A very warm welcome to our open day!
I'm incredibly proud to be Chancellor
of Birmingham City University.

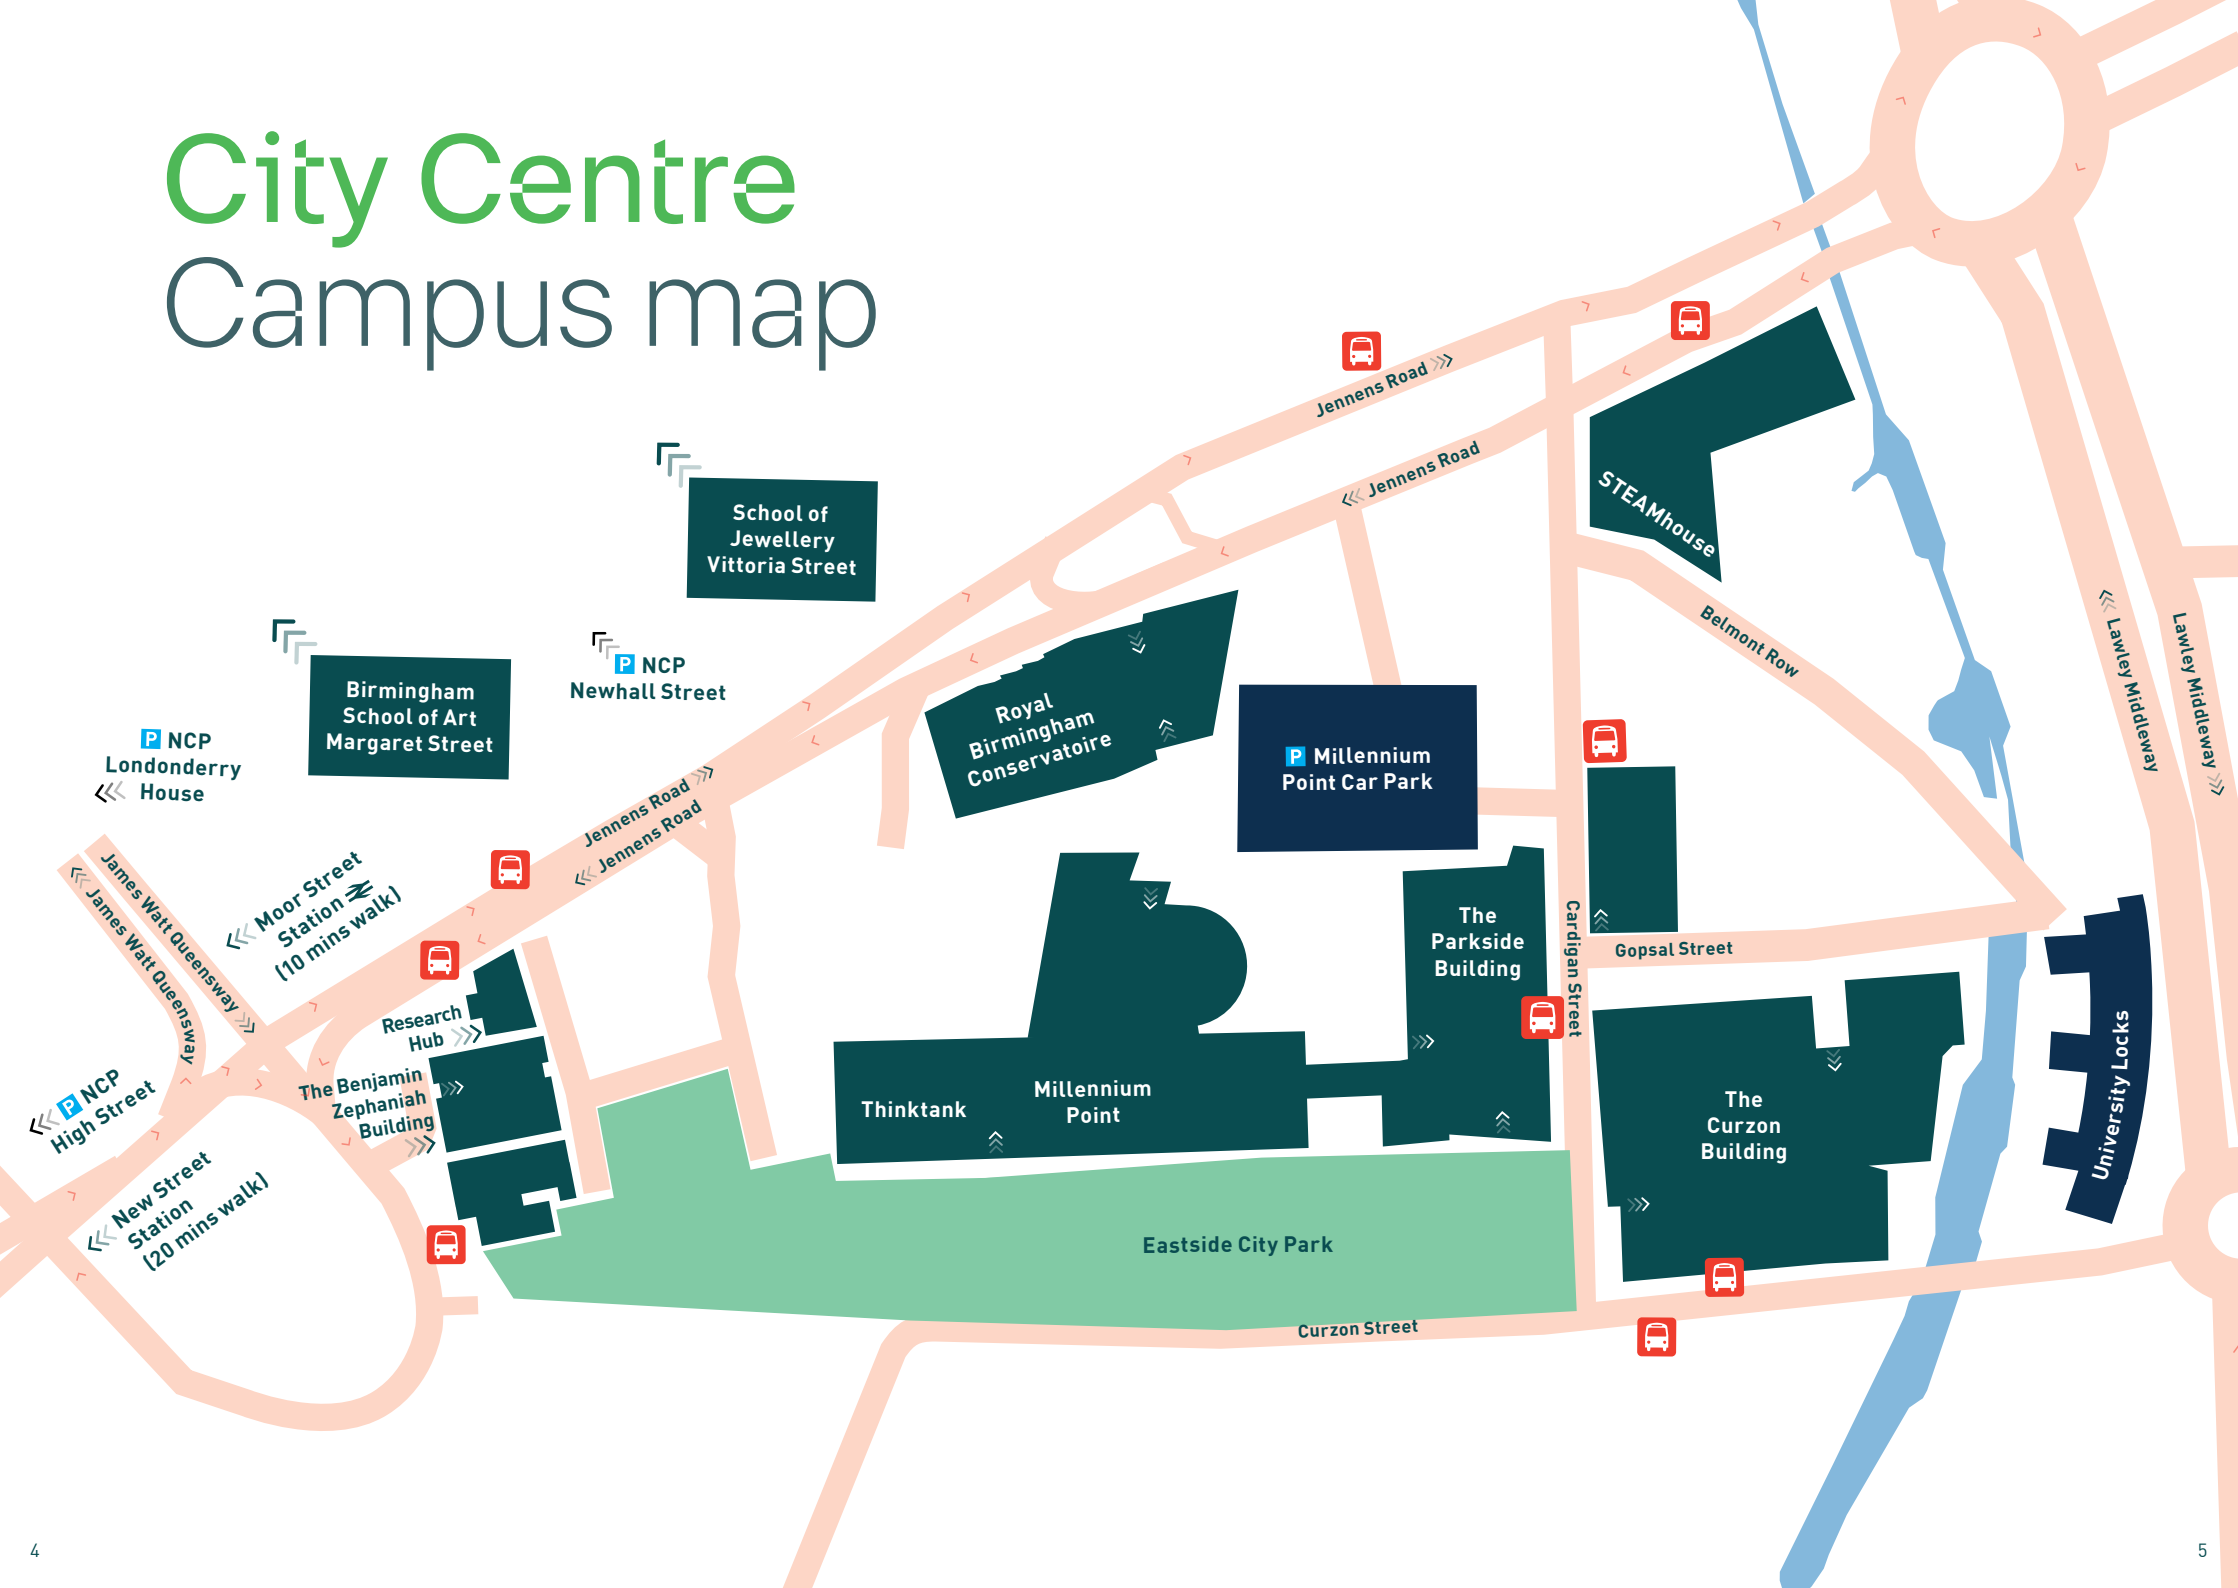

Every day, I learn something new about what
makes BCU, and Birmingham, so special
– it's one of the many reasons why my role
as Chancellor is such a rewarding one. The
best way to find out what's happening at this
University and across the city is to come and
see us, which is why our open days are such
great events. You can see our facilities, get
the inside track from current students, and
ask our staff any questions you may have.

Have a fantastic day and I hope we'll be
welcoming you as a student soon.

Ade Adepitan MBE
Chancellor of Birmingham City University

Did you know that Birmingham is home to...

Independent hotspots

You've probably heard of the famous Bullring shopping centre, but did you know that Birmingham is home to over 100 unique independent retailers? Be sure to head to hotspots such as The Great Western Arcade, Piccadilly Arcade, Bennetts Hill and John Bright Street to discover a range of hidden gems.

A thriving Creative Quarter

