Course Summary Information			
1	Course Title		BA (Hons) Interior Architecture and Design
2	BCU Course Code	UCAS Code	US0820 W250
3	Awarding Institution Birmingham City University		
4	Teaching Institution(s) (if different from point 3)		
5	Professional Statutory or Regulatory Body (PSRB) accreditation (if applicable)		

6	Course Description
	<p>Do you want to learn how to transform spaces? This innovative Interior Architecture and Design degree course covers a broad range of design possibilities, ranging from reordering to transforming space. Situated within Birmingham School of Architecture and Design, our course will provide you with the facilities and education that you'll need to succeed within the industry, as well as offering excellent opportunities for interdisciplinary collaboration and networking with industry partners.</p> <p>What's covered in the course?</p> <p>Our BA (Hons) Interior Architecture and Design course provides you with the skills to transform or give new life to spaces, as well as teaching you how to plan and design creative interiors. You will look at hierarchies and relationships between different spaces, describing these relationships in new ways. This industry-aligned degree course offers you the opportunity to study and practise the adaption and re-use of space within new and existing building stock, while also addressing aesthetics, human needs, materiality and more, as well as the ephemeral qualities of atmosphere, character, colour, light and shade.</p> <p>Alongside the regeneration of existing space, you will discover new interior environments, in a broad range of industry sectors, such as hospitality, retail, leisure and residential, using an experimental approach to design to develop the refined techniques required for effective space planning, conceptual design, development, visualisation and the refurbishment of space.</p>

10	Entry Requirements
	The admission requirements for this course are stated on the course page of the BCU website at https://www.bcu.ac.uk/ , or may be found by searching for the course entry profile located on the UCAS website .

11	Course Learning Outcomes
	Knowledge & Understanding
1	Contextualise the field of interior architecture and design both nationally and globally and beyond disciplinary boundaries.
2	Reconcile personal responsibility and professional codes of conduct and incorporate a critical ethical dimension into a major piece of work.
3	Collaborate using a broad range of working strategies.
	Cognitive & Intellectual Skills
4	Identify and define complex problems and apply appropriate knowledge and skills to a solution.
5	Exploit entrepreneurial and employability opportunities through both internal and external collaborations in both national and international environments.
6	Apply intellectual thinking and academic skills with an integrated approach to global history, theory and practice.
7	Exercise judgment and diagnostic skills in evaluating own work and that of others.
	Practical & Professional Skills
8	Identify and creatively solve design problems, generating effective solutions to their specialism, cultural specifications, or within an interdisciplinary context through the medium of design communication.
9	Develop design concepts, communication, drawing, making, and visualization.
10	Apply technical skills and knowledge of professional practice of Interior Architecture and Design.
11	Apply critical skills to challenge concepts related to contemporary 'interior architecture and design'.
	Key Transferable Skills
12	Engage in self-directed study of a programme, including employability skills such as workload management

