institute for Innovation and Improvement (NHSi).

Note that the full name is the preferred format in the references list followed by the abbreviation in brackets. Your list should provide the full name, for example:

NHS Institute for Innovation and Improvement (NHSi) (2009) *The Productive Ward: Releasing time to care. Learning and impact review*. London: King's College London.

Note: There are some exceptions to this where the abbreviations or initials form part of the official name, such as the BBC.

For citing institutional authors see section 2.8 Institutional authors.

Title first

For certain sources (e.g. market research reports, encyclopaedias) or if an item is the co-operative output of many individuals, none of whom has a dominant role as creator (e.g. films, radio and television programmes), the title should be used instead of a creator.

Works with no author

If the author cannot be identified, use '**Anonymous**' or '**Anon.**' in the text of your work, for example:

A nested cohort of 270 patients with a GCS score ≤ 14 from the 2010 CRASH-2 trial demonstrated a reduction in intracranial hematoma growth, focal cerebral ischemia, and mortality in patients given TXA, although none of the results were statistically significant (Anonymous, 2011).

Every effort should be made to establish the authorship if you intend to use this work as supporting evidence in an academic submission.

4.2   Date

The date of publication should be included after the author's surname and initials followed by a full stop. If there are a number of different reissues or reprints of the item, give the earliest date of the edition you are referring to, for example, if the information in the book reads "1989 reprinted in 1990, 1992, 1995, 1996, 2000" give 1989.

Artistic works may take years to complete. References to drawings, paintings and sculpture often include a span of dates, for example: **Hodgkin, H. (1983-85)**.

The date recorded should reflect the specific instance, edition or version that you have used. For web pages this means you must include the date that you accessed the page and the specific URL that you used. If an exact date is not known, you should supply an approximate date, followed by a question mark or preceded by "ca."(circa) for example: **Shahn, B. (ca. 1933-34)**.

Every effort should be made to establish the year of publication if you intend to use this work as supporting evidence in an academic submission.

If it is not possible to ascertain the date use n.d., for example: **Langley (n.d.) advises…**

You may wish to question the reliability of the source or find an alternative which is dated.

Normally the year is sufficient, but for some kinds of items (e.g. online resources, newspapers, press releases, television images), you will need to include the month and day, and sometimes the time.

For audio-visual materials cited from a transmission rather than from the physical item, the date and time of transmission and the transmitting organization should be given,

4.3   Title

The title should be copied from the item itself if possible and should be in italics. Include the sub-title separated from the title by a colon.

You can supply further information in square brackets after the title to clarify a title that is ambiguous or fails to indicate clearly the content, for example: **Violin Sonata in A Major [Op. 47 'Kreutzer'].**

Capitalise the main words in book titles, journal titles and conference proceedings. Capitalise the titles of all sources that are in italics. Capitalise the first word after a colon in all these instances.

For journal titles, use the title from the front cover or the electronic version. Capitalise the first letter of each word except for the linking words and put in italics.

The titles of journal articles or chapters in a book with an editor should not be put in italics.

If there is a mistake in the title (and you do not wish the reader to think that you cannot spell) put the word sic (= thus) in square brackets and italicised after the word(s) for example:

Bruce, A. J., Beard, K. W., Tedford, S., Harman, M. J., and Tedford, K. (1997) African Americans' and Caucasian Americans' recognition and likability [*sic*] responses to African American and Caucasian American faces. *Journal of General Psychology*, 124(2), pp. 143–156.

For works in another language that have been translated into English, reference these in the same manner as an English language work but provide a translation of the title immediately after the original title in square brackets.

For example:

Cicero (1972) *De Natura Deorum* [*The Nature of the Gods*]**. Translated by Horace C. P. McGregor. London: Penguin.**

Quantz, J. J. (1752) *Versuch einer Anweisung die Flöte Traversière du Spielen* [*On Playing the Flute*]**. 2nd edn. Translated by Edward R. Reilly, 2001. London: Faber and Faber.**

For works in another language that have not been translated, take the title from the item itself and follow the guidelines. For a journal article that is only available online, for example:

Sodré, J. R., Costa, R. C. and Da Silva, R. H. (2008). Efeitos do comprimento do conduto de admissão na performance de um motor de combustão interna. *I Jornada Científica e VI FIPA do CEFET Bambuí.* **Available at: https://www.bambui.ifmg.edu.br/jornada_cientifica/str/artigos_aprovados/Area%20de%20Mecanica/28-PT-2.pdf [Accessed 02 August 2017].**

4.4   Medium

Apart from printed sources and websites you should provide information about the nature of the information resource and/or the form in which it is made available. All formats should start with a lower case letter apart from capitalized abbreviations and proper nouns.

The formats used in these guidelines are:

[archive]	[audio stream]
[black and white print]	[blog]
[Blu-ray]	[bronze]
[CD]	[DVD]
[documentary extra]	[e-book]
[electronic download]	[e-reader edition]
[exhibition]	[exhibition catalogue]
[feature film]	[game]
[gelatin silver print]	[illustration]
[installation]	[Kindle edition]
[manuscript]	[marble]
[oil on canvas]	[oil on panel]
[oil on wood]	[pdf]
[performance]	[photograph]
[podcast]	[poster]
[radio programme]	[sculpture]
[television programme]	[theatre programme]
[video]	[vinyl]
[vocal score]	[vodcast]

4.5   Edition

Cite the specific edition of the work you are using, for example: **6th edn.**

There is no need to cite the first edition.

4.6   Subsidiary creators

You should include the name of any editor, translator or other person who has collaborated in the production of a source after the title with an indication of their role. You can include their first name in full if this is given. This will help to identify a particular source and should be included so that the relation between that role and the whole source is clear, for example:

Bram Stoker's Dracula. [feature film] Directed by Francis Ford Coppola. Columbia Tristar/American Zoetrope/Osiris, USA, 1992. 120 mins.

Britten, B. (2012) *War Requiem.* Erin Wall (soprano), Mark Padmore (tenor), Hanno Müller-Brachmann (baritone), City of Birmingham Symphony Orchestra, CBSO Chorus and Youth Chorus, Andris Nelsons (conductor). [Blu-ray] Recorded at Coventry Cathedral, 30 May 2012. (Arthaus Musik GmbH 108 070).

Geminiani, F. (1751) *The Art of Playing on the Violin.* Facsimile edition (1952). Edited by David D. Boyden. Oxford: Oxford University Press.

Monteverdi, C. (1999) *Vespers (1610).* Edited by Jeffrey Kurtzman. Oxford: Oxford University Press.

Shakespeare, W. (2004) *The Two Gentlemen of Verona.* Edited by William C. Carroll. London: Arden Shakespeare.

For references to the work of an author that appear as a chapter, or part of a larger work, that is edited by someone else, include details of both the chapter author and the editor(s) of the entire work, using the initial(s) before the editor's surname. For example:

Archer-Parre, C. (2020) Private pleasures and portable presses: do-it-yourself printers in the eighteenth-century. In: C. Archer-Parre and M. Dick, eds. *Pen, Print and Communication in the Eighteenth century.* Liverpool: Liverpool University Press, pp. 89-106.

Wittich, W. and Simcock, P. (2019) Aging and combined vision and hearing loss. In: J. Ravenscroft, ed. *The Routledge Handbook of Visual Impairment.* London: Routledge, pp. 438-456.

Multiple editions

If a new edition or updated version of a source is produced by a new creator, the name of the first creator should be used if it still appears as a creator in the source. You will need to acknowledge the work of the new creator by taking the information from the title page and making it clear their contribution, for example:

Burnett, C. W. F. (1979) *The Anatomy and Physiology of Obstetrics: A short textbook for students and midwives.* 6th edn. Revised by Mary M. Anderson. London: Faber.

Stroud, K. A. (2011) *Advanced Engineering Mathematics.* 5th edn. With additions by Dexter J. Booth. Basingstoke: Palgrave Macmillan.

Translated sources

As with subsidiary creators, the reference should include details of the translator, annotator and editor, as appropriate. Include their full name in the format first name last name, for example:

Boal, A. (1995) *The Rainbow of Desire: The Boal method of theatre and therapy*. **Translated by Adrian Jackson. London: Routledge.**

Derrida, J. (2002) The animal that therefore I am (more to follow). Translated by David Wills. *Critical Inquiry*, **28(2), pp. 369-414.**

Le Corbusier (2007) *Journey to The East*. **2nd edn. Edited, annotated and translated by Ivan Zaknic. Cambridge, MA: MIT Press.**

For major works of historic significance, the date of the original work may be included along with the date of the translation:

Spinoza, B. (1677) *The Ethics*. **Translated by R. H. M. Elwes, 1989. New York: Prometheus Books.**

4.7   Place of publication and publisher

You must include the place where the item was published, followed by a colon, space and then the publisher. For larger, well-known places, the place name alone may be given. For smaller places, a qualifier should be added (e.g. county, department, state, province, country) to the place name. It is sensible to include a qualifier to distinguish locations, for example:

Walcott, R. (2010) *Black Like Who?: Writing black Canada*. **2nd edn. London, Ontario: Insomniac Press.**

In the example above, London, Ontario is included to distinguish it from London, England.

Abbreviations are used for US states based on the listing in BS EN ISO 3166: Part 2 and are listed in upper case, for example: **Upper Saddle River, NJ: Prentice Hall** or **Indianapolis, IN: Cisco Press.**

Use the *catalogue* to check if in doubt. If there is more than one city of publication given on the title page, choose the first one listed, for example, for "**Oxford London New York Hong Kong**"**, choose 'Oxford'.**

Occasionally you may not be able to find out the place of publication in which case use s.l. (sine loco: without place). This is increasingly the case where authors have chosen to self-publish their work, for example:

Price, T.J. (2014) *Environmental Management Systems: An easy to use guide to boosting your organization's environmental performance*. **3rd edn. s.l.: CreateSpace.**

In certain instances you may find that there is no obvious publisher in which case use s.n. (sine nomine, without name). This is particularly the case with musical scores, for example:

Coccioli, L. (2004) *Flectar: For trombone and live electronics*. **s.l.: s.n.**

Information such as date, place and publisher not found on the document, but traced from other sources, should be placed in square brackets. For works in another language that have been translated, reference these in the same manner as an English language work but provide a

translation of the title immediately after the original title in square brackets. All of these are illustrated in the example:

Mayer, J. [1995] *Pawitri Naukari [A Sacred Service]: Sacer misisterium***. Birmingham: [Birmingham Conservatoire].**

4.8   Series

It can be helpful to include further details to identify an item, especially if it is a technical report, Government or European Commission publication. Add the details in round brackets after the place of publication, for example:

Berry, C. and McCarthy, S. (2011) *Guide to Sustainable Procurement in Construction.* **London: CIRIA (CIRIA C695).**

4.9   Numeration: issue information

The components of an item should be cited in the terms used in that source, with the larger order first, for example:

Children Act 1989, Sch. 1 para. 5.

For journal articles you need to include: volume number followed by issue or part number in round brackets, followed by season or date if this is needed to identify the article. You can leave out the term "volume" and terms for smaller components of a serial publication, for example: **30(3), pp. 275–287.**

Microsoft Word differentiates between journal articles and articles in a periodical, by which it means trade magazines and newspapers where the month or the date of the publication is needed to identify the source.

4.10   Standard identifiers

ISBNs are not included in references, largely because there are different ISBNs for paperback, hardback and international editions and different ISBNs for electronic books. However, there is a trend in academic articles to include the Digital Object Identifier [DOI] as this uniquely identifies the online resource. **You may need to add http://dx.doi.org ahead of the number to make sure that the link works**, for example:

Available at: http://dx.doi.org/10.1089/cpb.2007.0056.

If you use a DOI there is no need to include the accessed date as the DOI is the permanent identifier for the source.

4.11   Availability and accessed information

Try to find an author or a corporate author for a document from a web site. You must include the full URL as it appears in the address bar to enable users to retrieve the source.

Include the date you accessed the web page in square brackets. This is especially important when Government departments change. In the example below the web page was moved from the Department of Health web site to the secure web site https://www.gov.uk:

Available at: https://www.gov.uk/government/publications/giving-people-control-of-the-health-and-care-information-they-need [Accessed 20 February 2013].

Note: For online journal articles you do not need to provide an accessed date if you give a DOI as DOIs are permanent.

4.12   Additional general information

Size

For visual sources especially, size is usually included in the reference, for example:

Codagnone, A. (1993) *Poster for ACT UP, New York***. [poster] 11 x 8.5 in. (27.9 x 21.6 cm). Courtesy the artist.**

If the source is in a non-Roman script, provide a translation in English and make it clear that the source you have used is not in English.

For a web page, for example, the required elements would appear as:

For example:

The Central People's Government of the People's Republic of China (2008) *White Paper on China's Drug Supervision***. [in Chinese]. Available at: http://www.gov.cn/jrzg/2008-07/18/content_1048848.htm [Accessed 21 August 2019].**

For books, an example is:

Xu, Y. (2009) *IPv6 In-depth Analysis.* **[in Chinese]. Tsinghua: Tsinghua University Press.**

For articles, an example is:

Guoyu, T. and Dalong, Z. (2017) Interpretation of clinical practice guidelines and expert consensuses for the evaluation and management of diabetic kidney disease at home and abroad. [in Chinese]*. Chinese Journal of Practical Internal Medicine,* **37(3), pp. 211-216.**

5.   Referencing:

5.1   Referencing printed books and reports

5.1.1   A printed book

In a book, the referencing details will normally be found on the title page or back of the title page or equivalent. Use the title page, not the book cover, for the reference details. Only include the edition where it is not the first. A book with no edition statement is most commonly a first edition. The required elements for a book reference are:

To reference a first edition, for example:

Cox, S. A. (2014) *Managing Information in Organizations: A practical guide to implementing an information management strategy.* **Basingstoke: Palgrave MacMillan.**

Nulman, E. (2015) *Climate Change and Social Movements: Civil society and the development of national climate change policy.* **Basingstoke: Palgrave MacMillan.**

Rahman, M. (2019) *Homicide and Organised Crime: Ethnographic narratives of serious violence in the criminal underworld.* **Cham, Switzerland: Palgrave MacMillan.**

Roberts, D. (2014) *Restoration Plays and Players: An introduction.* **Cambridge: Cambridge University Press.**

For other editions, put the number of the edition followed by the word 'edn.', for example:

Bradshaw, P. (2017) *The Online Journalism Handbook: Skills to survive and thrive in the digital age.* **2nd edn. Abingdon: Routledge.**

Wall, T. (2013) *Studying Popular Music Culture.* **2nd edn. London: Sage.**

Examples with multiple authors:

Awan, I., Spiller, K. and Whiting, A. (2019) *Terrorism in the Classroom: Security, surveillance and a public duty to act.* **Cham, Switzerland: Palgrave MacMillan.**

Cleaver, E., Lintern, M. and McLinden, M. (2018) *Teaching and Learning in Higher Education: Disciplinary approaches to educational enquiry.* **2nd edn. London: Sage.**

Gale, C. and Kaur, J. (2004) *Fashion and Textiles: An overview.* **Oxford: Berg.**

Harvey, M. and Land, L. (2017) *Research Methods for Nurses and Midwives: Theory and practice.* **London: Sage.**

Examples with corporate authors:

Landscape Institute (2003) *Guide to Procedure for Competitive Tendering.* **London: Landscape Institute.**

Royal Institution of Chartered Surveyors (RICS) (2005) *Building Surveys and Inspections of Commercial and Industrial Property.* **3rd edn. Coventry: RICS Business Services.**

Please see the additional guidance in [section 4.6](#) for books which have been translated and in section 5.1.2 below for books which have been edited.

5.1.2 An edited book

For books which are edited give the editor(s) surname(s) and initials, followed by **ed. (for one editor)** or **eds. (for more than one editor)**.

The required elements for a reference are:

Editorship, ed./eds. → (Year) → *Title.* → Edition. (if not first) → Place of publication: → Publisher.

For example:

Clapson, M. and Larkham, P. J., eds. (2013) *The Blitz and Its Legacy: Wartime destruction to post-war reconstruction.* **Farnham: Ashgate.**

Cooper, S. L., ed. (2014) *Controversies in Innocence Cases in America.* **Farnham: Ashgate.**

Denny, E. and Earle, S., eds. (2009) *Sociology for Nurses.* **2nd edn. Cambridge: Polity.**

Hussain, J. G. and Scott, J. M., eds. (2015) *Research Handbook on Entrepreneurial Finance.* **Cheltenham: Edward Elgar.**

Peel, E. and Goudkamp, J., eds. (2015) *Winfield and Jolowicz on Tort.* **19th edn. London: Sweet & Maxwell.**

Classic works of literature will be edited and you will need to acknowledge the edition that you are using for quotations. Where a particular edition is crucial to the argument, although the author remains the same, the contribution of the editor needs to be acknowledged. The requirement to use the date of publication of the edited work leads to anachronisms in the list of references. For example:

Joyce, J. (1990) *Occasional, Critical and Political Writing.* **Edited by Kevin Barry. Oxford: Oxford University Press.**

Joyce, J. (1984) *Ulysses: A critical and synoptic edition.* **Prepared by Hans Walter Gabler with Wolfhard Steppe and Claus Melchior. 3 vols. New York: Garland Publishing.**

Shakespeare, W. (2004) *The Two Gentlemen of Verona.* **Edited by William C. Carroll. London: Arden Shakespeare.**

Shakespeare, W. (2005) *The Two Gentlemen of Verona.* **Edited by Norman J. Sanders and Stanley W. Wells. New edn. London: Penguin.**

Shakespeare, W. (2012) *The Two Gentlemen of Verona.* **Edited by Kurt Schlueter. Updated edn. Cambridge: Cambridge University Press.**

For translated items, see the advice in [section 4.6](#) Subsidiary creators.

5.1.3   A chapter in an edited book

For chapters of edited books the required elements for a reference are:
For example:

Aubrey, C., Blackburn, C., Jones, C. and Lowe, R. (2017) The regulated child. In: A. Owen, ed. *Childhood Today*. London: Sage, pp. 61-73.

