

Fee Status Assessment Questionnaire

United Kingdom Government legislation permits publicly funded universities to charge ‘overseas’ student tuition fees to international students unless they fulfil certain residence and immigration status requirements. If you meet the residence and immigration status requirements you will be charged a lower ‘home’ student tuition fee. The purpose of this questionnaire is to enable us to accurately assess your status for fee payment purposes.

Information you have provided on your application means that we are unable to currently determine your fee status. Please complete the form below and return to Admissions with copies of your birth certificate, passport, Home Office letters, any other relevant supporting documents and **ALL** UK visas obtained. Failure to return a completed form with the necessary documents may result in you being categorised as an overseas fee payer.
