Accommodation Financial Liability

Students are fully liable for all payments due under the Licence for the duration of the Period of Residence, such payments more specifically noted at Clause 1.1 and Clause 5.5 of the Licence Agreement 2021/2022.

Charges for accommodation

The Residence Fees are calculated annually as part of the University budget process, which is managed by the Vice-Chancellor and approved by the Board of Governors. Charges for accommodation are determined by the policy that halls of residence should break even, that the charges should reflect all costs (including borrowing) and that sufficient funds for the estate should be maintained at a reasonable level.

Advance payment

When the University makes an Accommodation Offer relating to University Locks, part of the acceptance procedure requires an advance payment of £150 by credit/debit card. You will be asked for card details during the acceptance process. Failure to provide this payment will result in the Accommodation Offer being withdrawn.

The advance payment or Residence Fee, or both may be paid by a third party (e.g. parent or guardian).

Please note that the advance payment will be deducted from Instalment One (as detailed below) of the Residence Fee. The advance payment is not a deposit payment and will not be returned to you at the end of your Period of Residence.

If you do not have a credit/debit card then contact a member of the University Accommodation Services team. Please be aware that this may delay your acceptance significantly.

How to pay your Residence Fee for University Locks (39, 40 & 41 week licence)

Late Offers

If you receive a late Accommodation Offer you will be provided with a revised date for the first instalment.

If you are an international student

Due to UK Border Agency rules, the University is only allowed to accept accommodation payments for University managed halls of residence (**University Locks only**).

The University cannot accept money for University Partner accommodation being: The Heights, Jennens Court, Lakeside, Staniforth House, Bentley House and Queens Hospital Close and all other private sector apartments and houses.

Do not send any money to the University for accommodation until you have received an Accommodation Offer for University Locks. If you are offered accommodation with one of the University Partners, money will need to be sent directly to them.

In the event money is received for accommodation not owned by the University this money will be refunded back to the original payer via the original payment method. You will have to make the payment again to the University Partner (which may delay the room acceptance and may result in your offer being withdrawn). Please note it may take up to 6 weeks for a University refund to be processed.

When paying by bank transfer

Arrange the transfer with your bank to pay direct to the University's bank account. Remember to ask your bank to quote 'Accommodation Fees', your student ID number and your full name on the transfer. All payments to the University must be in GBP sterling. Payment of all bank charges is the responsibility of the student. Please be aware it can take two to three weeks for the University to allocate your payment once it has been transferred to the University's account.

If you are paying your Accommodation advance payment together with tuition fees, please ensure the two payments are clearly itemised separately on the bank transfer form.

After you have made your payment, please email a copy of the bank transfer remittance (before the Accommodation Offer deadline date, to ensure it is not withdrawn) to accommodationfinance@bcu.ac.uk

What happens if I fail to pay?

Where students remain in default of the payment terms specified in the Licence Agreement and/or the Terms and Conditions of Licence, the University will terminate the Licence Agreement. This means you will be expected to vacate the Accommodation with full liability for the balance of the Residence Fee in line with Clause 5.5 of the Licence Agreement until the Accommodation is re-let.

Students are advised that the University will seek to recover any unpaid fees from the Student and reserves the right to consider recovery options available. This may include legal proceedings. If fees remain unpaid the debt may be referred to a debt collection agent to instigate legal proceedings on behalf of the University. This may have serious consequences on your ability to obtain credit in the future and may result in additional costs being incurred in addition to the amount already overdue.

If you are having problems paying the Residence Fee because you have not yet received your Student Finance, it is important that you tell us as we may be able to delay the payment until your funds are available. Please contact the Accommodation Services Team to discuss the best payment option for you.

We hope that you do not fall behind with the payment of your Residence Fee and would urge you to contact us immediately if you think this might happen to you. However, if you fail to pay your Residence Fee, the University can take a number of actions. These include:

- Termination of the Licence Agreement will full liability for the balance of the Residence Fee until the Accommodation is re-let, please refer to Clause 5.5.
- Referral of the debt to a debt collection agency and the commencement of legal proceedings to recover the debt. Such action may have a negative impact on your credit score rating.
- Removal of visitor privileges. This means you are not allowed to have any visitors stay overnight in your Accommodation.
- Refusal to provide an accommodation reference. This means that if you apply to move into other accommodation (whether University or privately-owned) and you need a reference from us, we can refuse to provide that reference until your outstanding debt is cleared.

Keep in touch

If you are experiencing financial problems and are having difficulty paying the Residence Fee for University Locks, please keep the Accommodation Finance Team informed of your financial situation. Keeping us informed on a regular basis will enable us to offer you the assistance you require.

University Partner Accommodation

Students who are allocated accommodation with a University Partner will have a contract with that provider and therefore all financial issues are to be arranged and discussed directly with them.

It should be noted that University Partners may request an advance payment (holding deposit) prior to arrival in the accommodation, as well as a tenancy deposit. Please be aware these amounts are payable before you receive Student Finance. Therefore once you are allocated a room, before you agree to any terms you should ensure that you carefully read through the contract and take note of the payment terms. Please take this into consideration when choosing your accommodation preferences.

If you are offered accommodation with one of the University Partners, money will need to be sent directly to them. In the event money is received for accommodation not owned by the University this money will be refunded back to the original source of payment within 6 weeks. You will have to make the payment again to the University Partner (which can delay the room acceptance and may result in your offer being withdrawn).