Lewis, D., O'Boyle-Duggan, M. and Poultney, S. (2017) Communication skills education and training in pre-registration BSc Nursing. In: D. W. Kissane, B. D. Bultz, P. N. Butow, C. L. Bylund, S. Noble and S. Wilkinson, eds. *Oxford Textbook of Communication in Oncology and Palliative Care*. 2nd edn. Oxford: Oxford University Press, pp. 149-154.

Smallwood, P. (2012) The classical critics. In: D. Hopkins and C. Martindale, eds. *The Oxford History of Classical Reception in English Literature, Volume 3: 1660-1790*. Oxford: Oxford University Press, pp. 361-400.

Vaughan, S. (2019) Art and sonic mining in the archives: methods for investigating the wartime history of Birmingham School of Art. In: J. Crutchley, S. Parker and S. Roberts, eds. *Sight, Sound and Text in the History of Education*. London: Routledge, pp. 75-90.

An in-text reference for these would only provide the author's name, not the editor's.

5.1.4   A play or a poem

The required elements of a reference are:

Examples:

Miller, A. (1968) *The Crucible: A play in four acts.* Harmondsworth: Penguin.

Hare, D. (2000) *My Zinc Bed.* London: Faber and Faber.

A classic play or poem

Classic plays are available in edited editions and the editor's name should be included with your reference.

The required elements for a reference are:

For example:

Shakespeare, W. (1995) *Twelfth Night or What You Will.* **Edited by Roger Warren and Stanley Wells. New edn. Oxford: Clarendon Press.**

5.1.5   A religious text

When you are quoting from a sacred text, only cite chapter and verse (see section 2.16) but give details of which version of the sources you have used. The elements for a citation are:
Examples:

***The Holy Bible, Containing the Old and New Testaments with the Apocryphal/Deutero-canonical Books: New revised standard version* (1989) Oxford: Oxford University Press.**

***The Mishnah, Translated from the Hebrew with Introduction and Brief Explanatory Notes* (1933) Edited and translated by Herbert Danby. Oxford: Oxford University Press.**

***The Holy Qur'an* (1994) Kuala Lumpur: Islamic Book Trust.**

You need to specify the specific translation or version of the text that you are using for your citation.

5.1.6   A journal article

You will almost certainly be accessing journal articles online. However, you do not need to include any information about how you obtained an article or its location, as long as you include the required elements: authors, year, article title, journal title, volume, issue and page numbers. **Where a journal article has page numbers, do NOT include URL or available at.** Increasingly authors are providing, and publishers are requiring you to include, a DOI but this is by no means universal.

The authorship should include all the surnames of the authors of the journal article unless there are more than 10.

Examples:

Aubrey, C., Ghent, K. and Kanira, E. (2012) Enhancing thinking skills in early childhood. *International Journal of Early Years Education***, 20(4), pp. 332-348.**

Harvey, L. and Green, D. (1993) Defining quality. *Assessment & Evaluation in Higher Education***, 18(1), pp. 9-34.**

Hussein, A., Gaber, M. M., Elyan, E. and Jayne, C. (2017) Imitation learning: a survey of learning methods. *ACM Computing Surveys*, 50(2), pp. 1-35.

Page, A. and McDonnell, A. (2013) Holding children and young people: defining skills for good practice. *British Journal of Nursing*, 22(20), pp. 1153-1158.

Parn, E. A., Edwards, D. J. and Sing, M. C. P. (2017) The building information modelling trajectory in facilities management: a review. *Automation in Construction*, 75, pp. 45-55.

Yardley, E., Wilson, D., Kemp, D. and Brookes, M. (2015) Narrative beyond prison gates: contradiction, complexity and reconciliation. *International Journal of Offender Therapy and Comparative Criminology,* 59(2), pp. 159-179.

Some articles contain large numbers of authors. For example, the July 2012 discovery of a particle consistent with the Higgs-Boson was reported in articles by the ATLAS collaboration (>3000 authors) and the CMS collaboration (>3800 authors). The BCU Harvard style requires you to list the first 10 authors and then use et al. after the tenth. For example:

Smith, I. L., Brown, S., Nixon, J., Cowdell, F. C., Ersser, S., Fernandez, C., Goodfield, M., Green, C. M., Hampton, P., Lear, J. T. et al. (2016) Treatment of severe, chronic hand eczema: results from a UK-wide survey. *Clinical and Experimental Dermatology*, 42(2), pp. 185-188.

You may wish to cite letters to the editor which function as comment on previous articles and appear in certain journals. Simply add 'letter to the editor' after the title as in this example:

Chang, B. P., Carter, E., Ng, N., Flynn, C. and Tan, T. (2018) Association of clinician burnout and perceived clinician-patient communication: letter to the editor. *American Journal of Emergency Medicine*, 36, pp. 156–158.

Some peer-reviewed academic journals, newsletters and magazines are only available as online journals and have no print equivalents. Please use the guidance in section 5.2.2.

5.1.7 A magazine article

The required elements you need are the same as for an academic journal article:

However, you may not find a volume number and the issue numbers may well relate to a weekly, monthly or seasonal issue, for example:

Blackburn, C. (2017) Developmental risk for children born prematurely. *Early Years Educator*, 18(12), pp. 32-34.

Dingle, C. (2009) All creatures great and small. *BBC Music Magazine*, July, pp. 30-33.

McLean-Ferris, L. (2010) Misty boundaries fades and dissolves. *Art Review*, 41, p. 117.

Moore, K. (2011) From technology towards ideas. '*Scape: the International Magazine for Landscape Architecture and Urbanism*, April, p. 7.

Simcock, P. and Manthorpe, J. (2018) Social work and CJD: updating the guidelines. *CJD Support Network Newsletter*, 27, pp. 10-11.

5.1.8   A printed newspaper article

Students and University researchers are more likely to find newspaper articles from online sources such as Nexis, 19th Century British Library newspapers or UKPressOnline. However, for newspaper articles you will need to include the day and month to identify the article. The required elements for a reference are:

For example:

Dingle, C. (2008) Sin isn't interesting. I prefer flowers. *The Guardian: Film & music*, 29 August, p. 15.

In the above example, where the page numbers of a section or supplement are the same as the main body of the newspaper, the section or supplement of the newspaper is included as a sub-title.

For reviews of plays or musical performances include the reviewer's name, the director's details and the location of the production. For example:

Laws, R. (2016) Those star-cross'd lovers are looking rather peaky!; students give bard's play a brummie makeover. Review of *Macbeth - Kill Bill Shakespeare*, an adaptation of Macbeth by Malachi Bogdanov. Crescent Theatre, Birmingham. *Birmingham Evening Mail*, 20 February, p.6.

Where no author is given, use the title of the newspaper in the text of your work, for example:

Researching and producing costumes for historical productions takes time, particularly if starting afresh. As an example, it took an inexperienced fashion designer five months to create two themed costumes for a *Les Miserables* production (Northampton Evening Telegraph, 2013).

The reference would then appear as:

Northampton Evening Telegraph (2013) Young designer's *Les Miserables* outfits go on show, 15 August, p. 35.

The name of the newspaper appears in italics in the reference list.

5.1.9   A conference proceedings

The required elements for the entire proceedings of a conference are:

For example:

British Society of Criminology (2018) *Transforming Criminology: Rethinking crime in a changing world.* **British Society of Criminology 2018 Annual Conference. Birmingham, UK, 3-6 July 2018. Birmingham: Birmingham City University.**

Jankovic, L., ed. (2016) *Zero Carbon Buildings Today and in the Future - Proceedings of the 2nd International Conference.* **Birmingham, UK, 8-9 September 2016. Birmingham: Birmingham City University.**

5.1.10 A conference paper

Papers presented at conferences are a particular feature of references in computing, telecommunications and networking articles. However, there is considerable variability in the format of conference papers that appear as references in academic articles. Use the Download citation option if you are using IEEE Xplore and remove the URL and DOI (Digital Object Identifier) if these are given.

The required elements for a conference paper are:

For example:

Bull, P., Austin, R., Popov, E., Sharma, M. and Watson, R. (2016) Flow-based security for IoT devices using an SDN gateway. In: *Proceedings of the 4th IEEE International Conference on Future Internet of Things and Cloud (FiCloud).* **Vienna, Austria, 22-24 August 2016. Piscataway, NJ: IEEE, pp. 157-163.**

Hardman, M., Larkham, P. J., Curzon, R and Lamb, J. (2011) Considering the impact of illegal food cultivators: a critical exploration of guerrilla gardening and the 'local trap'. In: *Proceedings of the Salford Postgraduate Annual Research Conference (SPARC).* **Salford, 8-9 June 2011. Salford: University of Salford, pp 289-299.**

Jillings, N., Wang, Y., Reiss, J. and Stables, R. (2016) JSAP: a plugin standard for the web audio API with intelligent functionality. In: *Proceedings of the 141st Audio Engineering Society Convention.* **Los Angeles, 29 September - 2 October 2016, ebrief 301.**

For articles in conference proceedings available online, please see section 5.2.4.

5.1.11 A printed report

For reports which are only available in printed format the required elements for a reference are the same as for a book:
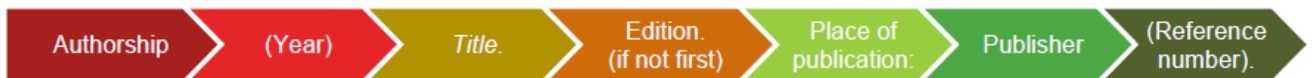

For example:

Harvey, S., McMahon, L. and Liddell, A. (2007) *Windmill 2007: The future of health care reforms in England.* **London: The King's Fund.**

Underwood, J., Baguley, T. S., Banyard, P., Coyne, E., Farrington-Flint, L. and Selwood, I. (2007) *Impact 2007: Personalising learning with technology. Final report.* **Coventry: British Educational Communication and Technology Agency.**

5.1.12 A technical report

For technical reports, the reference number should also be provided in brackets after the publisher:

Publications available through the Construction Information Service by CIRIA, BSRIA, RIBA etc. usually have an author which you should use. If there is no clear author, use the name of the organization from the title page, for example:

Berry, C. and McCarthy, S. (2011) *Guide to Sustainable Procurement in Construction.* **London: CIRIA (CIRIA C695).**

Concrete Society (2016) *Concrete Industrial Ground Floors: A guide to design and construction.* **4th edn. Camberley: Concrete Society (Technical Report 34).**

Crawford, J. O., MacCalman, L. and Jackson, C. A. (2009) *The Health and Wellbeing of Remote and Mobile Workers.* **Edinburgh: Institute of Occupational Medicine (IOM Research Report 603-00911).**

Wegmann, E. (2009) *Relation Between Compressibility and Viscoelastic Material Properties of a Brake Pad.* **Warrendale, PA: SAE International (SAE Paper 2009-01-3017).**

For electronic reports please use the guidance in section 5.2.3.

5.1.13 A dictionary or encyclopaedia

Where there is no named author or obvious editor, then you would not normally put the dictionary in the reference list, and any reference to it in your text would be by the title of the work and date of publication (the page number is optional). For example, you might describe something as defined by *The Chambers Dictionary* (1998: 225).

Where there is a named editor or editors and you feel it appropriate to quote from a general dictionary or encyclopaedia, use the format:

For example:

Kennedy, M. (1980) *The Concise Oxford Dictionary of Music.* 3rd edn. London: Oxford University Press.

In the text of your work:

Kennedy (1980: 327) defines…

An article in an edited dictionary or encyclopaedia

Articles in larger dictionaries which are edited or in dictionaries which are multi-volume should be treated like chapters in edited books and include the volume number and the chapter title in the format:

Examples:

Anderson, N. and Thompson, S. (2001) Duplessis. In: S. Sadie, ed. *The New Grove Dictionary of Music and Musicians.* 2nd edn. London: Macmillan, Vol. 7, pp. 721-722.

Sperling, C. and Cooper, S. L. (2013) When science changes, how does law respond? In: J. A. Siegel and P. J. Saukko, eds. *Encyclopedia of Forensic Sciences.* 2nd edn. London: Academic Press, Vol. 2, pp. 476-480.

5.1.14 A dissertation or thesis

Dissertations and theses are treated in a similar way to printed books but instead of giving information about the publisher you need to give the name of the institution where the dissertation was undertaken and the type of degree for which it was written.

The required elements for a reference are:

Examples:

Abdelhalim, K. M. (2002) *An Alternative Approach for Housing the Urban Poor in Egypt: Prospects and constraints.* Ph.D. Thesis. University of Central England in Birmingham.

5.1.15 A directory

Increasingly, directories listing people or organizations are now online either freely available or available only to subscribers. However, you may have access to current listings or historical listings to which you need to refer. Use the editor or the organization involved in compiling the directory and use the format:

Examples:

Thomas, L., ed. (2018) *Urban Design: Directory 2018/19*. **London: Urban Design Group.**

Trott, L., ed. (2019) *Actors and Performers Yearbook: Essential contacts for stage, screen and radio*. **15ᵗʰ edn. London: Methuen Drama.**

However, there are many current and historical directories for which there is no editor. In these cases reference these in your work by the directory title and date of publication, place them in italics and do not include them in your reference list.

Examples:

The portfolio of foreign correspondents of London and New York banks was created using the *Bankers' Almanac*, **a British directory providing practical information on the key foreign financial institutions. The 1930/31 issue of the** *Almanac* **gives a list of 3,352 foreign banks located in 86 countries.**

The *Municipal Yearbook* **(1897-1948), the annually published record of local government employees, confirms that planners do not appear in local government before the late 1940s.**

The number of seats in nonconformist chapels in Norwich reached a peak in the Edwardian era based on evidence from *Kelly's Directory of Norfolk* **(1912).**

The major stagecoach services can be traced using *Pigot's Directory for Huntingdonshire* **(1840),** *Robson's Directory for Huntingdonshire* **(1839) and** *Kelly's Directory for Huntingdonshire* **(1847).**

5.2   Referencing electronic sources

5.2.1   An electronic book

The increasing availability of e-books in identical form to print makes the distinction between print and electronic versions unnecessary. If the online source includes all the elements seen in print versions, reference it as a book:

Authorship ▸ (Year) ▸ *Title.* ▸ Edition. (if not first) ▸ Place of publication: ▸ Publisher.

For example:

Griffith, A. (2010) *SPSS for Dummies.* **2nd edn. Hoboken, NJ: Wiley.**

If, however, you need to make a distinction, use the format:

Authorship ▸ (Year) ▸ *Title.* ▸ [e-book] ▸ Edition. (if not first) ▸ Place of publication: ▸ Publisher. ▸ Available through: URL ▸ [Accessed date].

For example:

Calver, B., Kemp, D., Ryder, M and supported by Birmingham City University School of Media (2017) *Everybody In: A journalist's guide to inclusive reporting for journalism students.* **[e-book] s.l.: Leanpub. Available through: http://leanpub.com/everybodyinbook [Accessed 22 August 2018].**

Kafka, F. (2005) *The Trial.* **[e-book] Translated by David Wyllie. Project Gutenberg. Available through: http://www.gutenberg.org/ebooks/7849 [Accessed 21 August 2019].**

Lindley, C. (2014) *JQuery Succinctly.* **[e-book] Morrisville, NC: Syncfusion Inc. Available through: https://www.syncfusion.com/ebooks/jquery [Accessed 21 August 2019].**

An electronic book for a specific e-reader

For e-books downloaded to a specific e-reader, the required elements of a reference are:

Authorship ▸ (Year) ▸ *Title.* ▸ [e-reader edition] ▸ Edition. (if not first) ▸ Place of publication: ▸ Publisher.
For example:

Freire, P. (2018) *Pedagogy of the Oppressed.* **[Kindle edition] 50th anniversary edition. Translated by Myra Bergman Ramos. With an introduction by Donald Macedo and an afterword by Ira Shor. London: Bloomsbury.**

If you include a quotation from an e-book, without page numbers, use the number used by the e-reader as a guide to locating your quotation. For the example above:

The greatest task of the oppressed is "to liberate themselves and their oppressors" (Freire, 2018: Kindle location 536).

5.2.2   An online journal article

An online journal article with a DOI

For open access online-only journal articles, include the Digital Object Identifier (DOI). This is a unique, permanent code which enables you to obtain an article.

Note: You will need to add http://dx.doi.org/ in front of the code to make the link work.

The format you need for a reference is:

There is no need to include the accessed date if you use the DOI as this is the permanent identifier for the source, for example:

Adedeji, T., Proverbs, D., Xiao, H., Cobbing, P. and Oladokun, V. (2019) Making Birmingham a flood resilient city: challenges and opportunities. *Water*, 11(8). Available at: http://dx.doi.org/10.3390/w11081699.

Hussein, M., Egan, H. and Mantzios, M. (2017) Mindful construal diaries: a less anxious, more mindful, and more self-compassionate method of eating. *SAGE Open*, 7(2). Available at: http://dx.doi.org/10.1177/2158244017704685.

An online journal article without a DOI

You will almost certainly be accessing journal articles online. However, you do not need to include any information about how you obtained an article or its location, as long as you include the required elements: authors, year, article title, journal title, volume, issue and page numbers. **Where a journal article has page numbers, do NOT include URL or available at.** Follow the guidance for printed journal articles.

Some peer-reviewed academic journals, newsletters and magazines are only available as online journals and have no print equivalents. The online versions usually show you how to cite the articles. **They usually do not have page numbers.** The articles vary in the issue numbers that they have – some have issue numbers, some only have article numbers. Use 'Available through:' when an article is not directly available from the given URL. The format you need for a reference is:

For example:

Churnside, C. (2017) "Guerra, guerra, all'armi o guerrieri!": depictions of the Ottoman conflict in Bolognese cantatas. *Journal of Seventeenth-Century Music,* 20(1). Available at: https://sscm-jscm.org/jscm-issues/volume-20-no-1/guerra-guerra-allarmi-o-guerrieri-depictions-of-the-ottoman-conflict-in-bolognese-cantatas/ [Accessed 8 August 2017].

Davies, F. (2012) Fighting, beers and the queered: class, hyper-masculinity and reality TV.
    ***Flow TV*, 15(12). Available at: http://flowtv.org/2012/05/fighting-beers-and-the-queere/**
    [Accessed 31 July 2015].

