6	Course Description (Marketing text for website)
	<p>Are you aspiring to be a manager of the future? Are you passionate about business?</p> <p>This course aims to develop independent-thinking professionals who can meet the demands of business employers and adapt to a constantly changing world. The HND in Business Management is a recognised qualification for anyone wanting a career in business or wider business services across a range of sectors and can also be used as a stepping stone to higher level degree studies. The majority of students on successful completion of this course join an honours degree at level 6 (final year).</p> <p>What's covered in the course?</p> <p>Students will study business skills, knowledge and understanding associated with professional practice in the international business environment. Subjects studied as part of the course will develop skills for leading, managing, and responding to change as well as tackle a range of complex business situations. Studies involve different aspects of business such as the global environment, human resources, marketing, leadership and management as well as accounting and finance.</p> <p>Business and business practices change rapidly and so successful managers require the skills to be able to work in an environment where there are both opportunities and challenges that are presented by a global market place, work across multi-cultural and diverse teams equipping students with the knowledge and understanding of culturally diverse organisations.</p>

14	Course Learning, Teaching and Assessment Strategy
	<p>It is intended that, through this course, you will develop your critical, analytical and thinking skills sufficiently to become an independent, reflective learner. You will also gain skills to work in teams in order to prepare you for a career in business which can be applied to a range of sectors. Business is a sector that changes frequently and needs managers with the skills and attributes to be able to adapt to changes quickly, you will have the opportunity to consider and evaluate a range of theories and contemporary practice.</p> <p>A range of approaches to learning and teaching will be adopted across the individual modules which comprise the course, to provide a stimulating and challenging learning experience. Flexible approaches will be used to ensure achievement of specific module outcomes and to facilitate the different learning styles and needs of students. Attain the College's VLE will be utilised for engagement in forums, tasks and completing assessments alongside other digital tools and media. You will be expected to carry out further research and wider reading outside taught sessions. Effective learning in taught sessions will involve you engaging in a variety of interactive tasks. There will be opportunities for you to work independently during taught sessions and you may be asked to carry out individual directed tasks which contribute to later taught or seminar sessions. At times you will be expected to work with a small group of your colleagues to prepare and present items in subsequent sessions.</p> <p>The close links between teaching, learning and assessment will be emphasised throughout the course. The development of a variety of assessment tasks integrated with the learning and teaching programme will ensure that you are given relevant and meaningful activities with specific outcomes.</p>

Examples of assessment include:

- Critical review of literature on specific topics
- Evaluation of case studies
- An extended study based on a specific issue, sector or aspect of business
- Seminars on current issues
- Reports and project work
- Reflective journals
- An interrogation of theoretical and research-based evidence.
- Role Play
- Examination or time constrained tasks

Feedback is provided on a developmental basis throughout learning, this can include during learning activities for both subjects specific development or for academic or study skills. Formal feedback is provided for every assessment of coursework and can be in written or verbal formats. Feedback on examinations is normally only carried out on request, and all students can request an individual feedback tutorial on assessments or progress.

To gain the most benefit from this course and studying students are expected to attend all taught sessions and engage with the recommended reading and tasks.

16 Overall Student Workload and Balance of Assessment

Overall student *workload* consists of class contact hours, independent learning and assessment activity, with each credit taken equating to a total study time of around 10 hours. While actual contact hours may depend on the optional modules selected, the following information gives an indication of how much time students will need to allocate to different activities at each level of the course.

- *Scheduled Learning* includes lectures, practical classes and workshops, contact time specified in timetable
- *Directed Learning* includes placements, work-based learning, external visits, on-line activity, Graduate+, peer learning
- *Private Study* includes preparation for exams

The *balance of assessment* by mode of assessment (e.g. coursework, exam and in-person) depends to some extent on the optional modules chosen by students. The approximate percentage of the course assessed by coursework, exam and in-person is shown below.

Delete years where applicable.

Level 4

Workload

Activity	Number of Hours
Scheduled Learning	448
Directed Learning	10
Private Study	742
Total Hours	1200

Balance of Assessment

Assessment Mode	Percentage
Coursework	61%
Exam	13%
In-Person	26%

Level 5

Workload

Activity	Number of Hours
Scheduled Learning	375
Directed Learning	20
Private Study	805
Total Hours	1200 per year

Balance of Assessment

Assessment Mode	Percentage
Coursework	74%
Exam	13%
In-Person	13%
