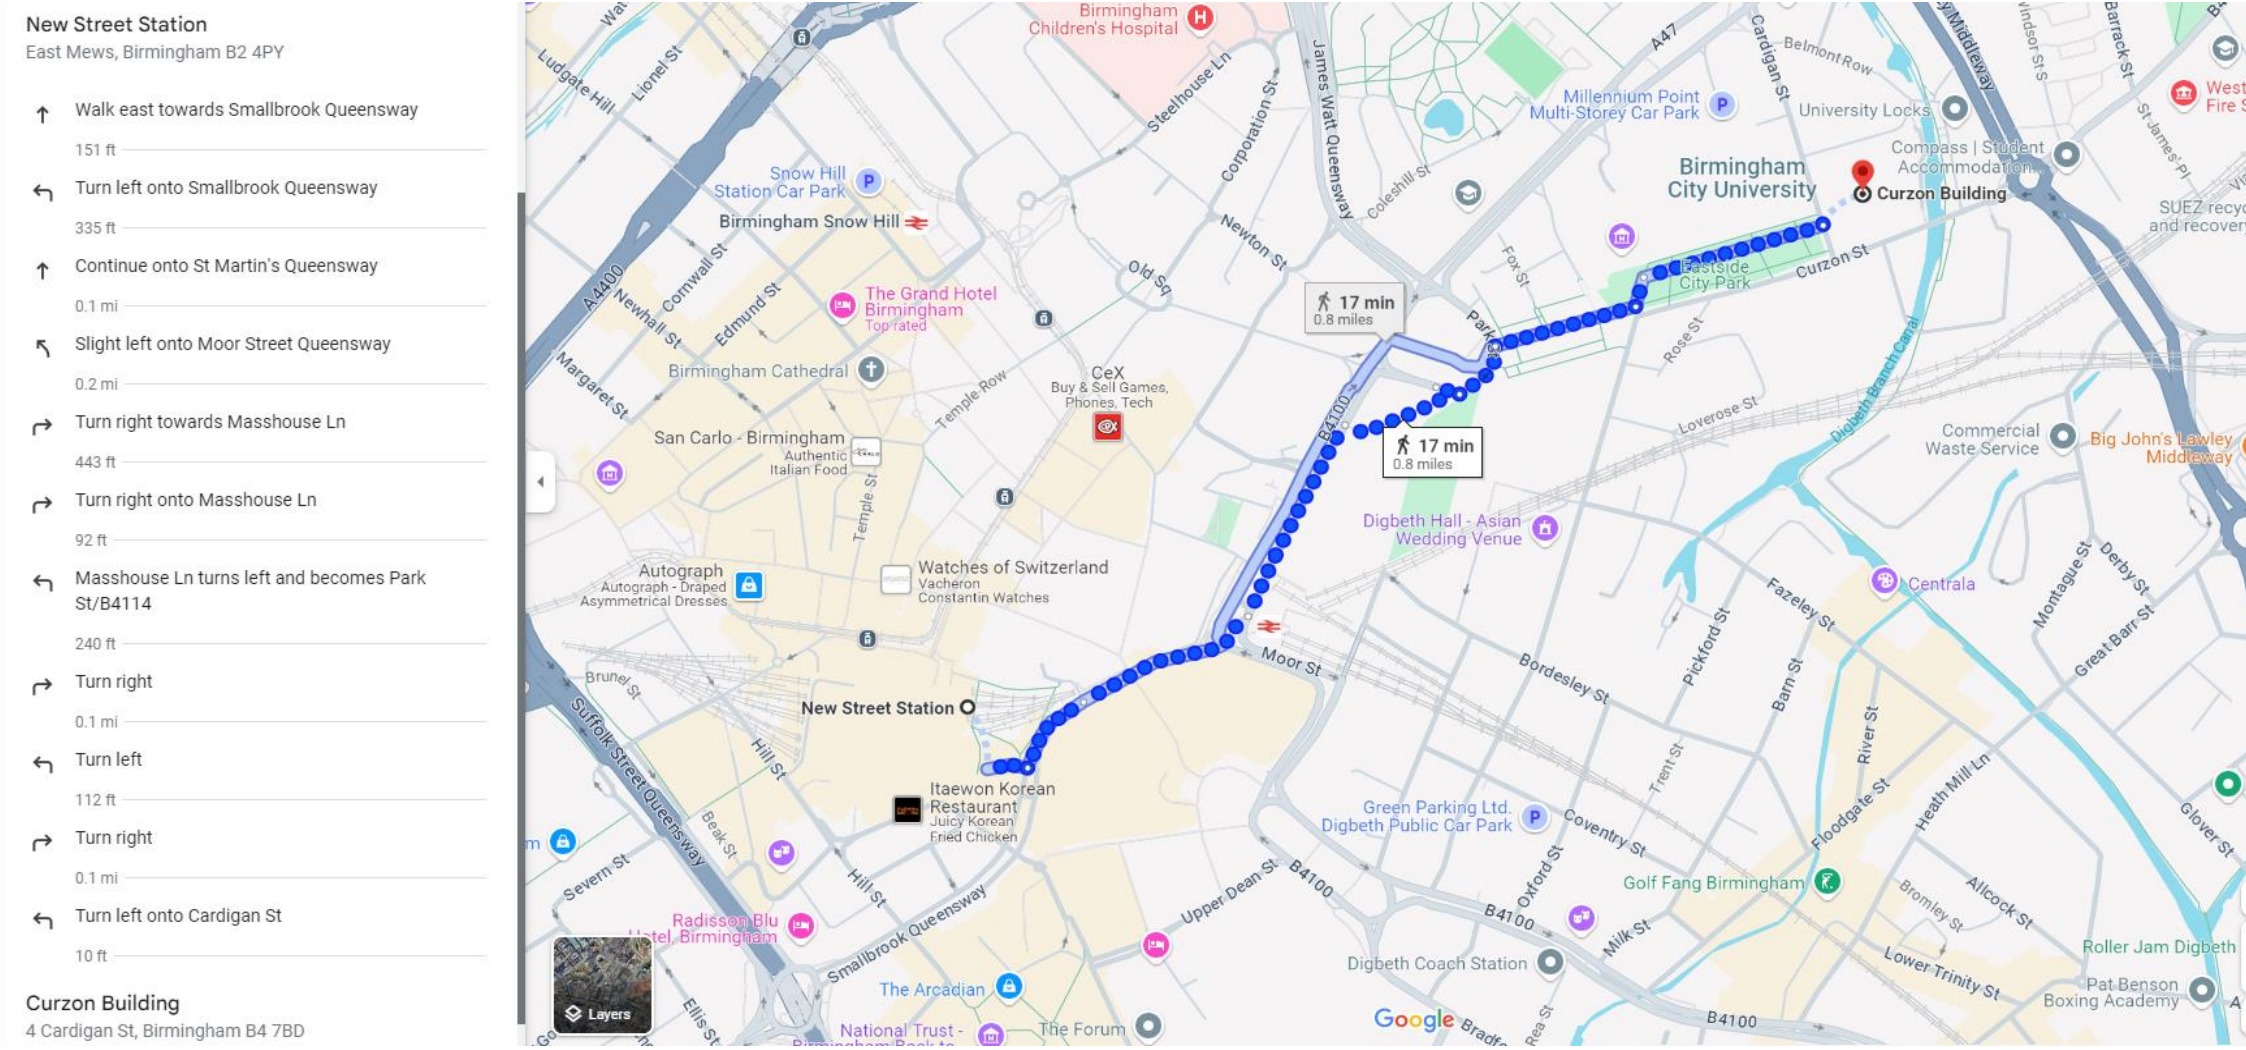
Aston Junction to City Centre Campus (Curzon Building) – 15 minutes (0.7 miles) [Click here for this route on Google Maps]