Alexander, D. (2019) Join the car crash set: jewellery, violence, ethics. *Journal of Jewellery
    Research, **02. Available at:**
    http://www.journalofjewelleryresearch.org/download/dauvit-alexander/ [Accessed 21
    August 2019].

A review in the *Cochrane Database of Systematic Reviews*

Systematic reviews are recognised as a standard method of summarising health research. The Cochrane Database of Systematic Reviews has been published since 1993 and is now one of the 10 most highly cited general medicine journals. The format that can be used is the same as the above:

For example:

Cowdell, F., Jadotte, Y.T., Ersser, S., Danby, S., Lawton, S., Roberts, A and Dyson, J. (2020)
    Hygiene and emollient interventions for maintaining skin integrity in older people in
    hospital and residential care settings. *Cochrane Database of Systematic Reviews*,
    Issue 1. Available at: https://dx.doi.org/10.1002/14651858.CD011377.pub2.

Wright, N., Akhtar, A., Tosh, G. E. and Clifton, A. V. (2016) HIV prevention advice for people
    with serious mental illness. *Cochrane Database of Systematic Reviews*, Issue 9.
    Available at: http://dx.doi.org/10.1002/14651858.CD009639.pub3.

A pre-published journal article

You may have access to a document, usually an article that is published online before it is published in an issue of a journal, for which you may not be able to provide the full bibliographic details. In your reference list use the DOI for articles and include the words in press as in the following format:

Examples:

Dixon, C., Edwards, D.J., Mateo-Garcia, M., Lai, J., Thwala, W.D.D. and Shelbourn, M. (2020) An
    investigation into the erroneous access and egress behaviours of building users and
    their impact upon building performance. *Facilities*, in press. Available at:
    https://dx.doi.org/10.1108/F-05-2019-0053.

Ewen, C., Jenkins, H., Jackson, C., Jutley-Neilson, J. and Galvin, J. (2020) Well-being, job
    satisfaction, stress and burnout in speech-language pathologists: a review.
    ***International Journal of Speech-Language Pathology*, in press. Available at:**
    https://dx.doi.org/10.1080/17549507.2020.1758210.

In your in-text references, the last would appear as:

Ewen et al. (2020, in press) found in their review that workload/caseload size, professional support, and salary were three key factors that influenced well-being, job satisfaction, stress, and burnout in speech-language pathologists.

5.2.3   A report

An electronic report (in pdf format)

If a report is only available in electronic format and where the pdf version can be accessed directly, reference it as follows:

Omit the place of publication and publisher details if these are not supplied in the pdf itself.

For example:

Bank of England (2020) *Monetary Policy Report, August 2020*. [pdf] London: Bank of England. Available at: https://www.bankofengland.co.uk/-/media/boe/files/monetary-policy-report/2020/august/monetary-policy-report-august-2020 [Accessed 27 August 2020].

Brook, PSHE Association and Sex Education Forum (2014) *Sex and Relationships Education (SRE) for the 21st Century*. [pdf] Available at: http://www.brook.org.uk/images/brook/professionals/documents/page_content/SRE/SRE_Supplementary_Advice_2014.pdf [Accessed 31 July 2015].

Fautley, M. and Whittaker, A. (2017) *Key Data on Music Education Hubs 2016*. [pdf] Report for Arts Council England. Birmingham: Birmingham City University. Available at: https://www.artscouncil.org.uk/sites/default/files/download-file/key_data_music_report.pdf [Accessed 31 August 2018].

HM Government (2016) *Ending Violence Against Women and Girls Strategy 2016-2010*. [pdf] Available at: https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/522166/VAWG_Strategy_FINAL_PUBLICATION_MASTER_vRB.PDF [Accessed 10 August 2017].

Hopkins, T. and Kendall, A. (2017) *Turning Pages, Changing Lives: An evaluation of the Shannon Trust reading programme Turning Pages*. [pdf] Available at: http://www.shannontrust.org.uk/report [Accessed 7 August 2017].

Law Commission (2017) *The Sentencing Code. Volume 1: Consultation paper*. [pdf] Available at: https://s3-eu-west-2.amazonaws.com/lawcom-prod-storage-11jsxou24uy7q/uploads/2017/07/The-Sentencing-Code-Consultation-Volume-1.pdf [Accessed 7 August 2017].

Tesco PLC (2020) *Tesco PLC Annual Report and Financial Statements 2020*. [pdf] Available at: https://www.tescoplc.com/media/755761/tes006_ar2020_web_updated_200505.pdf [Accessed 27 August 2020].

You may wish to cite reports in pdf which form part of a series. Add the series number after the publisher in the format:

Examples:

Fleming, P. J., Ingram, J. C., Wain, S., Blair, P., Manns, S., Pontin, D. and Powell, J. (2013) *A Neonatal Discharge Package to Increase Parental Confidence in Caring for their Infant.* **[pdf] National Institute for Health Research (SDO Reference 11/1015/09). Available at: https://njl-admin.nihr.ac.uk/document/download/2009148 [Accessed 11 October 2018].**

Ministry of Defence (2015) *Defence Engagement.* **[pdf] Swindon: Development, Concept and Doctrine Centre (Joint Doctrine Note 1/15). Available at: https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/570579/ 20160104-Defence_engagement_jdn_1_15.pdf [Accessed 21 November 2017].**

Murphy, A., Weir, B., Waddell, M. and Khokhar, R. (2019) *5G for Broadcasters – New opportunities for distribution and content.* **[pdf] (BBC Research & Development Department White Paper WHP 360). Available at: http://downloads.bbc.co.uk/rd/pubs/whp/whp-pdf-files/WHP360.pdf [Accessed 30 January 2020].**

An online market research report

Where reports are accessed through a password-protected site and they are not available in pdf, include the following elements:

Examples:

Croner-i (2019) *IT Consultants: Business focus - professions.* **Available through: https://library.croneri.co.uk/cbf/prof/it [Accessed 27 August 2020].**

Euromonitor (2020) *Footwear in China: Country report, February.* **Available through: https://www.portal.euromonitor.com [Accessed 27 August 2020].**

Mintel (2020) *The Impact of COVID-19 on Media and In-home Entertainment - UK, June 2020.* **Available through: https://reports.mintel.com/display/1027959 [Accessed 27 August 2020].**

If a report is available in a pdf format, use the same elements as for a technical report but use the phrase 'available through':

For example:

MarketLine (2020) *Real Estate in the United Kingdom, June 2020.* **[pdf] London: MarketLine. Available through: http://advantage.marketline.com [Accessed 27 August 2020].**

A publication available from a website (not a pdf)

Sometimes publications are only available on a website but they are not in pdf format. These should be referenced like a website:

For example:

Office for National Statistics (2018) *Cancer Survival in England – Childhood. Patients followed up to 2017.* **Available at: https://www.ons.gov.uk/peoplepopulationandcommunity/healthandsocialcare/conditionsanddiseases/bulletins/cancersurvivalinengland/patientsfollowedupto2017 [Accessed 20 May 2020].**

O'Reilly, T. (2005) *What is Web 2.0? Design patterns and business models for the next generation of software.* **Available at: http://oreilly.com/web2/archive/what-is-web-20.html [Accessed 16 October 2014].**

A NICE Guideline

National Institute for Health and Care Excellence (2018) *Post-traumatic Stress Disorder* **(NICE Guideline 116). Available at: https://www.nice.org.uk/guidance/ng116 [Accessed 16 August 2019].**

For some NICE guidelines there is a difference between the published date and the date the guidance was last updated. In this case, use the format:

Example:

National Institute for Health and Care Excellence (2016) *Sepsis: Recognition, diagnosis and early management* **(NICE Guideline 51). Updated September 2017. Available at: https://www.nice.org.uk/guidance/ng51 [Accessed 16 March 2020].**

5.2.4   A conference proceedings available online

The required format is:

Example:

Boultwood, A. and Hindle, S., eds. (2018) *Culture, Costume and Dress: Proceedings of the 1st international conference.* **Birmingham City University, 10-12 May 2017. Birmingham:**

Gold Word Publishing. Available at: http://www.open-access.bcu.ac.uk/5701/1/Costume%20Conference%20Proceedings.pdf [Accessed date 15 August 2018].

5.2.5   A paper in a conference proceedings available online

The required format is:
Examples:

Hockman, J., Southall, C. and Stables, R. (2017) Automatic drum transcription for polyphonic recordings using soft attention mechanisms and convolutional neural networks. In: *Proceedings of the 17th International Society for Music Information Retrieval (ISMIR2016) Conference.* New York, 7-11 August 2016, pp. 591-597. Available at: https://wp.nyu.edu/ismir2016/wp-content/uploads/sites/2294/2016/07/217_Paper.pdf [Accessed 8 August 2017].

Javidroozi, V., Shah, H. and Feldman, G. (2019) Smart city development: a business process-centric conceptualisation. In: *Proceedings of the 8th International Conference on Operations Research and Enterprise Systems (ICORES). Volume 1.* Prague, 19-21 February 2019, pp. 346-353. Available at: https://www.scitepress.org/PublicationsDetail.aspx?ID=GNGWILplhEg%3d&t=1 [Accessed 16 August 2019].

5.2.6   An online newspaper article

For newspaper articles found in online newspapers, the required elements for a reference are similar to the print version but include the date accessed and the URL, for example:
Examples are:

Andrews, K. (2020) Roy Hackett: the civil rights hero who stood in front of a bus – and changed Britain for ever. *The Guardian,* 6 August. Available at: https://www.theguardian.com/society/2020/aug/06/roy-hackett-the-civil-rights-hero-who-stood-in-front-of-a-bus-and-changed-britain-for-ever [Accessed 27 August 2020].

Woolcock, N. (2014) Experts raise alarms over babies addicted to iPads. *The Times,* 15 March. Available at: http://www.thetimes.co.uk/tto/technology/gadgets/article4034566.ece [Accessed 31 July 2015].

As with printed newspaper articles, where no author is given, use the title of the newspaper in the text of your work and place the name of the newspaper in italics in the reference, for example:

The Telegraph (2020) FT journalist in Zoombomb case may have broken IT law, 29 April. Available at: https://www.telegraph.co.uk/business/2020/04/28/ft-journalist-zoombomb-case-may-have-broken-law/ [Accessed 27 August 2020].

5.2.7   A website

For whole websites the required elements for a reference are:

For example:

Conflict Memory Displacement (2016) *Conflict Memory Displacement: Responding to the refugee crisis in the UK and Italy.* Available at: http://conflictmemorydisplacement.com/ [Accessed 28 July 2016].

National Perinatal Epidemiology Unit (2013) *Birthplace in England Research Programme (Birthplace).* Available at: https://www.npeu.ox.ac.uk/birthplace [Accessed 25 August 2020].

World Health Organization (2014) *Global Health Observatory Data Repository.* Available at: http://www.who.int/gho/database/en/ [Accessed 23 December 2014].

If you are using your own computer then it is good practice to save every useful page in your "Favourites" folder. If you 'right click' with your mouse on the link to the website you can find the date when you accessed that page in the General tab under properties.

5.2.8   A social media post

As social networking websites require registration and acceptance by other members use the main website name as in the examples below. You may wish to include any discussion you are referring to in an appendix to your work so that it can be viewed. You need to include the date of the publication so that the item can be found.

The required elements for a reference are:

If it is not possible to access the source directly, use "Available through:" instead of "Available at:". You may also wish to include the source you are referring to in an appendix to your work so that it can be viewed.

For example:

Blagrove, R. (2018) Minimalist shoe walking is as effective as foot strengthening exercises in increasing in foot muscle size and strength. *Twitter*, 16 August. Available at: https://twitter.com/rich_blagrove/status/1030174614398398469 (Accessed 21 August 2018).

Goldberg, M. (2018) Researchers find pathogens in hospital ice machines. *LinkedIn*, **7 February. Available at: https://www.linkedin.com/pulse/researchers-find-pathogens-hospital-ice-machines-martin-goldberg?trk=portfolio_article-card_title [Accessed 8 August 2019].**

Robinson, D. (2014) Justin Bieber should try this bridge jump. *Facebook*, **23 August. Available at: https://www.facebook.com/permalink.php?story_fbid=10152174268986511&id=127722887255489 [Accessed 16 October 2014].**

5.2.9   A blog

As blogs contain the opinions of their author, use them in conjunction with other academic sources to support your argument. Many postings are created by authors who give aliases or just their first names.

The required elements for a reference are:
For example:

Clancy, J. (2020) No Covid-19 deaths or cases; the safest neighbourhoods in England – what makes them so special? *Birmingham City University Centre for Brexit Studies Blog.* **[blog] 11 August. Available at: https://centreforbrexitstudiesblog.wordpress.com/2020/08/11/no-covid-19-deaths-or-cases-the-safest-neighbourhoods-in-england-what-makes-them-so-special/ [Accessed 27 August 2020].**

Wall of Sound (2007) Rocking around the clock: teenage dance fads 1955 to 1965. *Wall of Sound.* **[blog] 19 September. Available at: https://wallofsound.wordpress.com/2007/09/19/rocking-around-the-clock-teenage-dance-fads-1955-to-1965/ [Accessed 11 May 2016].**

A blog comment

The elements required to reference a comment written on a blog by a third party are:

For example:

Allen, J. (2015) What is this political space we call 'immigration'?: comment. *openDemocracyUK.* **[blog] 23 March. Available at: https://www.opendemocracy.net/ourkingdom/steve-garner/what-is-this-political-space-we-call-%27immigration%27 [Accessed 28 July 2016].**

5.2.10 An email discussion list correspondence

For personal email correspondence, use the advice in section 5.5.20 on personal communication.

For mail correspondence that is in the public domain by appearing in discussion groups, electronic conferences, presentation sharing sites or bulletin boards, the elements for a reference are:

Examples:

Harris, C. (2012) Are journal rankings damaging logistics as an academic discipline? *Logistics Research Network JISCMail List*, **18 October. Available through: https://www.jiscmail.ac.uk/cgi-bin/webadmin?A2=ind1210&L=logistics-research-network&F=&S=&P=71 [Accessed 26 August 2015]**.

Solar Designer (1997) Getting around non-executable stack (and fix). *Bugtraq Mailing List*, **10 August. Available at: http://seclists.org/bugtraq/1997/Aug/63 [Accessed 17 June 2013]**.

5.2.11 A dictionary or encyclopaedia available online

If a dictionary or encyclopaedia is available online, there are two options for the reference. If there is no named editorship, use the name of the work as the institutional author:

The URL is either available at or available through according to whether or not there is direct access.

Example:

Encyclopaedia Britannica (2014) *Encyclopaedia Britannica Online.* **London: Encyclopaedia Britannica. Available through: http://www.britannica.com/ [Accessed 17 October 2014]**.

Alternatively, use the name(s) of the editor(s) as the authorship:

Soegard, M and Dam, R.F. (2014) *Encyclopedia of Human-Computer Interaction.* **2nd edn. Aarhus, Denmark: Interaction Design Foundation. Available at: https://www.interaction-design.org/books/hci.html [Accessed 31 July 2015]**.

A dictionary or encyclopaedia entry available online

Wikipedia and similar user-edited sites should not be considered as reliable sources for research material although they can be a useful starting point if you explore the sources for each article and consider their credibility. Nonetheless, references to Wikipedia articles continue to appear in academic journal articles and are cited in the same format:

For example:

Wikipedia (2015) *Local Interconnect Network.* **Available at: https://en.wikipedia.org/wiki/Local_Interconnect_Network [Accessed 31 July 2015]**.

If the article is available online, use the same format as in section 5.1.13 but add the URL and accessed date and leave out the volume and page numbers in the format:

Examples:

Hook, K. (2013) Affective computing. In: M. Soegard and R. F. Dam, eds. *Encyclopedia of Human-Computer Interaction*. 2ⁿᵈ edn. Aarhus, Denmark: Interaction Design Foundation. Available at: https://www.interaction-design.org/literature/book/the-encyclopedia-of-human-computer-interaction-2nd-ed/affective-computing [Accessed 29 June 2016].

Larkham, P. (2019) Fidler, Alwyn Gwilym Sheppard (1909-1990). In: *Oxford Dictionary of National Biography*. Oxford: Oxford University Press. Available at: https://dx.doi.org/10.1093/odnb/9780198614128.013.109736.

5.2.12 A dissertation or thesis available online

Dissertations and theses are treated in a similar way to printed books but instead of giving information about the publisher you need to give the name of the institution where the dissertation was undertaken and the type of degree for which it was written. For online theses, the URL and accessed date should also be provided in the format:

For example:

Collins, J. (2012) *Multiple Voices, Multiple Memories: Public history-making and activist archivism in online popular music archives*. M.A. Thesis. Birmingham City University. Available at: https://pdfs.semanticscholar.org/f901/76fe4ba753def615fe79fd5e33cfe03ca19e.pdf. [Accessed 21 August 2019].

Zhao, T. (2018) *Contemporary Fashion Illustration in China and Its Application in the Chinese Fashion Market with Special Reference to Chinese Elements*. Ph.D. Thesis. Birmingham City University. Available at: http://www.open-access.bcu.ac.uk/7279/ [Accessed 8 August 2019].

5.2.13 A press release

For press releases, provide the following using the institution as the author:

Examples:

Birmingham City University (2015) *Who Needs Gold and Silver When You've Got...Human Hair?* **[press release] 26 June. Available at: http://www.bcu.ac.uk/news-events/news/who-needs-gold-and-silver-when-youve-got-human-hair [Accessed 31 July 2015].**

Prime Minister's Office, H.M. Treasury and Department for Communities and Local Government (2015) *PM and Chancellor Announce 'One Nation' Plans to Spread Homeownership Across the Country.* **[press release] 4 July. Available at: https://www.gov.uk/government/news/pm-and-chancellor-announce-one-nation-plans-to-spread-homeownership-across-the-country [Accessed 31 July 2015].**

5.2.14 A speech transcript

When referencing speeches, provide the following:

Examples:

Cameron, D. (2015) *PM on Plans for a Seven-day NHS,* **London, 18 May. Available at: https://www.gov.uk/government/speeches/pm-on-plans-for-a-seven-day-nhs [Accessed 31 July 2015].**

Lawton, R. (2014) *Impact: Lots of Questions Some Answers***, Birmingham, 2 April. Keynote address at the Higher Education Academy (HEA) Enhancing holistic healthcare employability for successful student transition seminar series. Available at: http://www.bcu.ac.uk/Download/Asset/318b1f55-3000-e411-83a8-0025b3ab12a4 [Accessed 11 August 2017].**

5.3   Referencing audio visual and multimedia sources

Note: The BCU Harvard style for audiovisual media is informed by the second edition of
Audiovisual Citation: Learning On Screen guidelines for referencing moving image and sound.