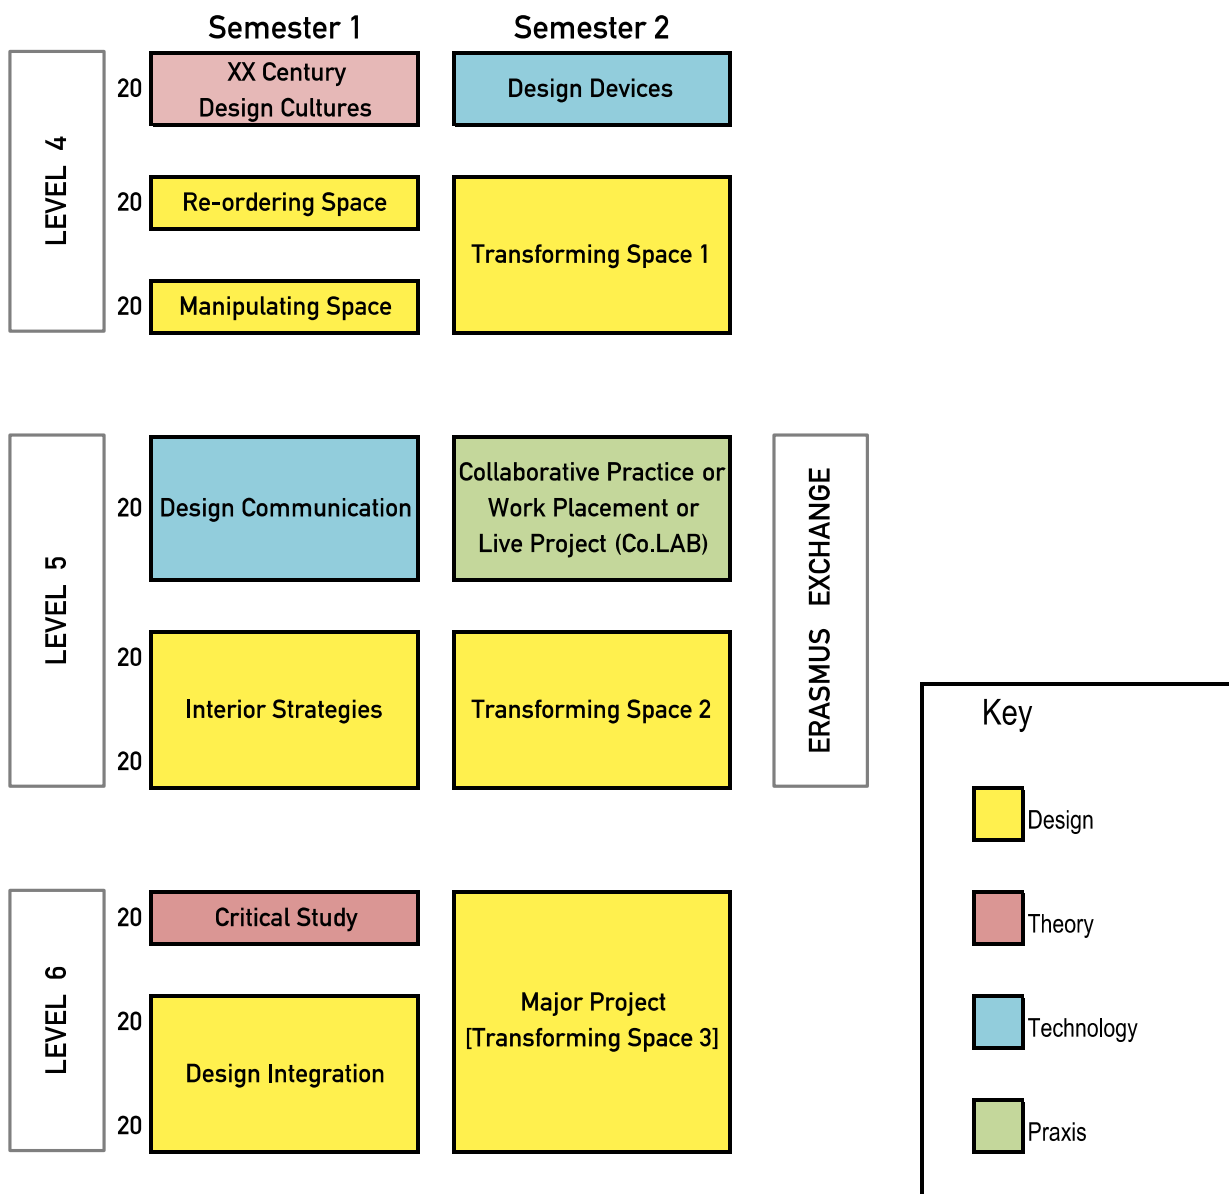

13	Communicate effectively using a variety of media which are appropriate to context and intended audience.
14	Display confidence and independence in relation to all aspects of practice and theory in preparation for their potential careers and life- long learning.
15	Develop professional practice in an international environment building awareness of different cultural identities.

BA [Hons] Interior Architecture and Design

13 Overall Student Workload and Balance of Assessment

Overall student *workload* consists of class contact hours, independent learning and assessment activity, with each credit taken equating to a total study time of around 10 hours. While actual contact hours may depend on the optional modules selected, the following information gives an indication of how much time students will need to allocate to different activities at each level of the course.

- *Scheduled Learning* includes lectures, practical classes and workshops, contact time specified in timetable
- *Directed Learning* includes placements, work-based learning, external visits, on-line activity, Graduate+, peer learning
- *Private Study* includes preparation for exams

The *balance of assessment* by mode of assessment (e.g. coursework, exam and in-person) depends to some extent on the optional modules chosen by students. The approximate percentage of the course assessed by coursework, exam and in-person is shown below.

Level 4

Workload

% time spent in timetabled teaching and learning activity

Activity	Number of Hours
Scheduled Learning	350
Directed Learning	610
Private Study	240
Total Hours	1200

Balance of Assessment

Assessment Mode	Percentage
Coursework	100%
Exam	0
In-Person	0

Level 5

Workload

% time spent in timetabled teaching and learning activity

Activity	Number of Hours
Scheduled Learning	318
Directed Learning	642
Private Study	240
Total Hours	1200

Balance of Assessment
