6	Course Description
	<p>A law degree is an important first step into a career in law, as well as an important foundation on the route to many other careers, and Birmingham City University is a long-established provider of legal education to the Birmingham legal community and beyond.</p> <p>This course has been developed to enable anyone wishing to qualify as a solicitor or barrister to undertake this first, important academic stage of their career. To achieve this, the course has been designed to align with the subjects that you will need to study further in order to successfully undertake the Solicitors Qualifying Examination (SQE), while also meeting the requirements of the Bar Standards Board for an undergraduate law degree.</p> <p>The study of law is both academic and practical, and therefore both of these are important elements in the LLB (Hons) degree at BCU. Theory and academic study are important on an LLB, but so too is the application of that knowledge, and so our LLB (Hons) degree offers plenty of opportunity for you to develop the practical lawyering skills, as well as the transferable skills enhancing your employability, that graduates will need when entering the workplace.</p> <p>The different pathways on the LLB course will allow you to make decisions regarding the direction in which you want to take your studies, with named degrees in Law with American Legal Studies, Law with Business Law, and Law with Criminal Justice, as well as a broad range of optional modules ranging from more theoretical topics through to those aimed at the practical application of the law in real-world situations.</p> <p>You will also have the opportunity to put those skills to practical use, both in the local community and beyond. Whether that is through our programme of placement opportunities with local providers such as Citizen's Advice and various legal advice charities, through opportunities in the local legal community, or via BCU's own Law Clinic, established to serve the local community from our City Centre campus, there are plenty of options available to you. You can also apply your legal knowledge further afield, through our US internship programme which has been placing students with attorneys throughout the US for over 20 years. A professional placement year is also available, between years 2 and 3 of the degree, offering further opportunity for you to put your knowledge and skills to practical use, and thereby enhancing your CV further.</p> <p>By focussing on the development of a range of transferable skills, the course employs numerous innovative assessment methods, going beyond the typical forms of written academic assessment.</p>

You are also encouraged to engage in extra-curricular activities to support your learning, with student societies such as the highly successful Mooting Society. Furthermore, you will have the ability to engage with the wider Birmingham legal community through our connections with the Birmingham Law Society, the largest regional law society in the UK.

13 Overall Student Workload and Balance of Assessment

Overall student *workload* consists of class contact hours, independent learning and assessment activity, with each credit taken equating to a total study time of around 10 hours. While actual contact hours may depend on the optional modules selected, the following information gives an indication of how much time students will need to allocate to different activities at each level of the course.

- *Scheduled Learning* includes lectures, practical classes and workshops, contact time specified in timetable
- *Directed Learning* includes placements, work-based learning, external visits, on-line activity, Graduate+, peer learning
- *Private Study* includes preparation for exams

The *balance of assessment* by mode of assessment (e.g. coursework, exam and in-person) depends to some extent on the optional modules chosen by students. The approximate percentage of the course assessed by coursework, exam and in-person is shown below.