Audio

5.3.1   A podcast

A podcast is an audio recording uploaded to the internet. Cite the author/composer/creator of the comments/ideas. The required elements are:
For example:

Birmingham Conservatoire Orchestra (2015) *Pops at the Movies - Wagner - Ride of the Valkyries.* **[podcast] Available at: https://soundcloud.com/birmingham-conservatoire/birmingham-conservatoire-orchestra-pops-at-the-movies-wagner-ride-of-the-valkeries [Accessed 28 July 2016].**

Coley, S. (2017) *Dark Coffee; Radio Documentary.* **[podcast] Available at: https://www.mixcloud.com/bcu/dark-coffee-radio-documentary/ [Accessed 15 August 2017].**

Sodajerker (2016) *Sodajerker on Songwriting. Episode 90: Alicia Keys.* **[podcast] Available at: https://itunes.apple.com/gb/podcast/sodajerker-on-songwriting/id479679002?mt=2 [Accessed 28 July 2016].**

5.3.2   A sound recording

References to sound recordings should appear in a separate **discography** at the end of your document. Details of sound recordings should include the composer/originator of the item recorded on the sound recording, the year of the release, not the year composed or year of the recording, place, publisher, type of medium used (e.g. CD) and the catalogue number. Details should acknowledge the principal performers and the place and date of the performance where appropriate. Sound recordings are not written/printed material and therefore should not be included in your reference list. You should include the following:

Examples:

Antheil, G. (2001) *Ballet Mécanique.* **Philadelphia Virtuosi Chamber Orchestra, Daniel Spalding (conductor). [CD] (Naxos 8559060).**

Britten, B. (2012) *War Requiem.* **Erin Wall (soprano), Mark Padmore (tenor), Hanno Müller-Brachmann (baritone), City of Birmingham Symphony Orchestra, CBSO Chorus and Youth Chorus, Andris Nelsons (conductor). [Blu-ray] Recorded at Coventry Cathedral, 30 May 2012. (Arthaus Musik GmbH 108 070).**

Cowell, H. (1993) *Persian Set.* **Manhattan Chamber Orchestra, Richard Auldon Clark (conductor). [CD] Koch International Classics (3-7220-2H1).**

Dodge, C. (1994) Speech songs. In: *Any Resemblance is Purely Coincidental.* **[CD] (New Albion Records NA043).**

Saint-Saëns, C. (2007) *Violin Concerto No. 3, etc.* **Jean-Jacques Kantorow (violin), Heini Kärkkäinen (piano), Tapiola Sinfonietta, Kees Bakels (conductor). [CD] Recorded at Tapiola Concert Hall, Finland, September 2004. (BIS-CD-1470).**

Vaughan-Williams, R. (2001) *Dona Nobis Pacem and Other Works.* **London Philharmonic Orchestra, Sir Adrian Boult (conductor). [CD] (EMI 574782).**

Verdi, G. (2003) *Il Trovatore.* **Eva Marton, Dolora Zajick, Luciano Pavarotti, Sherrill Milnes (soloists), Metropolitan Opera Chorus & Orchestra, James Levine (conductor). [DVD] Recorded at the Metropolitan Opera House, New York, 1988. (Edizioni Del Prado 073 064-9).**

A disc may have a collection of several recordings made at completely different times and places and/or with completely different performers. This is especially common with historical recordings/re-releases. Each distinct recording should be listed like chapters in an edited collection. You only need to list those mentioned in your work

Examples:

Messiaen, O. (2007a) *Les Offrandes Oubliées.* **Orchestre de l'Association des Concerts Gabriel Pierné, Roger Désormière (conductor). [Vinyl 78rpm] Recorded in Paris, 8 December 1942. In:** *Les Rarissimes de Olivier Messiaen [sic].* **(EMI France 0946 385275 2 7).**

Messiaen, O. (2007b) 'Regard de l'esprit de joie' (No.10) from *Vingt Regards sur L'Enfant-Jésus.* **Yvonne Loriod (piano). [CD] Recorded at Studio Albert, Paris, 19 June 1946. In:** *Les Rarissimes de Olivier Messiaen [sic].* **(EMI France 0946 385275 2 7).**

The year given in brackets is that of the disc consulted, not the date of recording, and definitely not the year the work was composed.

Catalogue numbers listed in online library catalogues or online shopping sites (e.g. Amazon) are often their internal reference numbers **not** the catalogue number of the disc assigned by the record company. Always check the disc itself.

Studies of early recordings will often have additional information, such as the original record company, original catalogue number and matrix numbers (these identify which wax master was used). Sometimes information for all subsequent re-releases will also be given.

5.3.3   A music download

iTunes is not a database: it is a shop with an associated piece of software that allows you to manage what you have bought in the shop. In the same way that you would not include HMV when referring to a CD you bought there, you do not need to mention iTunes as such. You would use the normal discography details which iTunes provides: right click on the track and select "Get info". However, iTunes does not give you the catalogue numbers, so you may need to do more research on the

recording company's website. This applies to any recording where you do not physically have the CD just the mp3/aac (or other format) sound file.

The required elements for a full reference for a single track are:

For example:

Victoria, T. L. de (1996) 'Lauda sion salvatorem'. Westminster Cathedral Choir, James O'Donnell (conductor). In: *Victoria: Missa dum complerentur*. [electronic download] Hyperion Records. Available through: http://www.hyperion-records.co.uk/dw.asp?dc=W6875_66886&vw=dc [Accessed 28 July 2016].

5.3.4   An audio streamed musical piece

Spotify doubles as a shop and a database in that, unlike iTunes, you can listen to complete tracks without buying them. If you have only accessed the track through live streaming, then the format will be identical again but with an indicator of which service you streamed it from and a different "type of material" indicator at the end. If you accessed it via a website, give a URL (Available through….); but Spotify has its own interface software.

The required elements for a full reference are:

For example:

Victoria, T. L. de (1996) 'Lauda Sion Salvatorem', Westminster Cathedral Choir, Stephen Cleobury (conductor). In: *Allegri: Miserere*. [audio stream] Decca Eclipse. Available through: https://www.spotify.com/uk/ [Accessed 17 July 2013].

5.3.5   A CD/DVD note

To reference CD/DVD notes, use a similar format to programme notes:

As an example:

Berio, L. (1998) The Sequenzas. In: *Berio Sequenzas*. [CD note] Ensemble Intercontemporain. (Deutsche Grammophon 457038-2).

In your text this would appear as:

(Berio, 1998: CD notes)

5.3.6   A radio programme

For radio programmes, the elements of a reference you should include are:

This would appear in your reference list as:

***The Brains Trust* [radio programme] Presented by Donald McCullough. BBC, UK, 20 April 1942, BBC Home Service, 11 mins. British Library Sound Archive, T8916W/C3. London: British Library.**

You may need to provide details of how you accessed the programme. The example, taken from the BBC Sound Archive, follows the guidance on how to reference archive material in providing details of the collection, the document number, the location of the collection and the archive.

In the text of your work radio programmes are always in italics, for example:

***The Brains Trust* was a popular war-time series. In its first question, Sergeant Styles, of the Ipswich Home Guard, compared mankind with the paintings of our ancestors two hundred years ago and asked if this improvement is likely to be maintained.**

An episode of a radio series

To reference specific episodes of a radio series, use the format:

For example:

'Child murderers', *Woman's Hour* **[radio programme] BBC, UK, 10.00, 8 April 2016, BBC Radio 4, 45 mins.**

To cite what has been said in the programme use the surname of the speaker. In the example above:

In considering the way that the perpetrators used social media to show that their values in the postings were completely askew with mainstream values, Yardley (2016) reflected that such crimes might be labelled as 'performance crime'.

In your reference list:

Yardley, E. (2016) 'Child murderers', *Woman's Hour* **[radio programme] BBC, UK, 10.00, 8 April 2016, BBC Radio 4, 45 mins.**

A radio programme online

For radio programmes which are available online, the elements of a reference you should include are:

This would appear in your reference list as:

***The Secret Catacombs of Paris* [radio programme] Presented by Jonathan Glancy. BBC, UK, 12:30, 24 June 2012, BBC Radio 4, 28 mins. Available at: http://www.bbc.co.uk/programmes/b01b9h73 [Accessed 31 July 2015].**

To cite what has been said in the programme insert the title of the programme in *italics*. The in-text citation for the example above might appear as:

Caroline Archer reflected in *The Secret Catacombs of Paris* (2012) on the 300 years' worth of cumulated images, many of which are genuine beautiful paintings, which exist in the abandoned quarries and tunnels beneath the streets of the city.

Performance

5.3.7 A live music performance

You are more likely to need to refer to reviews of performances in magazines or newspapers rather than to concerts that you actually attended. However, should you need to refer to these the citation order is:

Artist(s) > (Year) > *Concert Title.* > Place of performance, > Day and Month.

As examples:

Dylan, B. (2000) *Bob Dylan in Concert*. Sheffield Arena, Sheffield, UK, 22 September.

O'Connor, S. (1992) *Bob Dylan 30th anniversary concert*. Madison Square Garden, New York, 16 October.

In the text of your work these would appear as:

Bob Dylan's voice (2000) was barely audible against the backdrop of an admittedly accomplished backing band, a fact not unnoticed by most of the increasingly disgruntled crowd.

O'Connor (1992) was shunned by American audiences, particularly noticeable at Bob Dylan's 30th Anniversary concert, when booing broke out.

5.3.8 A live performance (non-musical)

For non-musical performances, the name of the play is always in italics. Include details of the director and the venue and date that you saw the production in the format:

Title > by Artist > (Year) > Directed by Director. > Location, > Date(s).
Example references:

***Whipping It Up* by Steve Thompson (2006) Directed by Terry Johnson. Bush Theatre, London, 18 November – 16 December.**

***Anne of the Thousand Days* by Maxwell Anderson (2006) Directed by Christian Heim. Visy Theatre, Brisbane Powerhouse, Australia. 7-17 June.**

***Who's Afraid of Virginia Woolf?* by Edward Albee (2007) Directed by Michael Gow. Cremorne Theatre, Queensland Performing Arts Centre, Australia. 2 October – 3 November.**

Live performances of theatre productions have been captured on video and made available through subscription sites such as *Digital Theatre Plus.* To cite these use the format:
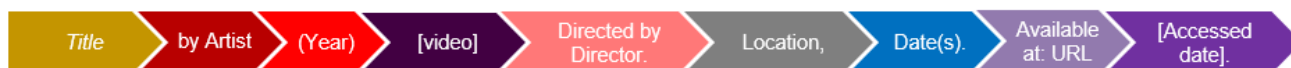

For example:

***Iphigenia in Splott* by Gary Owen (2015) [video] Directed by Rachel O'Riordan. North Wall Arts Centre, Oxford. Available through: https://www.digitaltheatreplus.com/ [Accessed 3 August 2017].**

Examples of how to cite live performances in the text:

There have been other plays about Parliamentary Whips – notably Steve Thompson's hilarious *Whipping It Up* (2006) – but none that have been so reminiscent of a BBC Four documentary.

Case studies of post-performance discussions held after performances of Crossbow Production's staging of Maxwell Anderson's *Anne of the Thousand Days* in 2006 and Queensland Theatre Company's production of Edward Albee's *Who's Afraid of Virginia Woolf?* in 2007 trialled this new discussion model.

A programme note (non-musical)

You may be looking to cite the words written in a theatre programme by the director or someone else involved in the production. The required elements for a reference are:

For example:

Hall, P. (2008) From the artistic director. *Love's Labour's Lost* by William Shakespeare [theatre programme] Directed by Peter Hall. Rose Theatre, Kingston upon Thames, 30 October – 15 November, p. 2.

It may also be helpful to advise your reader where you have viewed the programme. This may be because it a performance you attended, because the programme is held in an archive or special collection or because it is available online.

Visual

5.3.9   A painting or drawing

In your reference list the elements you need are:

Examples:

Freud, L. (1988-89) *Standing by the Rag.* **[oil on canvas] 163 x 138 cm. Tate Gallery, London.**

Hodgkin, H. (1983-85) *A Small Thing But My Own.* **[oil on wood] 44.5 x 53.5 cm. Private collection.**

Titian (1512-15) *Salome with the Head of John the Baptist.* **[oil on canvas] 90 x 72 cm. Galleria Doria-Pamphilj, Rome.**

Van Eyck, J. (1438) *The Marriage of Giovanni Arnolfini.* **[oil on panel] 81.8 x 59.7 cm. National Gallery, London.**

If you refer to these in your work, the titles are always in italics, for example:

William Hogarth's views on art and design were first published in 1753 as *The Analysis of Beauty: Written with a view to fixing the fluctuating ideas of taste,* **in which he attempts to provide criteria of beauty in an accessible language.**

The Raising of Lazarus **was painted by Sebastiano del Piombo in 1517-19 but the hand of Michelangelo is apparent in every part of the main figure.**

Including facsimiles of paintings and drawings as figures

If you wish to include a facsimile of a painting or a drawing as a figure in your work you will need to reference it following the guidance in section 5.3.11, a photograph available online. You will also need to label it and refer to it correctly - see section 2.14 on citing tables and figures. Reproducing an artistic work without the permission of the copyright holder is an infringement of copyright. However, you are entitled to reproduce artistic work without permission if it is for the purposes of private research and study.

If you wish to include your own photograph you will need to obtain permission from the gallery or museum to reproduce the image. These details should be given below a figure of the photograph. For example:

Fig. 1 Hogarth, W. (1753) *The Analysis of Beauty, plate II.* **Reproduced by permission of the British Library.**

Fig.2 Del Piombo, S. (1517-19) *The Raising of Lazarus.* **Reproduced courtesy of the Trustees, the National Gallery, London.**

5.3.10 A photograph

The required elements for a full reference are:

In your references these appear as:

Parr, M. (1977) *Jubilee Street Party, Elland, Yorkshire.* **[black and white print] 30.5 x 22.9 cm image on 40.6 x 30.5 cm paper (12 x 9 in. on 16 x 12 in.) ©the artist and Magnum Photos. Photo: courtesy Magnum Photos.**

Shahn, B. (ca. 1933-34) *Untitled, New York City.* **[gelatin silver print] 5 7/8 x 8 7/8 in. Photo: courtesy Fogg Art Museum, Harvard University, Cambridge, MA.**

Boulet, A. (1993) *Sniper's Room – Mostar, Bosnia.* **[photograph] ©Alexandre Boulet. Photo: courtesy War Photo Ltd.**

Photographs should contain a copyright statement, either below a figure or in the picture credits or list of illustrations. For example:

Photographs by Herb Ritts ©Herb Ritts Foundation.

Gregory, J. (2001) *Eiffel Tower, Paris.* **©courtesy of the artist and the Fraenkel Gallery, San Francisco.**

All photographs are copyright Paul Popper Ltd.

Images ©individual authors.

You should obtain permission of the individual or institution who holds the copyright of the image to reproduce the image.

If you refer to photographs in in your text, the titles are always in italics, for example:

Jubilee Street Party **is the earliest photograph in the Bad Weather series which Parr made in Yorkshire…Hung Cong Ut's** *Accidental Napalm Attack* **(1972) and Don McCullum's** *Shell-shocked soldiers* **(1968) epitomize the Vietnamese and American experiences of that terrible war.**

5.3.11 A photograph or image available online

 For photographs as reproductions of artistic works (e.g. paintings, posters, drawings or sculptures) available on the internet take the reader to where the image was viewed online. The required elements for a reference are:

"Scholarly practices in image captioning are not standardized" ([Weinraub, 2018: 495](#)). Providing plenty of examples of captioning and citing images is therefore a requirement which these pages seek to redress. The three key pieces of advice when citing images you have seen online or have taken from online sources are:

1.   You need an image caption. A caption is used to identify or describe an image and to give credit. Many images don't come with a caption so you will have to give an image a suitable explanatory title. Call it Fig.1 with a caption and give credits in author/date style.

2.   Try to cite the original source of the image i.e. the original manufacturer or designer web page rather than from a supplier of the product.

3.   A citation should include as much information as is necessary to locate the image. For images on web pages, any identifying numbers are useful. Include the manufacturer or designer as the corporate author, followed by creation or publication date (assume it is 2020 or 2021 for a webpage), title of the web page, URL and accessed date (as the pages are likely to change).

Examples:

Image source	**http://www.loc.gov/pictures/collection/van/item/2004663496/**
Caption	Fig.1 Portait of Man Ray, Paris (Van Vechten, 1934)
Citation in your reference list	**Van Vechten, C. (1934)** *Portrait of Man Ray, Paris.* **Available at: http://www.loc.gov/pictures/collection/van/item/2004663496/ [Accessed 04 October 2009].**

Image source	**http://sposaitaliacollezioni.fieramilano.it/content/dam/man-sposaitalia/gallery/generali/EnzoMiccio_007.jpg**
Caption	Fig.2 Enzo Miccio bridal shoes, Si Sposaitalia Collezioni (2019) highlights

Citation	**WGSN (2019) The Gathered-Ankle Trouser. In: L. Yiannakou, Trousers & jumpsuits: key items fashion autumn/winter 20/21. *WGSN*, 9 Feb 2019. Available at: https://www-wgsn-com.ezproxy.bcu.ac.uk/content/board_viewer/#/84740/page/3 [Accessed 23 August 2019].**

If you wish to include a photograph as a figure in your document you should always ensure that you have the necessary permissions. Reproducing an artistic work without the permission of the copyright holder is an infringement of copyright. If you take a photograph of a painting in a modern art gallery,

use of the photograph on the web is likely to be an infringement of copyright. However, not all modern art is still in copyright. Legislation protects the work for the life of the author plus 70 years. For example, Edvard Munch and Wassily Kandinsky both died in 1944 so copyright in their works has expired. Also, some art galleries in their terms and conditions permit photographs for private, non-commercial use for which use on a non-commercial blog would not be a breach of this condition. The Intellectual Property Office has published advice on Digital Images, Photographs and the Internet as a Copyright Notice here.