Nice canal walk which comes out by University Locks, a popular student accommodation which is a 2-minute walk from the Curzon building.

Did you know? Walking to the sports centre and back would take around 30 minutes, which would see you hit the daily recommended activity level set by the NHS.



New Street Station to City Centre campus (Curzon Building) – 20 minutes (0.8 miles) [Click here for this route in Google Maps]

We know a lot of students tend to get the train into New Street Station, so here is your route to the City Centre campus! Feel free to take a look at the Birmingham Science Garden and Eastside City Park on your way to campus.

Did you know? New Street station is the busiest UK station outside of London, with over 140,000 daily passengers. On average, a train leaves the station every 37 seconds!

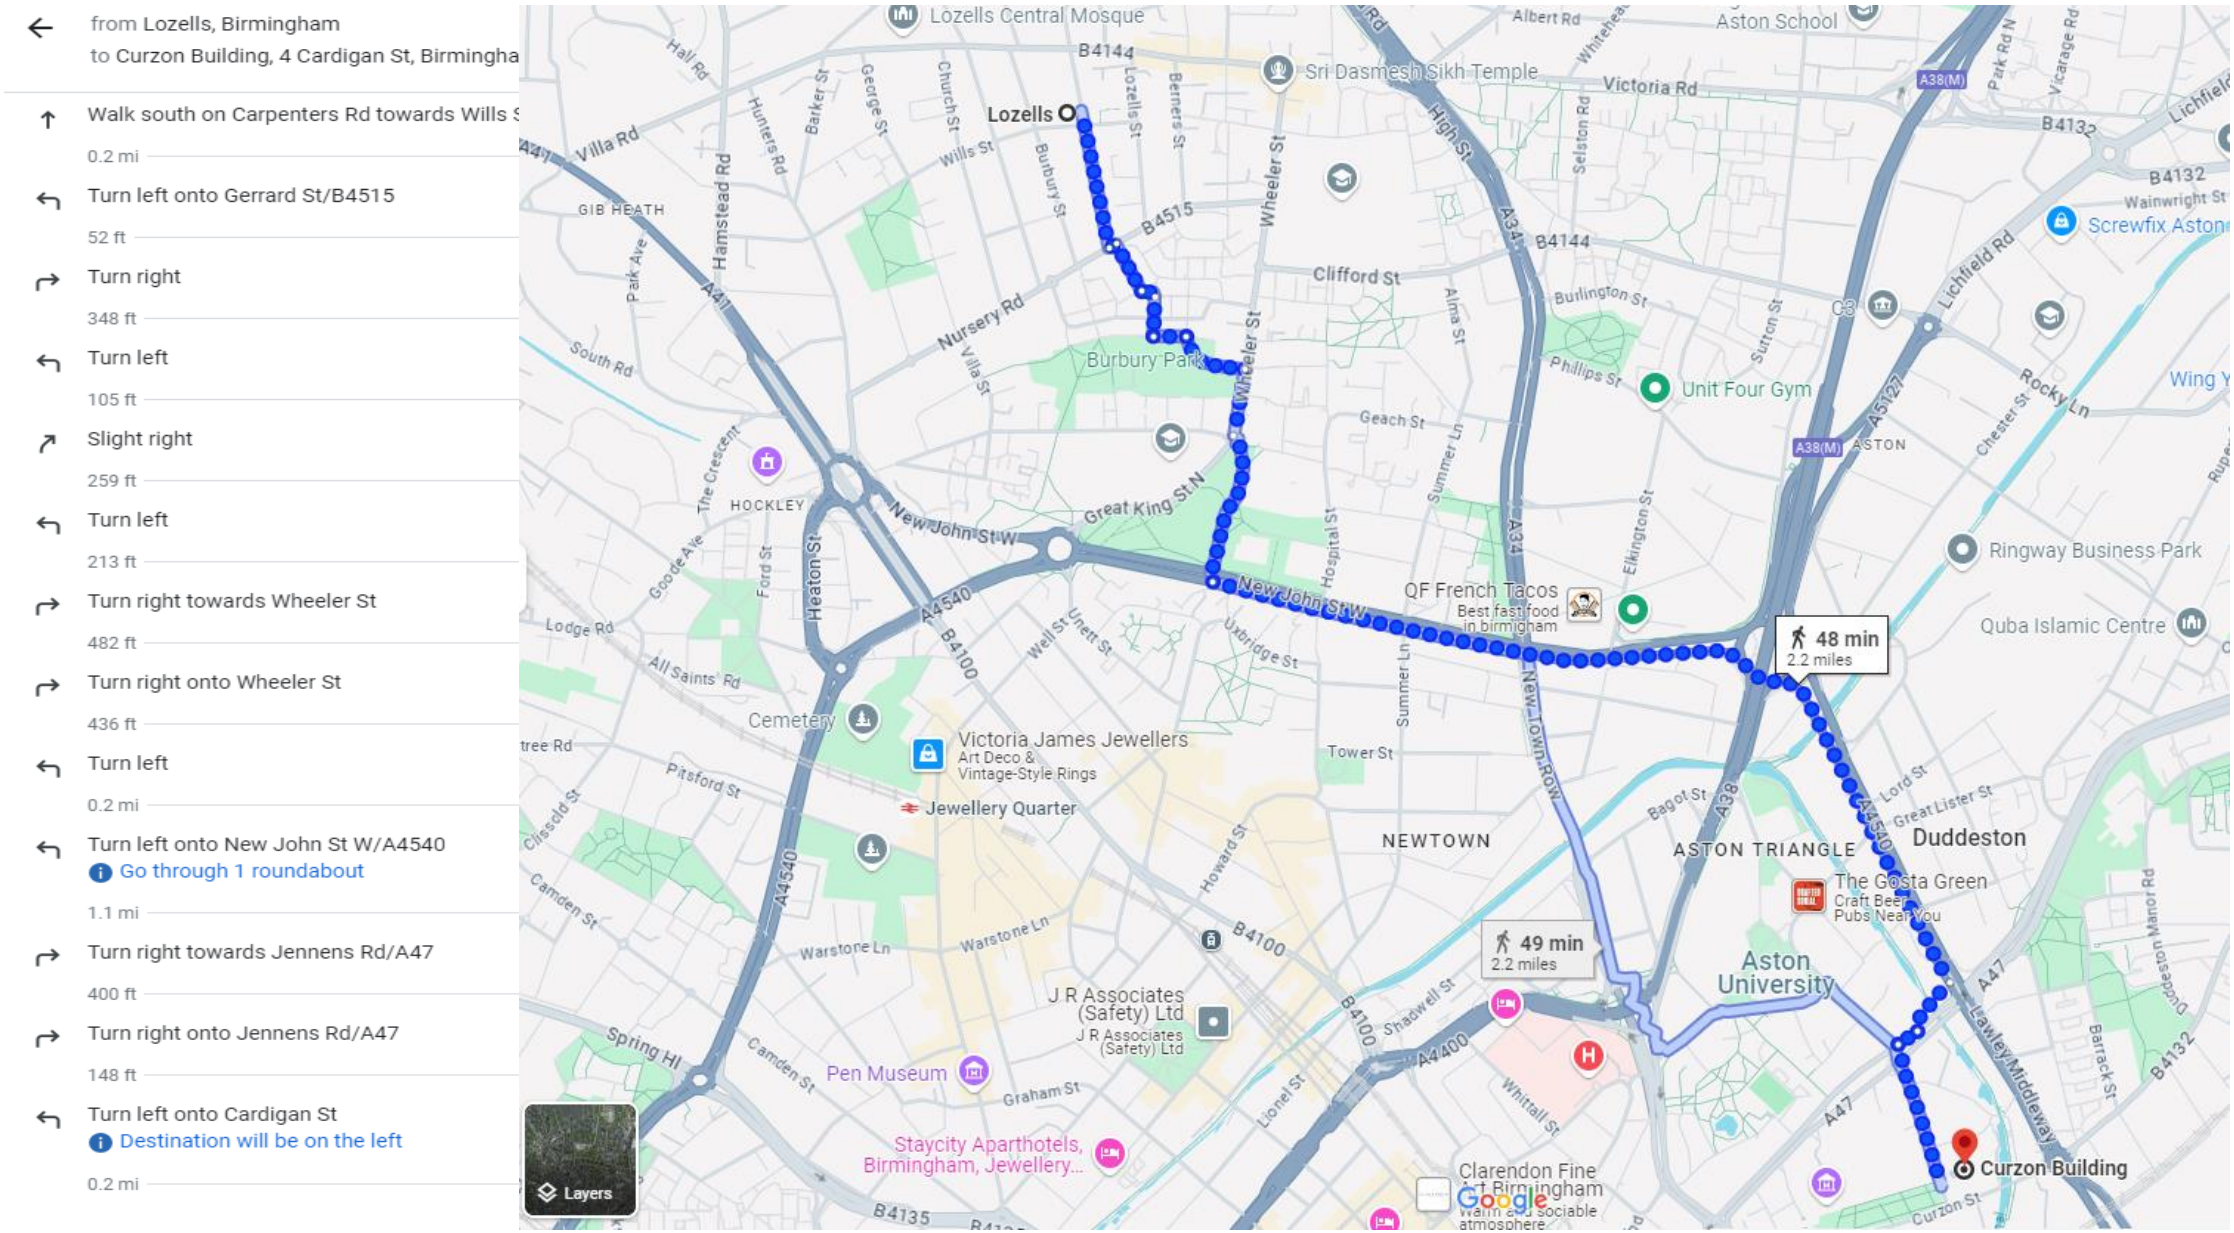
Seacole Building
Birmingham B15 3TN

City Centre campus to City South campus – 55 minutes (2.4 miles) Click here for this route on Google Maps

If you have some time between lectures/seminars, why not walk through Broad Street whilst commuting from one campus to another?

Did you know? If you took this trip (both ways) in a petrol car 5 times per week for 40 weeks, your CO2 emissions would be 357kg – you could make these emissions zero by walking instead!



Lozells to City Centre campus (Curzon Building) – 50 minutes (2.2 miles) [Click here for this route in Google Maps]

Lots of students live in the Lozells area – why not walk to campus and pass through Burbury Park and Great Kings Street Park – you can even do the canal walk and end up right by University Locks!

Did you know? Exposure to nature is associated with better cognitive function - like memory, attention, creativity and sleep quality.
