Seacole Building
Birmingham B15 3TN

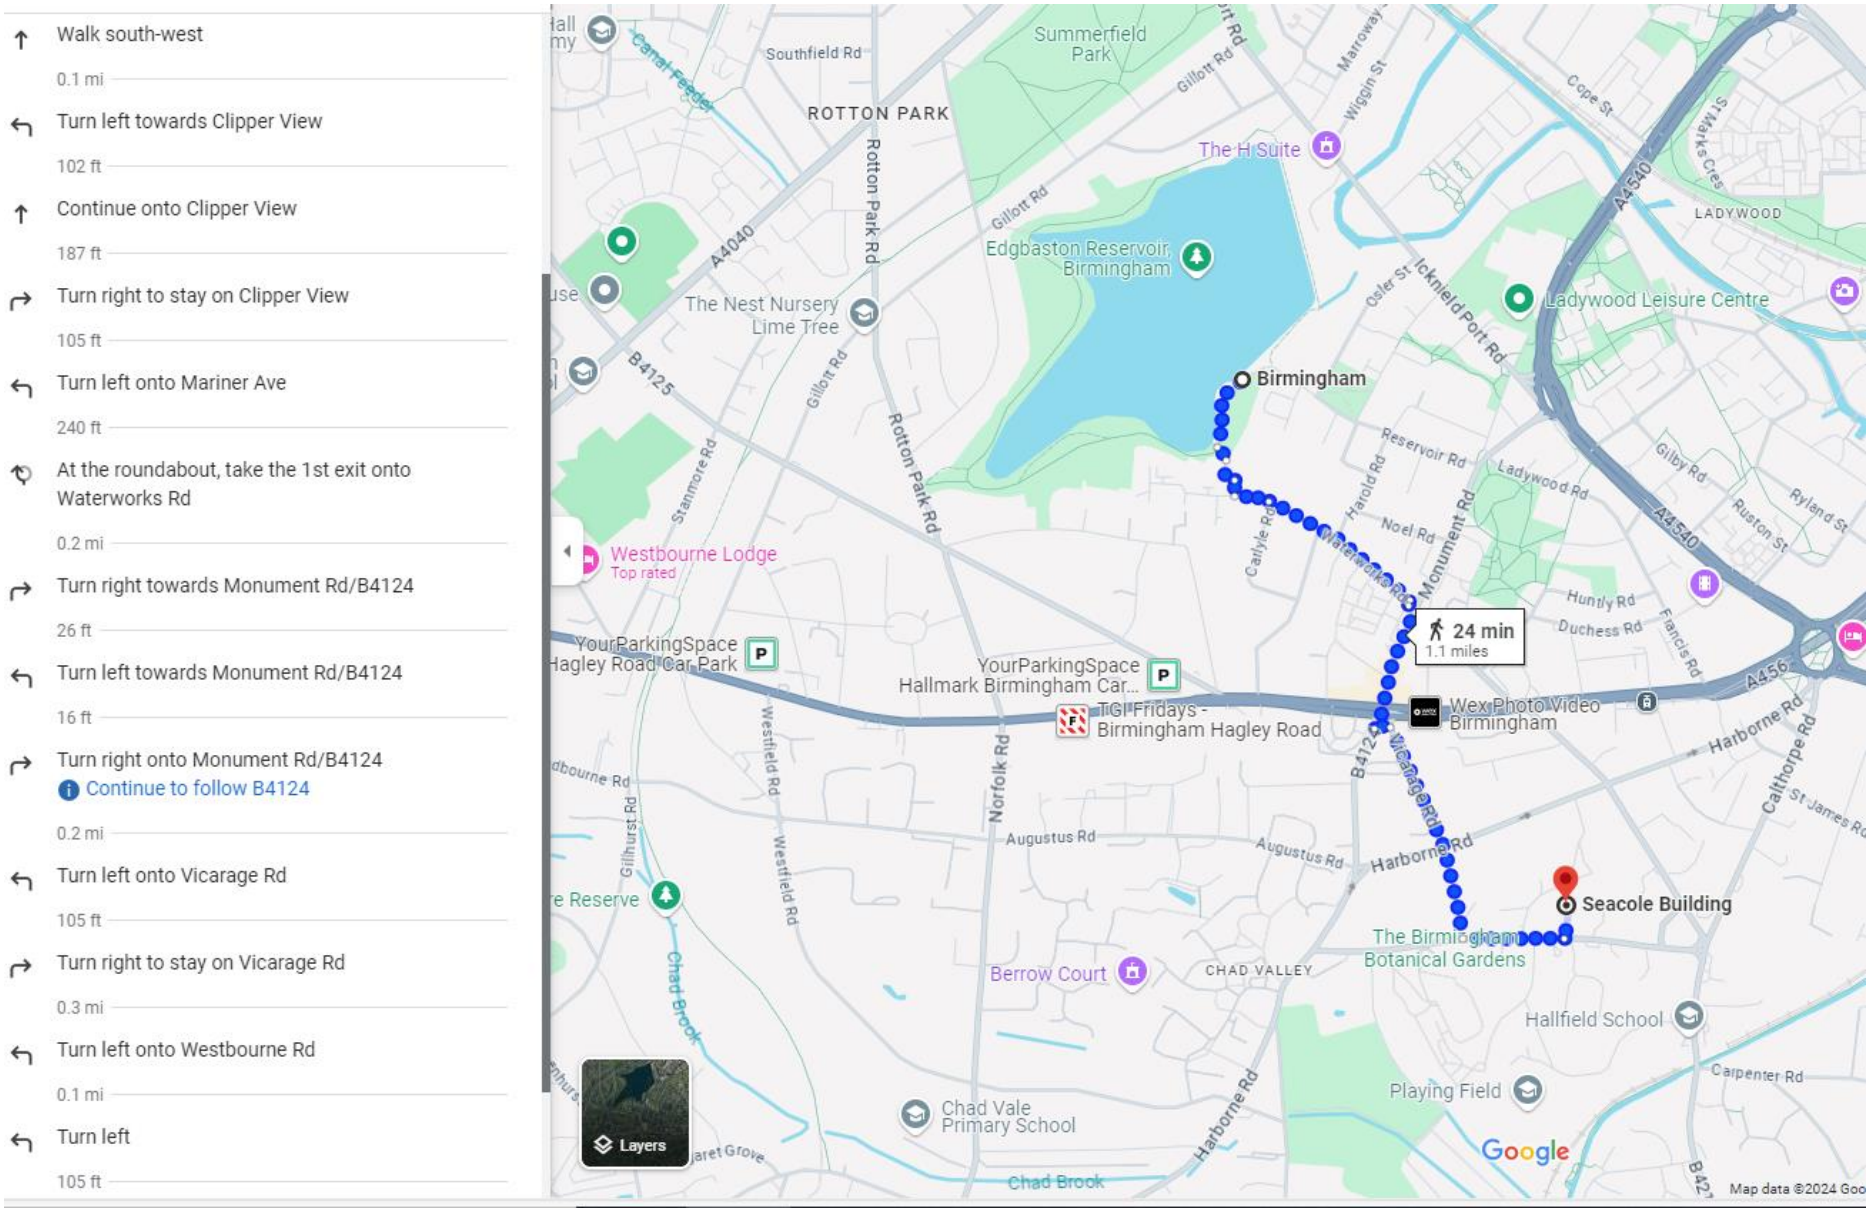
Five Ways station to City South campus – 20 minutes (0.9 miles) [Click here for this route on Google Maps]