You are entitled to reproduce artistic work without permission if it is for the purposes of private research and study. One approach to reducing the risk of breaching copyright is to use images which hold a Creative Commons licence which allows reuse as long as the image creator is acknowledged. For example, many Flickr users have chosen to provide their images under the Flickr Creative Commons licence.

5.3.12 A medical image

Anatomical images can be viewed online through various commercial atlases of interactive images, freely available libraries of images and through projects resulting from the National Library of Medicine's Visible Human Data Set. The images can be cited to support your arguments.

The citation order is:

Examples:

Barclay, T. (2012) *Respiratory System*. **Available at: http://www.innerbody.com/anatomy/respiratory [Accessed 30 July 2014].**

Visible Body (2018) *Pulmonary Circulation and Systemic Circulation: The routes and function of blood flow*. **Available at: https://www.visiblebody.com/learn/circulatory/circulatory-pulmonary-systemic-circulation [Accessed 12 December 2018].**

Example of referencing images from subscription atlases:

Anatomy.TV (2018) *Anatomy.TV, Powered by Primal Pictures*. **Available through: https://www.anatomy.tv/new_home.aspx [Accessed 12 December 2018].**

If you wish to include an image from one of these sources, the terms and conditions of the University's licence (for subscription products) or the terms and conditions (permissions) on the website mean that you must label the image and refer to it correctly - see section 5.3.12 An online image. Reproducing an image without the permission of the copyright holder is an infringement of copyright. However, you are entitled to reproduce an image without permission if it is for the purposes of private research and study as long as you acknowledge the source.

Examples:

Fig. 1 Movements of the knee joint. Reproduced from Anatomy.TV (2018) Courtesy and copyright Primal Pictures.

Fig. 2. Aortic zones for REBOA placement with overlying surface landmarks. Image courtesy of Visible Body (2018).

If you need to reference an individual patient's scan, the advice from the Department of Radiography is that you will need to anonymize the image to protect the individual but you will also need to protect the Trust as well. Each image should be regarded as a publication in its own right.

In the text of your work you would include as a citation for example **(Local Trust X, 2016)** i.e. the year the image was produced.

For your reference list this would appear as:

Local Trust X (2016) *80kV Chest* **[Acquired from Local Trust X on 28th Nov 2017].**

If you have images from the same year then you should use letters to differentiate them, i.e. 2017a, 2017b, 2017c etc.

If you do identify the Trust from an image or document that is not in the public domain, this will be deemed a technical fail and your work will be awarded a 1% nominal mark in line with the advice in section 1.4.2 on maintaining confidentiality.

5.3.13 An illustration or poster

Illustrations and posters should have an artist(s), date, title and location. The format will vary according to whether the artwork is in a museum or a personal collection, and whether the work was exhibited or created for a publication. It may also have dimensions and a copyright statement.

The required elements for a full reference where the work was created for a publication are:
Examples of work created for a publication:

Brooks, J. (2003) *Versace* **[for** *Vogue Pelle***]. [illustration] Pen, ink and Adobe Photoshop. Artist's collection. © Jason Brooks.**

Downton, D. (2004-2005) *The Art of Couture - Linda Evangelista* **[for** *V Magazine***, 32, Winter]. [illustration] Gouache and ink on paper. Artist's collection. © David Downton.**

The required elements for a full reference where the work was created for an exhibition are:

Examples of exhibited or private work:

Bell, V., Etchells, F., Fry, R. and Grant, D. (1912) *Second Post-impressionist Exhibition.* **[poster] Exhibited at Grafton Galleries, London, 5 October - 31 December. 119.4 x 93.8 cm. Victoria and Albert Museum, London.**

Codagnone, A. (1993) *Poster for ACT UP, New York.* **[poster] 11 x 8.5 in. (27.9 x 21.6 cm) Courtesy the artist.**

If the illustration appears in a book or journal, the required elements are for the book or journal in which the illustration appears.

Examples:

Abdelhalim, I. A. (2004) Front north-east elevation, Imam Mohamed ibn Saud Mosque, Riyadh, Saudi Arabia, 1998. [illustration] In: P. Richardson, *New Sacred Architecture.* **London: Laurence King, p. 155.**

Herzog & de Meuron (2017) Floor plans of Elbphilharmonie. [illustration] In: C. Jencks, Symphony of Pomo. *Architectural Review,* **1440, pp. 29-31.**

If you refer to illustrations or posters in your text, the titles are always in italics, for example:

Paul Rand's celebrated poster *Eye-Bee-M* **(1981) breaks down IBM's conventional logo into a rebus with the identifiable striped M.**

You will find that any published work will have had to obtain permission of the illustrator, gallery or museum to reproduce the image and these details are given either below the image or in a separate list of picture credits, for example:

Source: Museum fur Gestaltung Zurich, Poster collection. ©ZHDK.

Including facsimiles of illustrations or posters as figures

If you wish to include a facsimile of an illustration or a poster as a figure in your work you will need to reference it following the guidance in section 5.3.11, a photograph available online. You will also need to label it and refer to it correctly - see section 2.14 on citing tables and figures. Reproducing an artistic work without the permission of the copyright holder is an infringement of copyright. However, you are entitled to reproduce artistic work without permission if it is for the purposes of private research and study.

5.3.14 An exhibition

Exhibitions are a primary way of exploring themes and sharing experiences in art and design. Exhibitions are held in specific locations at specific times and have specific titles. Some exhibitions demonstrate the work of one artist while others are curated and include the work of several artists. The required elements for a full reference are:
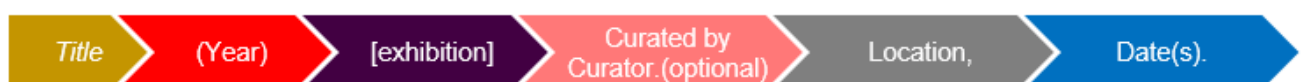

Examples:

The Cheapside Hoard: London's lost jewels **(2013-2014) [exhibition] Curated by Hazel Forsyth. Museum of London, 10 October – 27 April.**

Transplantation: An exhibition of narrative contemporary jewellery **(2012) [exhibition] Curated by Norman Cherry in conjunction with the Hub: National Centre for Craft & Design and the University of Lincoln. Bluecoat Display Centre, Liverpool. 18 May – 23 June.**

Shakespeare in South Asia **(2017) [exhibition] Curated by Islam Issa. Shakespeare Birthplace Trust, Stratford-upon-Avon, 26 May – 8 September.**

Zoe Robertson: FlockOmania **(2015) [exhibition] Lanchester Gallery, Coventry University. 19 January – 19 February.**

Refer to the title of the exhibition in *italics* in the text of your work, for example:

Emerging from a collaboration between jewellery artist Zoe Robertson and dance artists Natalie Garrett Brown and Amy Voris, *FlockOmania* (2015) created an immersive environment, positioning visitors as co-creators of the work through their dialogue with bodies and objects.

5.3.15 An installation

You need to credit the artist, the title of the installation, the venue and the date that it was viewed. Photographs will have been taken of the installation but it is the artist of the work that you need to cite and the venue that was inspired to display the work.

The required elements for a full reference are:

Examples:

Cummins, P. and Piper, T. (2014) *Blood-swept Lands and Seas of Red.* [installation] Tower of London, London, 17 July – 11 November.

Derbyshire, B. (2011) *Seven Seas.* [installation] Selfridges Ultralounge, London, 12 May - 8 June.

Dupre, F. (2011) *Autre Mers (Other Seas).* [installation] Women's Library, London Metropolitan University, London, 26 May - 1 October.

Hatoum, M. (2010-2011) *Keeping It Real: An exhibition in 4 acts. Act 3: Current disturbance.* [installation] Whitechapel Gallery, London, 17 December – 6 March.

The installation may be part of a collection that has been curated, in which case include these elements:

Example:

Parker, M. (2016) The imitation archive. [installation] In: *New Art West Midlands 2016*. Curated by Sonia Boyce, John Stezaker and Katharine Stout. Birmingham Museum and Art Gallery, Waterhall Gallery, Birmingham, 12 February - 15 May.

In the text of your work you will need to refer to the installation in italics, for example:

Hatoum has used sound in her artworks to elicit emotional response from the viewer, most notably in *Home* (1999) and *Current Disturbance* (2010-11).

5.3.16 A sculpture

For sculptures, the required elements for a reference are:

Examples:

Ellis, J. (2010) *Black Pool, White Water*. [Carrara marble and Butler's Grove limestone] 80 x 40 x 30 cm. Garda Memorial Garden, Dublin.

Donatello (1445-50) *Gattemelata.* [bronze] Height 3.4 m. Piazza del Santo, Padua.

If a sculpture is not on public display but previously formed part of an exhibition then this should also be included in the reference. Use the same format as for installation:

For example:

Tool, E. (2004) 393. [sculpture] In: *Ehren Tool: Production or destruction*. Exhibited at Los Angeles Craft and Folk Art Museum, 26 May – 9 September.

5.3.17 A map

The required elements for a reference are:
For example:

Ordnance Survey (2013) *Wolverhampton and Dudley*, Sheet 219, 1:25,000. Southampton: Ordnance Survey.

Digimap maps

For maps created in Digimap, the format required is:
In the text of your report you would write, for example:

Ordnance Survey digital maps (EDINA Digimap Ordnance Survey Service) were used to select 34 woodland patches within agricultural land in central Scotland. All woodland patches were at least 60 years old (EDINA Historic Digimap Service) and more than 1 km from each other.

Fig.1 shows central Scotland showing locations of woodlands (map produced using Carto, EDINA Digimap Ordnance Survey Service).

Your reference list would then read:

EDINA Digimap Ordnance Survey Service. *Digimap Roam*. Available through: http://digimap.edina.ac.uk [Accessed 21 August 2018].

EDINA Historic Digimap Service. *Ancient Roam*. Available through: http://digimap.edina.ac.uk [Accessed 21 August 2018].

Google Earth maps

The elements for digital maps such as Google Earth are the same as the above:

Example:

Google Earth (2010) *Locations of the Wind Observations across Dublin City.* Available through: http://www.google.com/earth/index.html [Accessed 16 July 2013].

As a figure below the image in the text of your report the reference would appear as:

Fig. 3 Satellite image of Dublin city, indicating the relative positions of the observation locations across Dublin City (Google Earth, 2010) Source: Dublin. 53020'22.80''N and 6017'02.11''W. Google Earth, November 30 2008.

Moving image

5.3.18 A film

Films, videos and broadcasts are the co-operative product of teams of people. No author or creator is therefore included in the reference. In the text of your document films are always in italics. In the references, you may decide to include films as a separate list. Please be guided by your Assessment Brief. In your reference list, the required elements of a reference are:
For example:

***Bram Stoker's Dracula* [feature film] Directed by Francis Ford Coppola. Columbia Tristar/American Zoetrope/Osiris, USA, 1992. 120 mins.**

For a documentary or extra feature from a DVD of a feature film, follow examples such as:

'Il Maestro: Ennio Morricone and The Good, The Bad and The Ugly'*, The Good, The Bad and The Ugly* [documentary extra, Blu-Ray] Contributed by Jon Burlingame. PEA/ Arturo Gonzalez Producciones/Constantin Film Produktion, Italy/Spain/Germany, 1966, 8 mins. [20th Century Fox, 1581307000, 2009].

'The Music of The Hours'*, The Hours* [documentary extra, DVD] Directed by Stephen Daldry. Paramount/Miramax/Scott Rudin, USA/UK, 2002, 6 mins. [Walt Disney Studios, B000087JHY, 2003].

Examples of citation in the text:

Following the release of *The Matrix* (1999, 2003) and *The Lord of the Rings* (2001, 2002, 2003) trilogies, *X-Men* and *X2* (2000,2003) *Crouching Tiger, Hidden Dragon* (2001) and *Hero* (2002), CGI technologies…...

The failure of *Tron* (1982) was at least partially perceived to have been the result of the much-heralded CGI effects falling short of expectations. The success of *Jurassic Park* (1993) was due to the quantum leap such effects work had taken in the intervening years…

5.3.19 A television programme

Television programmes are the co-operative product of teams of people. No author or creator is therefore included in the reference. In the text of your work television programmes are always in italics. In the references, you may decide to include programmes in a separate list. Please be guided by your Assessment Brief. In your reference list the required elements of a reference are:
For example:

***Exposure: The other side of Jimmy Savile* [television programme] ITV, UK, 23:10, 3 October 2012, ITV, 60 mins.**

In the text of your document the names of television programmes are always in italics. In the above example:

In the documentary *Exposure: The other side of Jimmy Savile*, Mark Williams-Thomas gave a voice to victims of the sex abuse scandal which ultimately led to a review by the Metropolitan Police and the NSPCC.

An episode of a television series

To reference specific episodes from a television series use the format:

For example:

'Midwife in the making', *The Midwives* **[television programme] Produced and directed by Kate Walker. BBC, UK, 21:00, 23 September 2012, BBC 2, 60 mins.**

'The Suffolk Strangler', *Killers Behind Bars: The untold story* **[television programme] Produced and directed by Rory Wheeler. Popkorn Production, UK, 20:00, 6 February 2013, Channel 5, 60 mins.**

To cite what has been said in the programme use the surname of the speaker. In the example above:

Steve Wright was unmasked as the Suffolk Strangler in 2006 but Wilson (2013) considers that these crimes were far too practised for someone murdering for the first time.

In your reference list:

Wilson, D. (2013) 'The Suffolk Strangler', *Killers Behind Bars: The untold story* **[television programme] Produced and directed by Rory Wheeler. Popkorn Production, UK, 20:00, 6 February 2013, Channel 5, 60 mins.**

A television programme available online

For a programme that is held in an online archive the URL should be included so the format for a reference is:

An example:

Cathy Come Home **[television programme] Directed by Ken Loach. BBC, UK, 13 November 2016, BBC4, 80 mins. Available at: https://learningonscreen.ac.uk/ondemand/index.php/prog/00028C79?bcast=122896043 [Accessed 28 August 2020].**

In the text of your document the names of television programmes are always in *italics*. The in-text citation for the example above might appear as:

In *Cathy Come Home***, originally broadcast in 1966, the Mrs. Alley section was filmed in Birmingham and Birmingham accents can clearly be heard on the soundtrack.**

An extract of a television programme available online

For an extract of a programme accessed online use the format:

For example:

'Emergency provisions'*, The War Game* **[television programme extract] Directed by Peter Watkins. BBC, UK, 31 July 1985. 3 mins 31 secs. Available at: http://www.screenonline.org.uk/media/stream.jsp?id=738876 [Accessed 07 Jun 2013].**

'Birmingham students recreate WW1 trenches in paper', *BBC Midlands Today* **[television programme extract] BBC, UK, 17 February 2014. 2 mins 3 secs. Available at: http://www.bbc.co.uk/news/uk-england-birmingham-26228052 [Accessed 31 July 2015].**

In the text of your document the names of television programmes are always in *italics*. The in-text citation for the examples above might appear as:

Banned by the BBC for 20 years and deeply critical of Britain's civil defence programme and the philosophy of nuclear deterrence*, The War Game* **was not broadcast anywhere until 1985, when it was shown by the BBC to mark the 40th anniversary of the nuclear bombs dropped on Japan.**

The first night of the Battle of the Somme was brought to life and captured in brown paper by design students at Birmingham City University and this featured in *BBC Midlands Today* **(17 February 2014).**

5.3.20 A vodcast

A vodcast is a video recording uploaded to the internet on an official site (i.e. not a streamed video). Cite the author/composer/creator of the comments/ideas that are communicated in the video. The required elements are:
Examples:

Pierce, K. (2018) *Security Council Media Stakeout (5 April 2018) on the Letter Dated 13 March 2018 on the Attack in Salisbury on 4 March 2018***. [vodcast] Available at: http://webtv.un.org/meetings-events/security-council/europe/watch/karen-pierce-uk-on-the-letter-dated-13-march-2018-on-the-attack-in-salisbury-on-4-march-2018-security-council-media-stakeout-5-april-2018/5764650838001/?term= [Accessed 8 August 2019].**

Wardle, P. (2020) *Office Drama on MacOS***. [vodcast] DEF CON 28 Safe Mode Conference. 6-9 August 2020, online. Available at: https://media.defcon.org/DEF%20CON%2028/DEF%20CON%20Safe%20Mode%20video%20and%20slides/DEF%20CON%20Safe%20Mode%20-%20Patrick%20Wardle%20-%20Office%20Drama%20on%20macOS.mp4 [Accessed 28 August 2020].**

5.3.21 An educational video

Educational videos are often made available to you upon subscription and are therefore only available through the subscription site which you should acknowledge. The required elements of a reference are therefore essentially the same except that you will need to use Available through:

For example:

Bates' Visual Guide to Physical Examination (2015) *Low Back Pain (OSCE9).* **[video] Available through: http://www.batesvisualguide.com [Accessed 3 August 2017].**

Use the transcript pdf to find the date of the video.

Ross, A. F. (2020) *3DS Max 2020 – Essential Training.* **[video] Available through: https://www.linkedin.com [Accessed 28 August 2020].**

Use the date given in the update information rather than the release date.