Just a stone's throw away from our City Centre Campus is Digbeth, known as the Creative Quarter of Birmingham. Want to throw an axe at something? Check. Want to grab some drinks in a bar made out of shipping containers? Check. Want to shop one-of-a-kind vintage clothing? Check. If you're heading to Birmingham, visiting Digbeth is a must!

More canals than Venice

Birmingham has over 100 miles of canal networks for you to enjoy. So, take a step off the pavement and onto the towpath to explore more canals than Venice. Keep an eye out for all the striking street art you'll see along the way.

Pretty much everything!

From Ozzy Osbourne to Cadbury Chocolate to Lord of the Rings, there have been plenty of great things to come out of Birmingham. We produce 40% of all the jewellery in the UK, we're the birthplace of the Balti and have hundreds of bars and restaurants for students to enjoy. It's safe to say that Birmingham is a city that caters to everyone.

INDIA

- ELIMINATING THREATS

India was drawn to BCU because of its experienced lecturers and unique course content which allowed her to pursue a fulfilling career in security and intelligence. She's captured fugitives on Channel 4's 'Hunted', provided aid to the people of Ukraine and now eliminates threats for a leading UK bank.

"Before joining BCU I never would have imagined I would have the opportunity to be part of such significant and fulfilling projects, but my confidence grew in the supportive environment at BCU. I was offered a role on the Channel 4 show 'Hunted' as an Intelligence Officer in HQ, helping to catch fugitives. This was a highlight of my career, it's such a fast-paced and exciting world to be a part of."

Whatever your background,
we'll empower you to shape your own

Future

If no one else in your family has gone to uni, you won't be alone. More than half our students are the first in their family to go to university.

Ranked 7th out of 100 Higher Education providers for social mobility. We're committed to making a difference for them, so they can go out and change the world.

I realised that if you want to change something, often you have to do it yourself. Something great about the university is that there are so many opportunities and avenues for you to pursue. People here are more willing to help you than you think. I feel like they care about me as a human, they care about me as a person.
