

## Course Specification

Course Summary Information		
1	<b>Course Title</b>	Master of Science in International Sport Management
2	<b>Course Code</b>	PT1594
3	<b>Awarding Institution</b>	Birmingham City University
4	<b>Teaching Institution(s)</b> (if different from point 3)	
5	<b>Professional Statutory or Regulatory Body (PSRB) accreditation</b> (if applicable)	

6	Course Description
	<p>KPMG states that the entire global sports market – including infrastructure, events, training and sports goods – is estimated to be worth between \$600-700 billion a year, and the industry growth outpaces most countries yearly GDP. Over the past decade there has been a huge increase of career opportunities in the global sport sector that require graduates with the skills, attributes and experience to thrive in such a dynamic industry. According to Deloitte, sport business related activity will significantly outpace the average rate of growth in the wider economy well into the next decade. In terms of industries, sport now ranks among the top 15 mainstream activities in the UK economy including telecommunications, legal services and utilities.</p> <p>The MSc International Sport Management course will provide the academic expertise and contacts to help you develop an exciting professional future in this growing industry. Combining theory and practical application this course will draw heavily from executive international sport leaders, such as Manchester City Football group, Edgbaston, Birmingham City FC and ESL to name a few, to cover multiple aspects such as crisis and risk management, technology and digital innovation, marketing, events, operations and analytics.</p> <p>Given the aforementioned, and input from industry, this course is designed with the scientific (MSc) nature to enhance you with the necessary numeracy and analytic skills to see you excel and progress in the global sports industry.</p> <p>Underpinning the philosophy of the course are the following purpose and objectives:</p> <p><i>Purpose</i> To inspire and equip you with further expertise to develop a high level of academic skills leading to experienced employment and career development within the fast growing ‘International Sports industry domain’</p> <p><i>Objectives</i></p> <ul style="list-style-type: none"> <li>- Technical: to furnish you with the practical skills and expertise to add high value within the Sports industry</li> <li>- Behavioural: to nurture the appropriate levels of energy and internal/external ‘customer-centric’ behaviours to create innovative products and services</li> <li>- Cognitive: to provide you with high levels of critical reasoning and problem-solving capabilities that will ensure you stand out among your competitive set</li> </ul>

	<p>- Be truly international: to provide you with international experiences, making this course unique in the marketplace</p> <p>All modules balance a range of relevant theory and concepts with practical application and throughout the course you reflect and apply this content into real life scenarios – enabling you to enhance and critique your learning. In short, this is a course designed to be the catalyst for you to forge a hugely successful career in the international sports industry.</p> <p><b>Why Choose Us?</b></p> <ul style="list-style-type: none"> <li>- The course provides and immerses you in the true international nature of the industry through course content, assessments and visiting out in the field (practice).</li> <li>- You will gain a professional outlook and real-world experience by interacting with a multitude of sporting professionals and international sport organisations</li> <li>- You will learn from academic experts of BCU across the department of Strategy Management and Marketing (SMM)</li> <li>- Birmingham will be hosting the 2022 Commonwealth Games and you will be ideally placed to take advantage of all the opportunities this will bring in the lead up to and during the event</li> <li>- You will be provided with access to and support while using essential resources, such as journals and academic databases as well as training in relevant IT applications (SPSS and EXCEL).</li> <li>- You will study in our state-of-the-art City Centre Campus in the UK's second city</li> <li>- Birmingham City University has just launched the UK's first Centre for Brexit Studies, and the recent researching all aspects of the UK's vote to leave the EU, including the impact it has on the sports industry.</li> </ul> <p>Where appropriate to the individual topics covered during the course, implications for sustainability will be identified that relate to the UN Sustainable Development Goals.</p>

### 13 Overall Student Workload and Balance of Assessment

Overall student *workload* consists of class contact hours, independent learning and assessment activity, with each credit taken equating to a total study time of around 10 hours. While actual contact hours may depend on the optional modules selected, the following information gives an indication of how much time students will need to allocate to different activities at each level of the course.

- *Scheduled Learning* includes lectures, practical classes and workshops, contact time specified in timetable
- *Directed Learning* includes placements, work-based learning, external visits, on-line activity, Graduate+, peer learning
- *Private Study* includes preparation for exams

The *balance of assessment* by mode of assessment (e.g. coursework, exam and in-person) depends to some extent on the optional modules chosen by students. The approximate percentage of the course assessed by coursework, exam and in-person is shown below.

#### Level 7

#### Workload

##### 15% time spent in timetabled teaching and learning activity

Activity	Number of Hours
Scheduled Learning	270
Directed Learning	224
Private Study	1306
<b>Total Hours</b>	<b>1800</b>

#### Balance of Assessment

Assessment Mode	Percentage
Coursework	53%
Exam	18%
In-Person	29%