Digital Theatre Plus contains videos of live performances of productions, interviews with the cast and creators as well as filmed lectures and study guides. The way you cite these will depend upon the content of the video. Follow these examples:

Carnicke, S. M. (2016) *Active Analysis for Twenty-first Century Actors.* **[video] Available through: https://www.digitaltheatreplus.com/ [Accessed 3 August 2017].**

Hunter, K. (2016) *Shakespeare for Inclusive Audiences.* **[video] Interviewed by Michael Dobson. Available through: https://www.digitaltheatreplus.com/ [Accessed 3 August 2017].**

***Iphigenia in Splott* by Gary Owen (2015) [video] Directed by Rachel O'Riordan. North Wall Arts Centre, Oxford. Available through: https://www.digitaltheatreplus.com/ [Accessed 3 August 2017].**

5.3.22 A streamed video (e.g. YouTube)

You will find academic papers citing videos posted on streamed video sites such as YouTube. However, sites such as YouTube do not facilitate or record whether a video has undergone a peer review process. Assuming that the material you have found has academic credibility, you need to find the name of the contributor or the name of the person/organization posting the video and the year the video was posted. This will then give the following requirements:

For example:

Institute of Medicine (2012) *Health Literacy: A prescription to end confusion, extended video.* **[video] Available at: http://www.youtube.com/watch?v=iBy3I7YKCQQ [Accessed 21 July 2014].**

Webber, N. and Vaughan, S. (2015) *Archivist vs. Game Designers?* **[video] Research Libraries UK Discovering Collections Discovering Communities Conference. The Lowry, Salford Quays, 12-14 October 2015. Available at: https://www.youtube.com/watch?v=HJOPFuz7-L8 [Accessed 31 May 2016].**

Yuzna, B. (2015) *ScratchTVBCU Brian Yuzna Interview***. [video] Interviewed by Chrissy Hall, 4 November. Available at: https://www.youtube.com/watch?v=yhUWxkGEdNg&list=PLpQuPYCyuS5pgNidr4yx-CZ2hY5i8PqDn&index=12 [Accessed 31 May 2016].**

It is important to check that the uploaded video you are citing is from the official source. For example, rather than referencing:

Infosecurity.US (2020) *DEF CON 28 Safe Mode - Patrick Wardle's 'Office Drama On MacOS'* **[video] Available at: https://www.infosecurity.us/blog/2020/8/20/def-con-28-safe-mode-patrick-wardles-office-drama-on-macos [Accessed 28 August 2020].**

You would be better advised to reference the DEF CON media server or the DEF CON YouTube site which has the original video so that you can cite Patrick Wardle whose ideas you are referencing. This would then be classified as a vodcast.

Wardle, P. (2020) Office Drama on MacOS. [vodcast] DEF CON 28 Safe Mode Conference. 6-9 August 2020, online. Available at: https://media.defcon.org/DEF%20CON%2028/DEF%20CON%20Safe%20Mode%20video%20and%20slides/DEF%20CON%20Safe%20Mode%20-%20Patrick%20Wardle%20-%20Office%20Drama%20on%20macOS.mp4 [Accessed 28 August 2020].

Multimedia

5.3.23 A video game

In the text of your work, video games are always in italics. The required elements for referencing a video game are:

Examples:

Ubisoft (2010) *Assassin's Creed: Brotherhood* **[game, Xbox 360] Ubisoft Montreal, Canada. (EAN 300034430).**

Ubisoft (2010) *Assassin's Creed: Brotherhood* **[game, PS3] Ubisoft Montreal, Canada. (Product number 300031100).**

5.3.24 A computer software program

 The required elements for a reference are:

Or

Examples:

Dassault Systèmes (2012) *Abaqus (6.12-1).* **[computer software] Providence, RI.**

Dassault Systèmes (2020) *Abaqus Unified FEA (Abaqus 2020X).* **[computer software] Available through: https://www.3ds.com/products-services/simulia/products/abaqus/latest-release/ [Accessed 28 August 2020].**

5.3.25 A mobile app

The required elements for a reference are:

Creator > (Year) > *Title* > (Version). > [app, operating system/platform] > Available at/through: URL > [Accessed date].
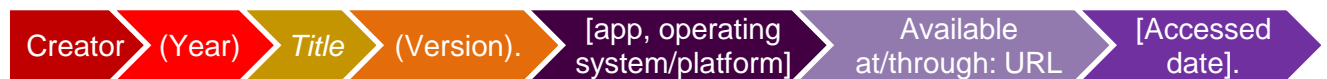

Example:

King.com (2020) *Candy Crush Jelly Saga (2.47.15).* **[app, Apple iOS] Available at: https://itunes.apple.com/app/candy-crush-jelly-saga/id1047246341?mt=8 [Accessed 28 August 2020].**

5.4   Referencing music

5.4.1   A musical score

A score should give not only the composer but also the editor, where appropriate. More modern compositions often do not have editors as the composer liaises directly with the publisher. The year is the date of publication of the score. The elements of a reference you should include are:
Examples:

Brahms, J. (1963) *Concerto No. 1 for Piano and Orchestra in D Minor, Op. 15.* **Edited by Paul Badura-Skoda. London: Eulenburg.**

Charpentier, M. (2013) *Pastoralette 1a: Amor vince ogni cosa* **[H492]. Edited by Shirley Thompson. Launton: Editions HH.**

Handel, G. F. (1970) *Nine Sonatas for Two Violins and Basso Continuo* **[Series 4 Instrumentalmusik: Band 10/1]. Edited by Siegfried Flesch. London: Barenreiter.**

Mendelssohn Bartholdy, F. (1983) *Six Christmas Pieces, Op. 72.* **Edited by Howard Ferguson. London: Associated Board of the Royal Schools of Music.**

Monteverdi, C. (1999) *Vespers (1610).* **Edited by Jeffrey G. Kurtzman. Oxford: Oxford University Press.**

5.4.2   A facsimile of published music

For facsimiles of published music, you will need to provide the date of the facsimile edition as well as the date of the original. The format required is:

Examples:

Geminiani, F. (1751) *The Art of Playing on the Violin.* **Facsimile edition (1952). Edited by David D. Boyden. Oxford: Oxford University Press.**

Marais, M. (1711) *Pièces de Viole, Troisième Livre.* **Facsimile edition (1997). Edited by P. Lescat and J. Saint-Arroman. Courlay: Fuzeau.**

Note that in the above:

Francesco Geminiani = the composer; David Boyden = the [modern] editor; 1751 = original date; 1952 = date of the facsimile; Oxford: Oxford University Press = place of publication and publisher of facsimile respectively.

5.4.3   An online score

Sites such as The International Music Score Library Project (IMSLP) are a useful resource, for providing archives of historical editions and facsimiles that are in the public domain (not subject to copyright restrictions). It is perfectly acceptable to use materials from these sites, but you should include both the information about the edition and also its online location. The elements of a reference you should include are:

For example:

Bach, J. S. (1874) *Violin Concerto in E Major, BWV 1042.* **Edited by Wilhelm Rust. Leipzig: Breitkopf & Härtel. Available at: http://conquest.imslp.info/files/imglnks/usimg/c/c1/IMSLP02299-Bach_-_BGA_-_BWV_1042.pdf [Accessed 6 August 2014].**

Wagner, R. (ca. 1883) *Das Rheingold [The Rhinegold].* **Arranged by R. Kleinmichel. Translated by H. and F. Corder. Mainz: B. Schott's Söhne. Available at: http://conquest.imslp.info/files/imglnks/usimg/b/ba/IMSLP33839-PMLP21241-Wagner-WWV86AvsGE1.pdf [Accessed 16 May 2013].**

5.4.4   A sound recording

References to sound recordings should appear in a separate **discography** at the end of your document. Details of sound recordings should include the composer/originator of the item recorded on the sound recording, the year of the release, not the year composed or year of the recording, place, publisher, type of medium used (e.g. CD) and the catalogue number. Details should acknowledge the principal performers and the place and date of the performance where appropriate. Sound recordings are not written/printed material and therefore should not be included in your reference list. You should include the following:

Examples:

Antheil, G. (2001) *Ballet Mécanique.* **Philadelphia Virtuosi Chamber Orchestra, Daniel Spalding (conductor). [CD] (Naxos 8559060).**

Britten, B. (2012) *War Requiem.* **Erin Wall (soprano), Mark Padmore (tenor), Hanno Müller-Brachmann (baritone), City of Birmingham Symphony Orchestra, CBSO Chorus and Youth Chorus, Andris Nelsons (conductor). [Blu-ray] Recorded at Coventry Cathedral, 30 May 2012. (Arthaus Musik GmbH 108 070).**

Cowell, H. (1993) *Persian Set.* **Manhattan Chamber Orchestra, Richard Auldon Clark (conductor). [CD] Koch International Classics (3-7220-2H1).**

Dodge, C. (1994) Speech songs. In: *Any Resemblance is Purely Coincidental.* **[CD] (New Albion Records NA043).**

Saint-Saëns, C. (2007) *Violin Concerto No. 3, etc.* **Jean-Jacques Kantorow (violin), Heini Kärkkäinen (piano), Tapiola Sinfonietta, Kees Bakels (conductor). [CD] Recorded at Tapiola Concert Hall, Finland, September 2004. (BIS-CD-1470).**

Vaughan-Williams, R. (2001) *Dona Nobis Pacem and Other Works.* **London Philharmonic Orchestra, Sir Adrian Boult (conductor). [CD] (EMI 574782).**

Verdi, G. (2003) *Il Trovatore.* **Eva Marton, Dolora Zajick, Luciano Pavarotti, Sherrill Milnes (soloists), Metropolitan Opera Chorus & Orchestra, James Levine (conductor). [DVD] Recorded at the Metropolitan Opera House, New York, 1988. (Edizioni Del Prado 073 064-9).**

A disc may have a collection of several recordings made at completely different times and places and/or with completely different performers. This is especially common with historical recordings/re-releases. Each distinct recording should be listed like chapters in an edited collection. You only need to list those mentioned in your work

Examples:

Messiaen, O. (2007a) *Les Offrandes Oubliées.* **Orchestre de l'Association des Concerts Gabriel Pierné, Roger Désormière (conductor). [Vinyl 78rpm] Recorded in Paris, 8 December 1942. In:** *Les Rarissimes de Olivier Messiaen [sic].* **(EMI France 0946 385275 2 7).**

Messiaen, O. (2007b) 'Regard de l'esprit de joie' (No.10) from *Vingt Regards sur L'Enfant-Jésus.* **Yvonne Loriod (piano). [CD] Recorded at Studio Albert, Paris, 19 June 1946. In:** *Les Rarissimes de Olivier Messiaen [sic].* **(EMI France 0946 385275 2 7).**

The year given in brackets is that of the disc consulted, not the date of recording, and definitely not the year the work was composed.

Catalogue numbers listed in online library catalogues or online shopping sites (e.g. Amazon) are often their internal reference numbers **not** the catalogue number of the disc assigned by the record company. Always check the disc itself.

Studies of early recordings will often have additional information, such as the original record company, original catalogue number and matrix numbers (these identify which wax master was used). Sometimes information for all subsequent re-releases will also be given.

5.4.5   A live music performance

 For referencing live **non-musical** performances follow the advice in You are more likely to need to refer to reviews of performances in magazines or newspapers rather than to concerts that you actually attended. However, should you need to refer to these the citation order is:

As examples:

Dylan, B. (2000) *Bob Dylan in Concert.* **Sheffield Arena, Sheffield, UK, 22 September.**

O'Connor, S. (1992) *Bob Dylan 30th anniversary concert.* **Madison Square Garden, New York, 16 October.**

In the text of your work these would appear as:

Bob Dylan's voice (2000) was barely audible against the backdrop of an admittedly accomplished backing band, a fact not unnoticed by most of the increasingly disgruntled crowd.

O'Connor (1992) was shunned by American audiences, particularly noticeable at Bob Dylan's 30th Anniversary concert, when booing broke out.

A programme note

These are often written by academics who should be identified in the programme. The format is:

If the author of a note is not identified it is likely to be a more generic note and so less useful. In those cases, you would use the title in place of the author's name. The date is the year of the concert and the title is the title of the piece unless the programme note has its own title. **Concert programmes** tend not to have any publication information. Where possible, give the concert name or series title, and otherwise give the venue and place and date of the concert. Finally, indicate what the type of material is. For example:

Lewis, A. (2006) *Penmon Point.* **[programme note] Soundings Festival, Reid Concert Hall, Edinburgh, 3 February.**

In your text this would appear as:

(Lewis, 2006: programme note)

5.4.6 A music download

iTunes is not a database: it is a shop with an associated piece of software that allows you to manage what you have bought in the shop. In the same way that you would not include HMV when referring to a CD you bought there, you do not need to mention iTunes as such. You would use the normal discography details which iTunes provides: right click on the track and select "Get info". However, iTunes does not give you the catalogue numbers, so you may need to do more research on the recording company's website. This applies to any recording where you do not physically have the CD just the mp3/aac (or other format) sound file.

The required elements for a full reference for a single track are:

For example:

Victoria, T. L. de (1996) 'Lauda sion salvatorem'. Westminster Cathedral Choir, James O'Donnell (conductor). In: *Victoria: Missa Dum complerentur.* **[electronic download]**

Hyperion Records. Available through: http://www.hyperion-records.co.uk/dw.asp?dc=W6875_66886&vw=dc [Accessed 28 July 2016].

5.4.7   An audio streamed musical piece

Spotify doubles as a shop and a database in that, unlike iTunes, you can listen to complete tracks without buying them. If you have only accessed the track through live streaming, then the format will be identical again but with an indicator of which service you streamed it from and a different "type of material" indicator at the end. If you accessed it via a website, give a URL (Available through….); but Spotify has its own interface software.

The required elements for a full reference are:

For example:

Victoria, T. L. de (1996) 'Lauda sion salvatorem', Westminster Cathedral Choir, Stephen Cleobury (conductor). In: *Allegri: Miserere*. [audio stream] Decca Eclipse. Available through: https://www.spotify.com/uk/ [Accessed 17 July 2013].

5.4.8   A CD/DVD note

To reference CD/DVD notes, use a similar format to programme notes:

As an example:

Berio, L. (1998) The Sequenzas. In: *Berio Sequenzas*. [CD note] Ensemble Intercontemporain. (Deutsche Grammophon 457038-2).

In your text this would appear as:

(Berio, 1998: CD notes)

5.5   Referencing Other Sources

Hansard overview

Hansard provides the official report of all parliamentary debates and is online at
http://hansard.parliament.uk/. As well as reports from the latest sittings of Parliament, the online
material contains the House of Commons archive from 1988 and the House of Lords archive from
1995. The online content also includes historic debates from 1803.

The BCU Harvard style for referencing Hansard (apart from written questions and answers) conforms
to the House of Commons Information Office Factsheet G17.

Hansard references (apart from written questions and answers) should NOT be included in your
reference list as their citation contains the entire reference. Just include the word "*Hansard*" in italics
followed by a comma then the reference detail.

5.5.1   A Hansard entry

The BCU Harvard style for referencing Hansard conforms to the House of Commons Information
Office Factsheet G17.

References to Hansard entries should be given in the following form:

Examples:

HC Deb 9 July 2015 vol 598 cc432-434

HL Deb 20 July 2015 vol 764 cc899-901

In quoting very old Hansards it is usual to include the series number:

HC Deb (4th series) 26 August 1907 vol 169 cc179-180

Hansard entries should not be included in your reference list as their citation contains the entire
reference.

Examples in the text of your work are:

**This was because, as Cameron stated in the House of Commons, "Central government do not,
and cannot, have all the answers" (*Hansard*, HC Deb 24 May 2005 vol 434 c661).**

**The case of Michael Stone was cited in the debate about the reform of mental health
legislation as a key driver (*Hansard*, HL Deb 10 Jan 2007 vol 688 c299).**

**It was considered by Lord Irvine, the Lord Chancellor (*Hansard*, HL Deb 18 November 1997 vol
583 c475) and Home Secretary Jack Straw (*Hansard,* HC Deb 20 May 1998 vol 312 c981) that
Section 8 of the *Human Rights Act* provides the courts with an effective remedy for any
breach of Convention rights.**

5.5.2   A Hansard written statement

The BCU Harvard style for referencing Hansard conforms to the <u>House of Commons Information Office Factsheet G17</u>.

References to written statements in Hansard should be given in the following form:

Examples:

HC Deb 19 July 2017 vol 627 c47WS

Hansard references should not be included in your reference list as their citation contains the entire reference. Just include the word "Hansard" in italics followed by a comma then the reference detail. Most written ministerial statements are made in both Houses so the House of Commons statement is usually preferred, for example:

The revised proposals for the EBacc were detailed in July 2017 in response to a consultation that had closed at the end of January 2016. The Government stated that "it is our ambition that 75% of year 10 pupils in state-funded mainstream schools will start to study GCSEs in the EBacc combination of subjects by September 2022 (*Hansard*, HC Deb 19 July 2017 vol 627 c47WS).

5.5.3   A Hansard written question or answer

The BCU Harvard style for referencing Hansard written questions and answers is based on the advice given by Debbie Cesvette, Executive Officer at the House of Commons in *Cite Them Right* (Pears and Shields, 2016: 51 and xix). Since 12 September 2014 written questions and answers have been published online so the Hansard column reference is no longer used. You must cite the HC or HL number so that references to written questions and answers since that date should be given in the following form:

Examples:

Mulholland, G. (2016) Radicalism. *UK Parliament: Written question*, 20 June, HC 41047. Available at: <u>http://www.parliament.uk/business/publications/written-questions-answers-statements/written-question/Commons/2016-06-20/41047/</u> [Accessed 18 July 2016].

Bradley, K. (2016) Radicalism. *UK Parliament: Written answer*, 28 June, HC 41047. Available at: <u>http://www.parliament.uk/business/publications/written-questions-answers-statements/written-question/Commons/2016-06-20/41047/</u> [Accessed 18 July 2016].

Unlike other types of Hansard reference, written questions and answers should be included in your reference list.

When citing them just use the normal BCU Harvard format. For example,

(Bradley, 2016)

5.5.4   A Hansard entry from Westminster Hall

Since 1999, Westminster Hall debates have given MPs an opportunity to raise local or national issues and receive a response from a government minister. These debates take place away from the main debating chamber and are reported in Hansard.

The BCU Harvard style for referencing Hansard conforms to the House of Commons Information Office Factsheet G17.

References to entries in Hansard from Westminster Hall should be given in the following form:

Example:

HC Deb 12 July 2017 vol 627 c159WH

Hansard entries from Westminster Hall should not be included in your reference list as their citation contains the entire reference. Just include the word "Hansard" in italics followed by a comma then the reference detail, for example:

Diane Abbott reflected that "the rise in the use of online media has turbocharged abuse" (*Hansard*, HC Deb 12 July 2017 vol 627 c159WH). The anonymity offered by social media combined with the ease and speed of communicating with an MP has resulted in her receiving mindless sexist and racist abuse on a daily basis.