Walk from the nearest train station to the Seacole building on City South campus – it'll only take you 20 minutes.

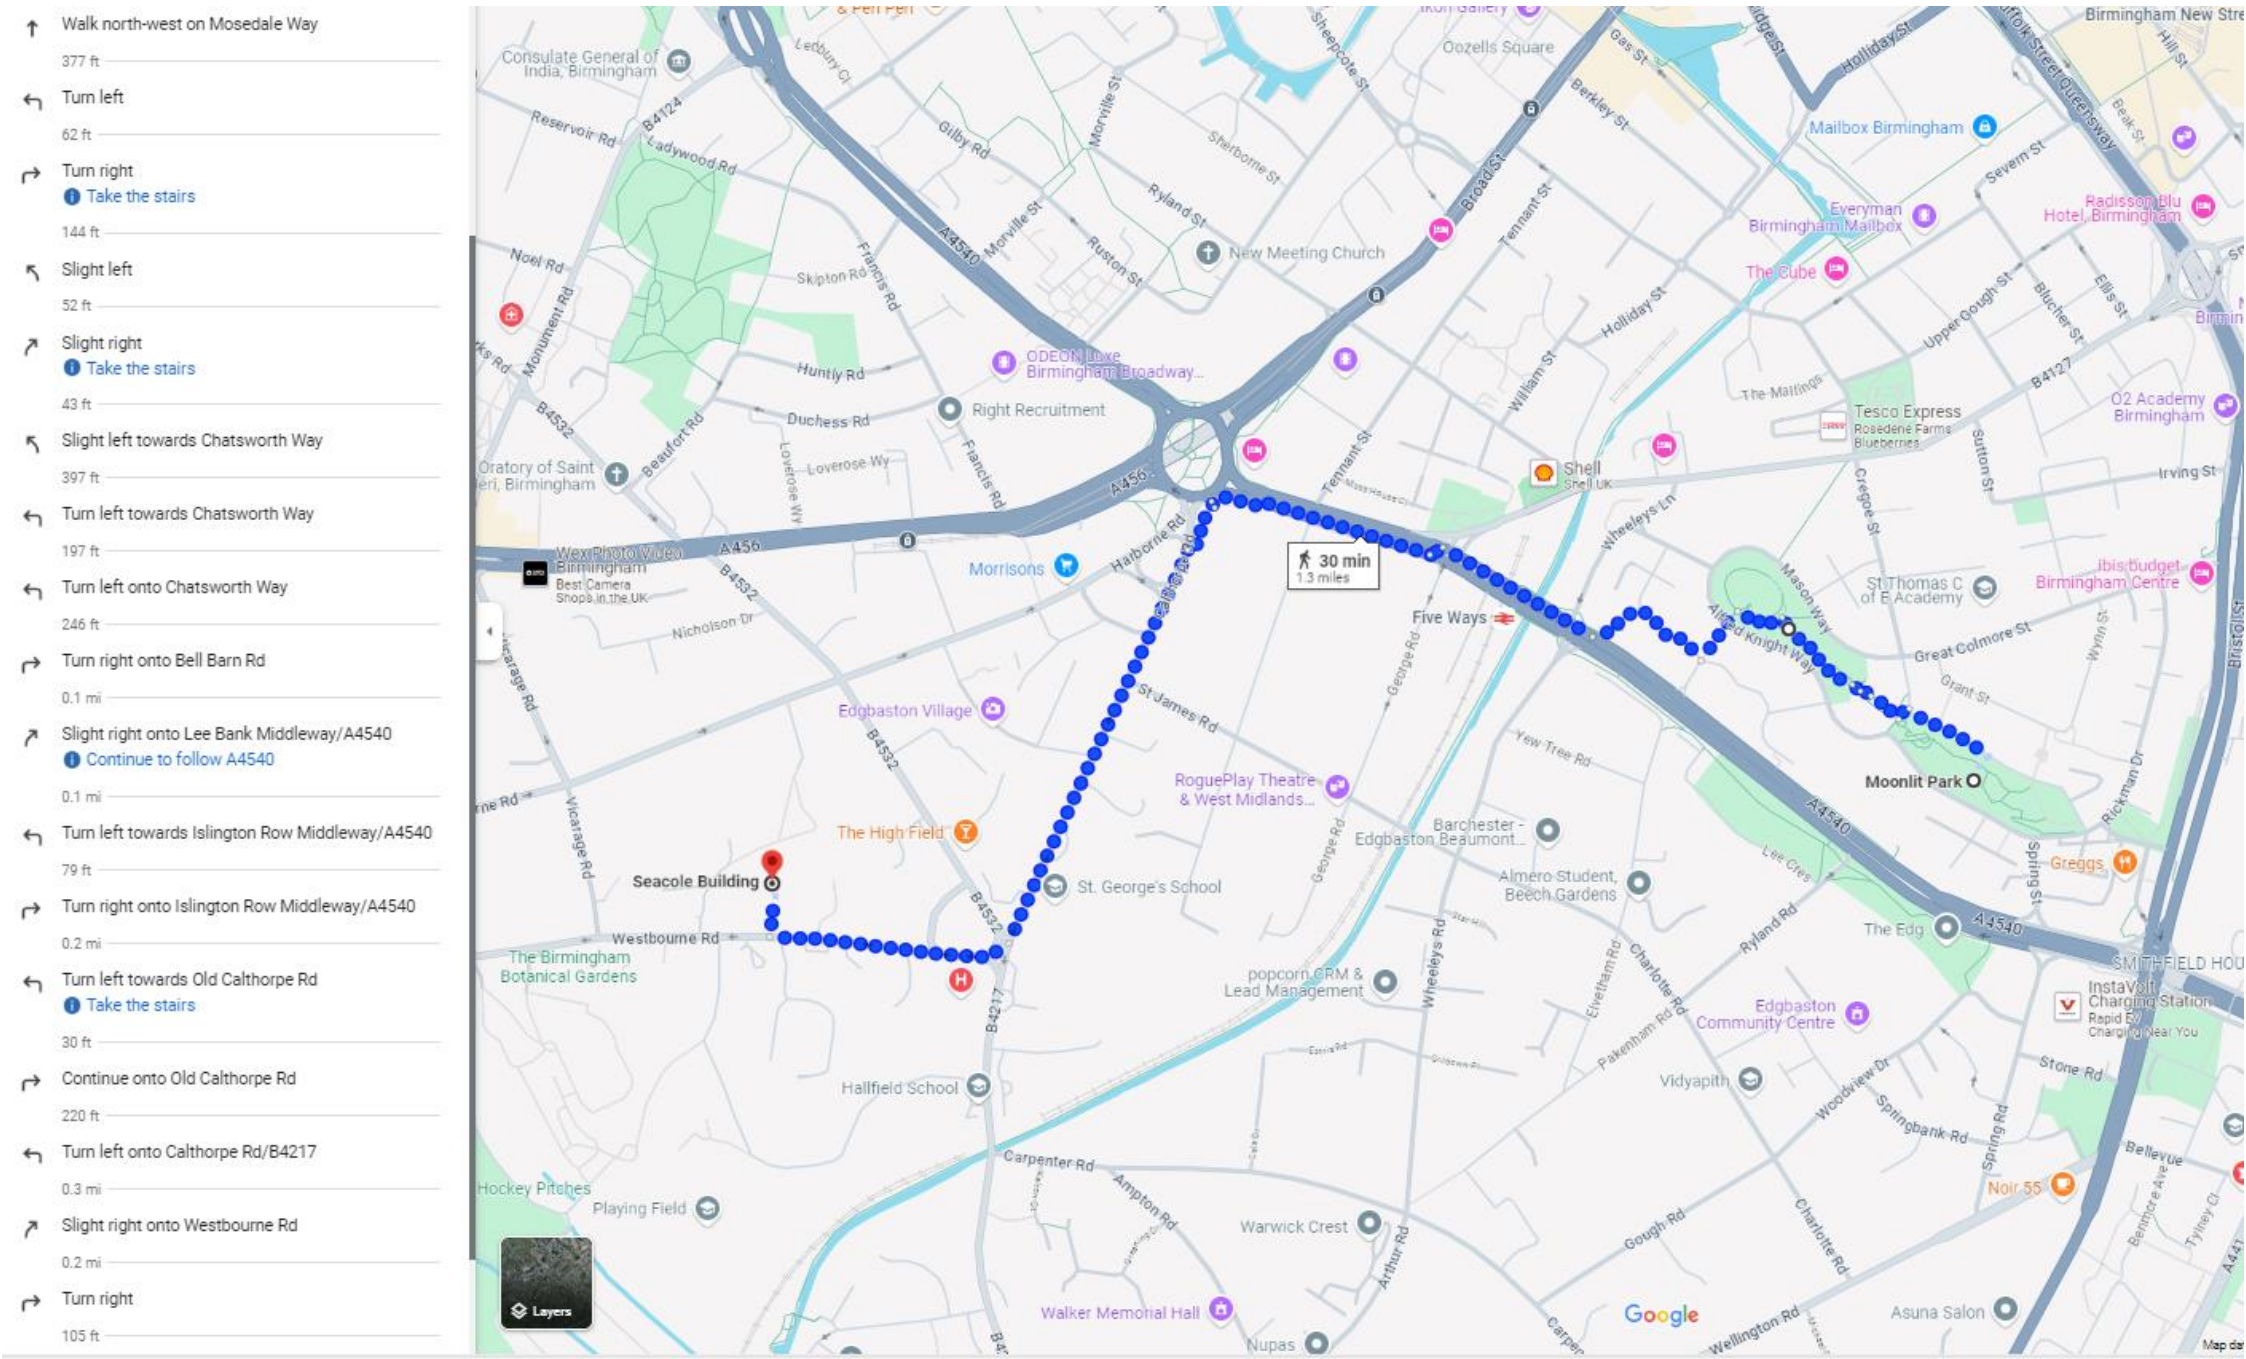
Did you know? Studies show that walking for 20 minutes a day can help protect you during cold and flu season, with fewer sick days - and milder symptoms for those who did get sick (compared to a less active group).



Edgbaston Reservoir to City South campus – 20 minutes (1.1 miles) [Click here for this route on Google Maps]

Why not walk around Edgbaston Reservoir if you have some time between lectures and seminars? There's a lovely 5k walk around the reservoir with plenty of places to stop for a rest or a photo. If you don't want to walk around it, there are still some great views to be seen.

Did you know? Edgbaston Reservoir is a designated Local Nature Reserve, supporting a variety of birdlife and providing significant value in terms of ecology, biodiversity and heritage. Make sure you visit to take in the sights and nature!



Moonlit Park and Sunset Park to City South campus – 30 minutes (1.3 miles) [Click here for this route on Google Maps]

These parks are accessible to all with wide paths. The wildflower meadow presents a picturesque sight that you don't want to miss.

Did you know? Research has shown that people spending two hours in nature per week – that's just four walks of this route – are more likely to show better levels of health, well-being and happiness.
