6	Course Description
	<p>“Be the change you want to see in the world” – Nelson Mandela. If you want to play a role in the changing world, then this is the course where you can find out what you can be.</p> <p>The Business Management course will offer you a practical based degree applicable to a wide range of sectors. You will be able to contribute to critical debates on industry related contemporary issues and understand the dynamic needs of business managers in the 21st century to reflect current knowledge and best practices.</p> <p>You will gain specialist knowledge on a number of core functions of management, building your self-confidence to prepare you for a progressive and successful career in management. Exciting opportunities including integrated work projects and business placements in the UK or abroad are all featured in your course, therefore your career can start whilst achieving your qualification. You will have the benefit of renowned industry speakers and live projects to inspire and help you to develop.</p> <p>This course gives you an opportunity to undertake specific modules designed for those who seek a deeper insight into the operation and complexity of the supply chain. You will explore contemporary supply chain initiatives and review corporate strategy, globalisation, international alliances and the key features of procurement and outsourcing. This programme provides you with the opportunity to examine the tools and techniques used to sustain and develop global supply networks. If you are successful you will be able to apply for modular exemptions, should you wish to pursue the professional qualifications of the Chartered Institute of Procurement and Supply (CIPS).</p> <p>The international focus of the course is derived through a variety of means including the student body, the teaching team and the use of international teaching materials. Moreover, students can choose to spend a year or a full semester studying their modules overseas at a partner institution. Similarly, the Business Management course embeds the UN Sustainable Development Goals as an integral part of the course.</p> <p>What's covered in the course?</p> <p>The development and operation of contemporary and international business markets will be embraced in your learning. This will also include the management of key resources including human capital, financial management, strategic management and cultural awareness. You'll gain an important insight into digital business exploring how technology remodels the business world and consider the accompanying issues around social responsibility and ethical behaviour.</p>

	This course is accredited by the Chartered Management Institute (CMI). This ensures you'll be provided with the latest information and knowledge, as well as providing key industry links and insight. Success on the programme will additionally award you with a CMI professional certificate.