5.5.5   A Hansard Public Bill Committee entry

The BCU Harvard style for referencing Hansard conforms to the House of Commons Information Office Factsheet G17.

Hansard Public Bill Committee entries should not be included in your reference list as their citation contains the entire reference.

Standard entries

References to standard entries in Hansard to Public Bill Committees should be given in the following form:

Example:

Digital Economy Bill Deb 28 November 2016 cc1268-1368

Abbreviated entries

The format for abbreviated Public Bill Committee entries is:

Example:

PBC Deb (Bill 87) 28 November 2016 cc1268-1368

When citing, just include the word "*Hansard*" in italics followed by a comma then the reference detail. The Bill number may be omitted if the context is obvious, for example:

Mr. Kevin Brennan tabled an Opposition amendment, new Clause 19, to the Digital Economy Bill (*Hansard*, PBC Deb 28 November 2016 c1330) to "explicitly provide for councils to share benefit data with schools, thus allowing eligible children to be automatically enrolled to receive free school meals rather than having to apply".

5.5.6   A Hansard Standing Committee entry

The BCU Harvard style for referencing Hansard conforms to the [House of Commons Information Office Factsheet G17](#).

Standing Committee entries exist up to 2006. The format for referencing them is:

For example:

SC Deb (A) 13 June 1996 c301

Hansard Standing Committee entries should not be included in your reference list as their citation contains the entire reference. Just include the word "*Hansard*" in italics in your text followed by a comma then the reference detail, for example:

During the committee stage in the House of Commons, the Minister for Construction, Planning and Energy Efficiency, Mr Robert Jones, made it clear (*Hansard*, SC Deb (A) 13 June 1996 c301) that "all normal construction activities on a process engineering site will be subject to the provisions of the Bill".

Referencing legal and governmental sources

5.5.7   A recent act of UK Parliament

 Reference an act by its short title and date in the format:

For example:

Care Act 2014, **c. 23. London: The Stationery Office.**

You may have viewed the full-text of an act of the UK Parliament through a subscription site such as Lexis or WestLaw, or directly through the UK Government's legislation website. However, you should cite the act as if you have used the printed source.

Acts of the UK Parliament are divided into sections, subsections, paragraphs and sub-paragraphs. In addition, many acts contain schedules that may themselves be divided into paragraphs and sub-paragraphs. In your work, it will normally be sufficient to refer to the section number or schedule number and paragraph. To refer to a particular element of the act use s or ss (section or sections) Pt (Part) or Sch and para (Schedule and paragraph within a schedule). There is no full stop between the short form and the number or letter.

Examples of in-text citations:

The Criminal Finances Act 2017, Pt 3, ss 45 and 46 reformed the law relating to tax evasion…

S 172(1) of the Companies Act 2006 states that a Director must….

Under Sch 1, Pt 1, s 6(1) of the Equality Act 2010, cancer, HIV infection and multiple sclerosis are all treated as disabilities.

5.5.8   An act of UK Parliament before 1963

For Acts prior to 1963, the regal year and parliamentary session are included in the format:

Example:

Road Transport Lighting Act 1957 **(5 & 6 Eliz. 2, c. 51). London: HMSO.**

For acts published earlier than 1889, which was when HMSO was granted letters patent to print all acts of Parliament, supply the source you used to view the act.

Example:

Act of Supremacy 1534 **(26 Hen. 8, c. 1). In:** *The Statutes of the Realm* **(1817). London: George Eyre and Andrew Strahan, Vol. 3, p. 508.**

Examples of in-text citations:

Traffic wardens were employed to enforce the law with respect to an offence, one of which was of a vehicle being left or parked on a road without the lights or reflectors as required by law during the hours of darkness, as defined by the Road Transport Lighting Act 1957.

The Act of Supremacy (1534) cut the connection between England and the Pope in Rome.

5.5.9   A Statutory Instrument

Subordinate (delegated) legislation is issued in a series called Statutory Instruments (SIs) which have been published in paper form since 1894. They should be cited by their designated title which includes the year they were passed followed by SI year/number in the format:

For example:

The NHS Bodies and Local Authorities (Partnership Arrangements, Care Trusts, Public Health and Local Healthwatch) Regulations 2012, SI 2012/3094. London: The Stationery Office.

Examples in the text of your work are:

The Local Authority (Duty to Secure Early Years Provision Free of Charge) Regulations 2014 (SI 2014/2147) ("the 2014 Regulations") are made under section 7 of the 2006 Act.

The Construction (Design and Management) Regulations 1994 (CDM Regulations) brought new responsibilities to all those involved in the construction process….

5.5.10 A legal case in England & Wales since 2001 with a neutral citation

The BCU Harvard format for legal cases follows the 4th edition of the OSCOLA standard.

Reported judgments

Where judgments have been reported, give the neutral citation followed by a citation of the most authoritative report, separated by a comma in the format:

Since 2001, neutral citations have been used by the House of Lords, Privy Council and the Supreme Court which are independent of any law report. Citations appear in the format:

Examples:

Coventry v Lawrence [2014] UKSC 46, [2015] AC 106

Crabbie v General Medical Council [2002] UKPC 45, [2002] 1 WLR 3104

Holmes-Moorhouse v Richmond-upon-Thames London Borough Council [2009] UKHL 7, [2009] 3 All ER 277

Montgomery v Lanarkshire Health Board [2015] UKSC 11, [2015] 2 WLR 768

This practice was extended to all divisions of the High Court in 2002. These appear in the format:

where division abbreviation is either Ch (for Chancery) QB (for Queen's Bench) Fam (for Family) Admin (for Administration), Comm (for Commercial) and so on for all 12, for example:

Houshian v General Medical Council **[2012] EWHC 3458 (QB), [2012] All ER (D) 53 (Dec)**

Johnson and another v Nursing & Midwifery Council **[2013] EWHC 2140 (Admin), [2013] All ER (D) 234 (Jul)**

Monte Developments Ltd (in administration) v Court Management Consultants Ltd **[2010] EWHC 3071 (Ch), [2011] 1 WLR 1579**

It was also extended to the two divisions of the Court of Appeal (EWCA) in 2002. These appear in the format:

where "Civ" stands for "Civil" and "Crim" stands for "Criminal", for example:

Halsey v Milton Keynes General NHS Trust **[2004] EWCA Civ 576, [2004] 1 WLR 3002**

R v Tucker **[2016] EWCA Crim 13, (2016) 180 JP 225**

Unreported judgments

Where a judgment with a neutral citation has not been reported, give only the neutral citation as in the two examples below. But check before you submit your work as cases may have subsequently been reported. In civil appeals, Practice Direction 6 advises that transcripts of unreported judgments should only be cited when they contain an authoritative statement of a relevant principle of law not to be found in a reported case or when they are necessary for the understanding of some other authority. Despite the move to digital, 78.4% of cases heard in the appeal courts from 1999 to August 2017 were unreported (Gerami, 2017).

Example:

KAT v Torbay Council **[2018] EWCA Civ 3045**

Transcripts of judgments with neutral citations are generally freely available on the British and Irish Legal Information Institute website and so appear online quicker than printed versions. The cases are numbered consecutively throughout the year.

The abbreviations used are standard legal abbreviations for sources. You can find these using the Cardiff Index to Legal Abbreviations.

5.5.11 A legal case in England & Wales before 2001

 The BCU Harvard format for legal cases follows the 4th edition of the OSCOLA standard.

On p. 17 of this document it is advised that in England and Wales the Law Reports series published by the Incorporated Council of Law Reporting should be regarded as the most authoritative reports.

Different series of the Law Reports cover judgments of the House of Lords/Supreme Court and Privy Council (Appeal Cases), the Chancery Division, the Family Division, the Queen's Bench Division and so on. These law reports are always cited with square brackets because there is more than one volume in the year.

In 2001, the House of Lords, Privy Council, Court of Appeal and Administrative Court began issuing judgments with a neutral citation which identified the judgment independently of any law report. This was adopted by all divisions of the High Court in 2002.

For cases before 2001, if a judgment was not reported in the Law Reports, cite the Weekly Law Reports or the All England Law Reports. Only if a judgment was not reported in one of these general series should you refer to specialist sources such as *Housing Law Reports*, *Construction Law Journal* or *Butterworths Medico-Legal Reports*. The dates for these specialist series, such as in the example of *Vadera v Shaw* below, are cited in round brackets because the volume number is different to the year.

In your Table of Cases the format for cases before 2001 is:
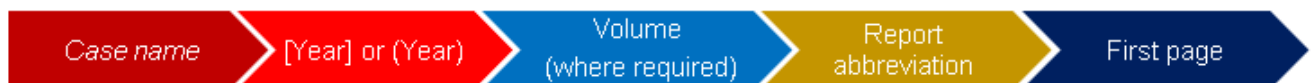

Examples are:

***Bolitho (Deceased) v City and Hackney Health Authority* [1998] AC 232**

***Cambridge Water Co v Eastern Counties Leather plc* [1994] 2 AC 264**

***Hedley Byrne v Heller* [1964] AC 465**

***Hunter v Canary Wharf* [1997] AC 655**

***R v Adomako* [1995] 1 AC 171**

***R v Bloxham (Albert John)* [1983] 1 AC 109**

***Vadera v Shaw* (1999) 45 BMLR 162**

When citing and referencing Law Reports, case names should always be in italics. When a particular passage is being quoted or referred to in your text, the specific page reference must be included, for example: **The facts of the case outlined in *Jones v Tower Boot Co Ltd* [1997] 2 All ER 406 at 411 show that…**

When referring to a case for the first time, give its full name (exactly as it appears in the report). However, in subsequent references, a case can be referred to by a shortened name, for example *Murphy v Brentwood District Council* may be referred to as the *Murphy* case.

When the judge is being quoted or referred to in a particular passage, the judge's name should be provided as part of the citation, for example: **That was the opinion of Lord Mackay LC in *Pepper v Hart* [1993] 1 All ER 42 at 47…**

Examples in the text of your report:

In the case of *Broom v Cassell & Co* [1972] AC 1027 the Court of Appeal refused to follow the decision made in *Rooks v Barnard* [1964] AC 1129 on the circumstances in which exemplary damages could be awarded…

***Bolam* was applied in *Nye Saunders and Partners (a firm) v Alan E. Bristow* (1987) BLR 92. There Brown LJ said at 103 " the duty and standard of care to be expected from [the architect] was accepted as being that which applied to any profession requiring special skill, knowledge or experience".**

5.5.12 A House of Commons or House of Lords paper

These papers are produced by a Select Committee or for a Government department. These papers are published online but academic practice is to cite the publications as if they are in a printed form.

The required elements for a reference are:

Use the Government Department for which the report was commissioned, the name of the Select Committee, the name of the Royal Commission or the surname of the Chair of the inquiry as the corporate author. Include the House of Commons number and the year of the session in round brackets at the end of the reference to help identification.

Examples:

Chilcot, J. (2016) *Report of the Iraq Inquiry. Executive Summary.* London: The Stationery Office (HC 264 2016-17).

Francis, R. (2013) *Report of the Mid-Staffordshire NHS Foundation Trust Public Inquiry.* London: The Stationery Office (HC 898 2012-13).

Hillsborough Independent Panel (2012) *The Report of the Hillsborough Independent Panel.* London: The Stationery Office (HC 581 2012-13).

Leveson, B.H. (2012) *An Inquiry into the Culture, Practices and Ethics of the Press: Report.* London: The Stationery Office (HC 780 2012-13).

Written or oral evidence

Written and oral evidence is given to Select Committees which you may wish to cite but is not always published with the report. Use the format:

Examples:

Birmingham City University (2018) Written evidence (RES0059). In: House of Commons Science and Technology Select Committee. *Research Integrity. Responses from Universities on the Concordat.* Available at: https://www.parliament.uk/documents/commons-committees/science-

technology/Correspondence/Research-Integrity-letters.pdf (Accessed 20 August 2018).

Ulgen, O. (2017) Written evidence (AIC0112). In: House of Lords Select Committee on Artificial Intelligence. *The Ethical Implications of Developing and Using Artificial Intelligence and Robotics in the Civilian and Military Spheres.* **Available at: http://data.parliament.uk/writtenevidence/committeeevidence.svc/evidencedocument/artificial-intelligence-committee/artificial-intelligence/written/69598.html (Accessed 20 August 2018).**

5.5.13   A UK Government Command Paper

Use the Government Department for which the report was commissioned, the Royal Commission or the surname of the Chair of the inquiry as the corporate author. Include the Command Paper number in round brackets at the end of the reference to help identification in the format:

Examples:

Department for Culture, Media and Sport and Department for Business Innovation and Skills (2010) *Digital Britain: Final report.* **London: The Stationery Office (Cm 7650).**

Royal Commission on Civil Liability and Compensation for Personal Injury (1978) *Report: Vol.1.* **London: HMSO (Cmnd. 7054-I).**

Laming, L. (2003) *The Victoria Climbié Inquiry: Presented to Parliament by the Secretary of State for Health and the Secretary for the Home Department by command of Her Majesty.* **London: The Stationery Office (Cm 5730).**

Munro, E. (2011) *The Munro Review of Child Protection: Final report. A child-centred system.* **London: The Stationery Office (Cm 8062).**

Where UK Government publications do not have a Command paper number, where the UK Government is the author and where the source is available online, use the most suitable format from the referencing electronic sources pages.

For example:

HM Government (2019) *Environmental Reporting Guidelines: Including streamlined energy and carbon reporting guidance.* **[pdf] Available at: https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/850130/Env-reporting-guidance_inc_SECR_31March.pdf [Accessed 28 August 2020].**

UK Government (2020) *Types of British Nationality.* **Available at: https://www.gov.uk/types-of-british-nationality [Accessed 28 August 2020].**

5.5.14 A UK Government departmental paper

Use the Government department for which the report was commissioned or the surname of the chair of the inquiry as the corporate author in the format:

Examples:

Communities and Local Government (2010) *Form and Function: A comparative evaluation of the effectiveness of unitary authorities and two-tier structures – literature review.* **London: Communities and Local Government.**

Department for Children, Schools and Families (2010) *Working Together to Safeguard Children: A guide to inter-agency working to safeguard and promote the welfare of children.* **London: Department for Children, Schools and Families.**

Latham, S. M. (1994) *Constructing the Team: The Latham report.* **London: HMSO.**

5.5.15 Legislation in the Official Journal of the European Union (OJ)

The primary legislation of the European Union consists of the founding treaties. Secondary legislation consists of regulations, directives, decisions, recommendations and opinions.

The full reference will be to the authoritative text in the *Official Journal* (abbreviated to OJ) *of the European Union* where the secondary legislation was first published, together with the title, date and page numbers.

These references will appear in your reference list in the format:

Examples are:

European Commission (2015) Regulation (EU) 2015/848 of the European Parliament and of the Council of 20 May 2015 on insolvency proceedings (Recast). *OJ,* **L141/19, 5 June, pp. 19-72.**

European Commission (2014) Directive 2014/24/EU of the European Parliament and of the Council of 26 February 2014 on public procurement and repealing Directive 2004/18/EC. *OJ,* **L94/65, 28 March, pp. 65-242.**

Council of the European Union (2003) Council Decision 2003/33/EC of 19 December 2002 establishing criteria and procedures for the acceptance of waste at landfills pursuant to Article 16 of and Annex II to Directive 1999/31/EC. *OJ,* **L11/27, 16 January, pp. 27-49.**

European Commission (2012) Consolidated version of the Treaty on the functioning of the European Union. *OJ,* **C326/47, 26 October, pp. 47-390.**

Examples of citing in-text:

Regulation	**Regulation (EU) 2015/848 on insolvency proceedings (the "Recast Regulation") (European Commission, 2015) will apply to all insolvency proceedings from 26 June 2017 and heralds a number of changes in the discipline.**
Directive	**The decision to implement the Public Contracts Regulations 2015 in England, Wales and Northern Ireland has been taken over a year in advance of the EU's deadline for implementation of the new EU Public Sector Procurement Directive 2014/24/EU (European Commission, 2014).**
Decision	**The EU Council Decision (Council of the European Union, 2002) states in section 2.2.3 that non-hazardous gypsum-based materials should be disposed of only in landfills for non-hazardous waste in cells where no biodegradable waste is accepted.**
Treaties	**In the field of environmental management the causation principle is known under Article 191 of the Treaty on the Functioning of the European Union (TFEU) as "the polluter pays principle" (European Commission, 2012).**

5.5.16 A European Union document not in the Official Journal

Other European Union documents, such as proposals and reports, should be in the format:
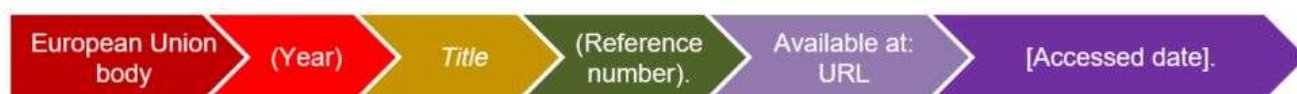

Examples:

Article 29 Working Party (2005) *Working Document on Data Protection Issues Related to Intellectual Property Rights* **(WP104). Available at: http://ec.europa.eu/justice/article-29/documentation/opinion-recommendation/files/2005/wp104_en.pdf (Accessed 21 August 2018).**

European Commission (2016) *Proposal for a Directive of the European Parliament and of the Council on Copyright in the Digital Single Market* **(COM (2016) 593 Final). Available at: https://eur-lex.europa.eu/legal-content/EN/TXT/PDF/?uri=CELEX:52016PC0593&from=EN (Accessed 21 August 2018).**

European Parliament (2018) *Report on the Proposal for a Directive of the European Parliament and of the Council on Copyright in the Digital Single Market, 29 June 2018* **(COM(2016)0593 – C8-0383/2016 – 2016/0280(COD)). Available at: http://www.europarl.europa.eu/sides/getDoc.do?pubRef=-//EP//NONSGML+REPORT+A8-2018-0245+0+DOC+PDF+V0//EN (Accessed 21 August 2018).**

European Parliament (2018) *Data Retention Rules on Article 13 of the Proposed Directive on Copyright in the Digital Single Market.* **European Parliament: Written Answer, 2 July 2018, given by Ms Jourová on behalf of the Commission. Available at: http://www.europarl.europa.eu/sides/getAllAnswers.do?reference=E-2018-001848&language=EN (Accessed 21 August 2018).**

5.5.17 An international treaty or convention

There are over 560 major multilateral treaties deposited with the Secretary-General of the United Nations. You are best advised to cite from the UN Treaty pages using the following guidance:

Examples:

Convention on Access to Information, Public Participation in Decision-making and Access to Justice in Environmental Matters **(1998) 2161 UNTS 447**

Convention on the Rights of the Child **(1989) 1577 UNTS 3**

Protocol Relating to the Status of Refugees **(1967) 606 UNTS 267**

You may also find that these documents are reproduced on various UN agency web pages, in which case cite as a web page, but this leads to anachronisms with the dates:

Examples:

UNECE (1998*) Convention on Access to Information, Public Participation in Decision-making and Access to Justice in Environmental Matters***. Done at Aarhus, Denmark, 25 June. Available at: https://www.unece.org/fileadmin/DAM/env/pp/documents/cep43e.pdf [Accessed 17 February 2018].**

UNICEF (2010) *The United Nations Convention on the Rights of the Child***. Available at: http://www.unicef.org.uk/wp-content/uploads/2010/05/UNCRC_PRESS200910web.pdf [Accessed 22 March 2018].**

UNOHCHR (2018) *Protocol Relating to the Status of Refugees***. Available at: https://www.ohchr.org/EN/ProfessionalInterest/Pages/ProtocolStatusOfRefugees.aspx [Accessed 20 December 2018].**

In the text of your work, cite the Treaty or the article of the Convention to which you are referring, for example:

According to Article 31 of the *Convention on the Rights of the Child* **(1989) children have the right "to rest and leisure, to engage in play and recreational activities appropriate to the age of the child and to participate freely in cultural life and the arts".**

For European treaties, follow the guidance in section 5.5.15 the Official Journal (OJ) of the European Union legislation.

