

# APPLICANT TASTER DAY SCHEDULE

## WEDNESDAY VISIT DAY

### 1.00pm

#### Arrival

Arrive between 1.00pm and 1:30pm on the ground floor of our Millennium Point building, at the city centre campus.

### 1.30pm

#### Welcome Talk – Start your journey to becoming a technology professional

Your student experience starts here. You'll learn more about our Computing courses and how they'll help you to become a successful graduate with the skills to build a smarter society. Discover how you can get involved in a team-based project in your first year, which will give you the chance to create an innovative tech product that you can showcase to industry experts!

#### Learn more about how we'll link you to industry.

We'll give you more information on how you can gain experience in the industry with a placement year, giving you the opportunity to work with leading tech companies. Plus, learn more about how industry mentors can support you with final year projects. In our welcome talk, you'll discover that there are many unmissable opportunities available to you when studying with us!

### 1.50pm

#### Get hands-on with Computer Games Technology

Gain insight into Computer Games Technology with our Taster Sessions.

#### a) Make the virtual appear real: take the controls in a Game Engine

Control of 3D characters in games and virtual environments is paramount to creating seamless interaction. You'll get to experience using an industry standard Game Engine - Unity3D. Iterate and improve the control system for a character in a 3D world and make the virtual seem real.

b) Explore 2D Gaming: Create a 2D platformer

From Donkey Kong to Super Mario Brothers, 2D platformers have been a mainstay of the Games industry for many years. You'll learn how to create a 2D platformer using the Construct tool where you'll rapidly develop your ideas and delve into the intricacies of 2D Gaming.

**3.30pm**

**See where you'll be studying! Take a tour of your labs, lecture rooms and more...**

You'll take a tour of the computing facilities based at the contemporary Millennium Point building. Check out the computer and networking labs, where you'll be able to put your knowledge into practice with state of the art equipment. You'll also get to see where you'll have your lectures as well other facilities that will be of use to you throughout your time here.

**4.30pm**

**It's all about you, so get your questions ready!**

Once you've taken your tour, we'll summarise the day with some final bits of information that we think you'll find useful. We'll also be happy to answer any questions you may have before you go, so make sure you prepare some for us!

**4.45pm**

**Want to take the accommodation tour?**

A quick student accommodation tour is available to those who wish to get a feel for what living away from home is like and would like to check out our halls.