Referencing unpublished sources

5.5.18 Notes of a lecture

As with other materials, it is likely that a lecture will have an author and title and a place where it was delivered. There will also be a year and date in which it was delivered. Additionally the lecture is likely to be part of a course or module. The required elements for your notes are:

For example:

Good, R. (2018) Visual communication of design ideas. *LAN6110 Designed Ecologies.* BA (Hons) Landscape Architecture, Birmingham City University, 10 December [lecture notes taken by Jessica Chandler].

However, as this material is usually uploaded to Moodle, you are now far more likely to want to reference lecture sections or lecture slides from a Moodle site, details of which are in the following sections.

5.5.19 Material in a virtual learning environment

For an entire Moodle site the required elements are:

For example:

Jenkins, C. (2018) *NUR5070 Mental Health Nursing Practice 2.* Faculty of Health, Education and Life Sciences, Birmingham City University. Available through: https://moodle.bcu.ac.uk/course/view.php?id=54132 [Accessed 7 August 2019].

A lecture section on a virtual learning environment

For lecture notes that are supplied with each week's lecture in Moodle, use the following format where the production and availability information follow the title:

For example:

Vreugdenhil, C. (2018) The effect of memantine on cognitive function and neurodegeneration in dementia. *NUR5070 Mental Health Nursing Practice 2.* Faculty of Health, Education and Life Sciences, Birmingham City University. Available through: https://moodle.bcu.ac.uk/course/view.php?id=54132 [Accessed 7 August 2019].

Slides of a lecture on a virtual learning environment

For presentations, the medium appears after the title and before the production and availability information, in the format:

For example:

Walsh, A. (2018) Depression & older people. [PowerPoint presentation] *NUR5070 Mental Health Nursing Practice 2.* **Faculty of Health, Education and Life Sciences, Birmingham City University. Available through: https://moodle.bcu.ac.uk/course/view.php?id=54132 [Accessed 7 August 2019].**

A forum posting or a discussion board

When referring to forum postings or discussion boards, include the full details within your reference list so that the forum post can be identified on the Moodle page. Use the format:

In your references:

Moseley, A. (2015) Obtaining absorption coefficients for modelling. *CEBE DMT Sound Forum: Acoustics, acoustic fundamentals, acoustic applications, acoustics and psychoacoustics, acoustic engineering.* **Faculty of Computing, Engineering and the Built Environment, Birmingham City University, 6 November. Available through: https://moodle.bcu.ac.uk/mod/forum/discuss.php?d=23468 [Accessed 7 August 2019].**

In the text of your work, for example:

Moseley (2015) advised that diffraction effects at the edge of a sample means that the sample appears to be larger, with increased absorption. This leads to results for total absorption in excess of the total surface area and therefore an absorption coefficient in excess of 1.

For publicly available discussion groups please refer to section 5.2.10 on referencing email correspondence/discussion lists. You do not have to paste the whole forum post into your reference list.

5.5.20 A personal communication

You may wish to refer to the ideas of another with whom you have had verbal or written communication in whatever format. Make sure that the author is the surname of the person or the organization that is the source of the idea or information. You may need to obtain permission to include the reference in your work and you may wish to include any written communication as an Appendix.
For example:

Nursing and Midwifery Board of Ireland (2016) *Nursing and Midwifery Board of Ireland's Active Register.* **(Personal communication, 17 March).**

Rossetti, N. (2011) *Turboden Heat Recovery.* **[email] (Personal communication, 19 April).**

Skone, T. (2013) *Life-cycle Assessment of Coal-fired Power Plants.* **(Personal communication, National Energy Technology Laboratory, 5 March).**

5.5.21 An internal report or presentation

You may wish to reference slides from a presentation that you attended or has been supplied to you where the presentation or report is not available online. An example is a presentation from the organisation where you were on placement. Please check first with the organisation that they give you permission to use the material in your work. In a health context you will need to follow the guidance in section 1.4.2 maintaining confidentiality. The required elements for a reference are:
Examples:

Ireson, G. (1996) *Improving the Links Between the Teaching of Physics and Mathematics in the 16-19 Age Range.* **Internal Institute of Physics report. Unpublished.**

Smith, I. and Emmerson, P. (2009) *Travel Plans: The potential is realised. Evidence from the Highways Agency's ITB programme.* **[PowerPoint slides] Internal TRICS presentation. Unpublished.**

5.5.22 A forthcoming publication

A forthcoming book

If you have access to a forthcoming book, use the words "in press" and use the format:

Examples:

Harrison, E. and Rentzelas, P. (2020, in press) *Your Psychology Dissertation.* **London: Sage.**

Book chapters

If you have access to a forthcoming book chapter use the format:
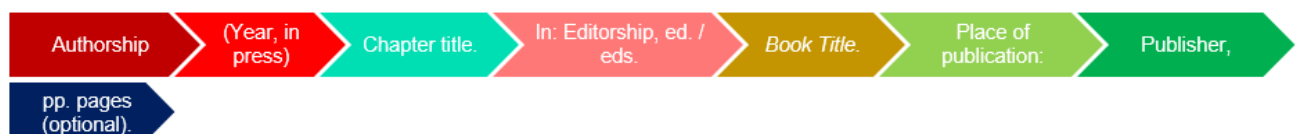

In your reference list include the words "in press" as in the following example:

Dines, M. and Grimes, M. R. (2021, in press) "Message from thee temple": magick, occultism, mysticism, and psychic TV. In: G. Gregory and M. Dines, eds. *Exploring the Spiritual in Popular Music: Beatified beats*. London: Bloomsbury Academic, Chapter 10.

A forthcoming journal article

To reference a forthcoming journal article that is pre-published online, see <u>section 5.2.2.</u>

5.5.23 A piece of archive material

If you have used material from archives or special collections, the required elements for a reference are:

For example:

Birmingham Municipal School of Art (1885-1888) *School of Art Management Sub-Committee Minutes, Vol. 1.* [manuscript] Birmingham City University Art and Design Archives, SA/AD/2/1. Birmingham: Birmingham City University Art and Design Archives.

An in-text reference for the above example would read:

(Birmingham Municipal School of Art, 1885-1888)

Occasionally you may need to refer to unpublished material that is held in an archive or private collection. Examples of these are:

Grist, J. (2004) *The Century before Yesterday: John Grist's BBC and other broadcasting tales.* Volume 2 (unpublished memoir, private collection).

Strong, R. (1895) *Education in Nursing*. King's College London Archives, KCL/RBNA 2/9. London: King's College London Archive Services.

5.5.24 A pamphlet

A pamphlet is an unpublished item which nonetheless may contain relevant material which you would like to include in your work, especially if it is of a historical nature. Use the same format as a book but you may not have all the bibliographic details required for this format. You may therefore need to include some of the abbreviations shown in <u>section 1.4.1</u>. Provide the location of the unpublished pamphlet and use the format:

Examples:

Cinema Theatre Association (2002) *Films Return to the Avenue Theatre*. Teddington: Cinema Theatre Association. Unpublished pamphlet held at the Local History Centre, West Ealing Library.

Llwchwr Urban District Council (195?) *Official Guide to Lougher, Pontardulais, Gorseinon, Gowerton, Llangyfelach & District, Glamorganshire.* 3rd edn. Croydon: s.n. Unpublished pamphlet held at the Bodleian Library, University of Oxford, G.A. Glam. 8° 72 (v.).

5.5.25 An interview

A transcript of your interview must be included in an appendix in your piece of work (check your guidelines for more information about this). The citation for this interview in your work should then refer to Appendix A as, for example:

In a personal interview (Appendix A) Gavigan explains her reluctance….

You may also use '(see Appendix A)', but remember that you should be consistent throughout your work.

Clearly you need to check with the interviewee that they are in agreement with a transcript of the interview being made.

An interview will normally be with a named person on a particular date and conducted by a specific person but you will need to provide a title. It is useful to give the venue.

In your reference list you must provide the following details for interviews you have conducted yourself:

For example:

Branson, R. (2014) Interviewed by John Doe (use your name here) **at Birmingham City University** (the location you interviewed them)**, 4 July.**

For interviews in printed sources, from broadcasts, or from sources that feature as part of additional material on DVD, use the format of the source, following the guidance on these pages, for example:

Downey, A. (2016) Future imperfect: focus on visual culture in the Middle East. Interviewed by Alan Cruikshank. *Di'Van | A Journal of Accounts,* **1, pp. 110-119.**

Grange, K. (2011) Interview with Kenneth Grange. Interviewed by Mark Lawson for *Front Row.* **[radio programme] BBC, UK***,* **19:15, 18 July, BBC Radio 4, 35 mins.**

Morgan S. (1996) Beyond control: an interview with Susan Hiller. In: *Susan Hiller* **[exhibition catalogue] Exhibition held at Tate Gallery, Liverpool, 20 January – 17 March. London: Tate Gallery Publishing.**

Interview with Wim Wenders*, Land of Plenty.* **[documentary extra, DVD] Directed by Wim Wenders. Interviewed by Mark Cousins. Axiom Studios, USA/Germany/Canada, 2004 [Axiom Studios, AXM555, 2008] 6 mins.**

Whitburn, V. (2010) I'm steeped in the countryside: interview with Vanessa Whitburn. Interviewed by Elisabeth Mahoney for *The Guardian: Media supplement,* **13 December, p. 5.**

A recorded interview available online

You may need to quote interviews with people that appear on video hosting sites such as YouTube or Vimeo or are available on a web page. In all these cases, you need to ensure that you cite the speaker's ideas in author/date style in the format:

Examples:

Hunter, K. (2016) *Shakespeare for Inclusive Audiences.* **[video] Interviewed by Michael Dobson. Available through:** **https://www.digitaltheatreplus.com/** **[Accessed 03 August 2017].** [in this example use Available through: as *Digital Theatre Plus* is a subscription site]

Rajlich, V. (2011) *Another Conversation with Vasik Rajlich (on Rybka Chess).* **[video] Interview with Nelson Hernandez. Available at:** **http://www.youtube.com/watch?v=cQshTNJ4pSM** **[Accessed 30 July 2014].**

Yuzna, B. (2015) *ScratchTVBCU Brian Yuzna Interview.* **[video] Interviewed by Chrissy Hall, 4 November. Available at:** **https://www.youtube.com/watch?v=yhUWxkGEdNg&list=PLpQuPYCyuS5pgNidr4yx-CZ2hY5i8PqDn&index=12** **[Accessed 31 May 2016].**

Some interviews may only be available online as audio files in which case use the podcast format, for example:

Henry, L. (2017) *Jack & Hannah Speak to Lenny Henry.* **[podcast] Interviewed by Jack Hogan and Hannah Jennings, February 2017. Available at** **https://www.mixcloud.com/jack-hogan2/jack-hannah-speak-to-sir-lenny-henry/** **[Accessed 14 August 2017].**

5.5.26 The national curriculum

The current national curriculum

To reference the current (2014) national curriculum in England in your work use the format:

In your reference list, the current version would appear as:

Department for Education (2014) *The National Curriculum in England: Framework document.* **[pdf] Available at:** **https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/381344/Master_final_national_curriculum_28_Nov.pdf** **[Accessed 8 August 2019].**

For specific subjects use the same format, for example, for English:

Department for Education (2014) *National Curriculum in England: English programmes of study. Statutory Guidance.* **Available at: https://www.gov.uk/government/publications/national-curriculum-in-england-english-programmes-of-study/national-curriculum-in-england-english-programmes-of-study [Accessed 8 August 2014].**

Example in-text citation:

According to the English national curriculum (Department for Education, 2014: 5) "maintained schools in England are legally required to follow the statutory national curriculum which sets out in programmes of study, on the basis of key stages, subject content for those subjects that should be taught to all pupils".

A former national curriculum

If you are referencing a former national curriculum the format you need is:

For example:

Department for Education and Employment (DfEE) (1999) *The National Curriculum for England: English key stages 1-4.* **London: DfEE.**

or if the publication is available online:

For example:

Qualifications and Curriculum Authority (QCA) (2007) *English: Programme of study for Key Stage 4.* **[pdf] Available at: http://webarchive.nationalarchives.gov.uk/20130401151655/http://media.education.gov.uk/assets/files/pdf/p/english%202007%20programme%20of%20study%20for%20key%20stage%204.pdf [Accessed 8 August 2014].**

If you are referencing several former curricula or sections of curricula produced by the same department then you can abbreviate the name of the department in brackets when you first cite it. Subsequent references can then use the abbreviation.

For example, first citation in text: **Department for Education and Employment (DfEE) (1999)...**

Subsequent citations in text: **DfEE (1999)...**

The abbreviation should then appear after the full name in your reference as:

Department for Education and Employment (DfEE) (1999) *The National Curriculum for England, English Key Stages 1-4.* **London: DfEE.**

For specific subjects, in this case, English:

In England, since 1988, there has been a statutory role for grammar in the national curriculum for English, although it has been expressed slightly differently in each of its many versions (DES, 1990; DfE, 1995; DfE, 2014; DfEE, 1999; QCA, 2007).

These would then be cited in your reference list as:

Department for Education (DfE) (1995) *English in the National Curriculum.* **London: HMSO.**

Department for Education (2014) *National Curriculum in England: English programmes of study. Statutory Guidance.* **Available at: https://www.gov.uk/government/publications/national-curriculum-in-england-english-programmes-of-study/national-curriculum-in-england-english-programmes-of-study [Accessed 8 August 2014].**

Department of Education and Science (DES) (1990) *English in the National Curriculum.* **London: HMSO.**

Qualifications and Curriculum Authority (QCA) (2007) *English: Programme of study for key stage 4.* **[pdf] Available at: http://webarchive.nationalarchives.gov.uk/20130401151655/http://media.education.gov.uk/assets/files/pdf/p/english%202007%20programme%20of%20study%20for%20key%20stage%204.pdf [Accessed 8 August 2014].**

5.5.27 A patent

The required elements for a reference are:

Examples:

Aftelak, A. J. (2001) *Frequency Tracking Loop and Method of Frequency Tracking.* **UK Patent GB2347286, 18 April.**

Zurek, R. A., Aftelak, A. J. and Maracas, G. N. (2011) *Multi-device Coordinated Audio Playback.* **US Patent US7894511 B2, 22 February.**

5.5.28 A standard

The required elements for a reference are:

You will largely find standards through web-based subscription sites such as British Standards Online but academic practice is to cite the standards as if they are in a printed form.

Examples:

BSI (2011) *BS 31100: Risk management. Code of practice and guidance for the implementation of BS 31000.* **2nd edn. London: BSI.**

International Organization for Standardization (ISO) (2015) *ISO 9000: Quality management systems. Requirements.* **5th edn. Geneva: ISO.**

In the text of your report the abbreviated standards body and the number are usually all that is required. Examples are:

BS 31100: 2011 outlines the sequence of activities that should be followed when developing a risk management framework within an organization for the first time (BSI, 2011).

The definition of management system in ISO 9000:2015 for the first time provides an option to scope the system down to a single function or discipline (ISO, 2015).

A standard available online

The required elements for standards that are published on the internet are:

Examples are:

National Institute of Standards and Technology (NIST) (2015) *FIPS PUB 180-4: Secure hash standard (SHS).* **Gaithersburg, MD: National Institute of Standards and Technology. Available at: http://nvlpubs.nist.gov/nistpubs/FIPS/NIST.FIPS.180-4.pdf [Accessed 28 July 2016].**

International Telecommunications Union (ITU) (2014) *Recommendation ITU-T X.1211: Techniques for preventing web-based attacks.* **Geneva: ITU. Available at: http://www.itu.int/rec/T-REC-X.1211-201409-I [Accessed 23 December 2014].**

Droms, R., Bound, J., Volz, B., Lemon, T., Perkins, C., and Carney, M. (2003) *Dynamic host configuration protocol for IPv6 (DHCPv6)* **(IETF RFC 3315). Available at: http://www.rfc-editor.org/info/rfc3315 [Accessed 23 December 2014].**
