6	Course Description
	<p>The BSc (Honours) Accounting and Finance degree at Birmingham City Business School provides a valuable insight into the worlds of accountancy practice, commerce, industry and finance. We create graduates who possess a global outlook, with the conceptual and applied knowledge in the fields of accounting and finance that will enable them to make a positive impact on society.</p> <p>Delivery of the course is flexible and includes a blend of lectures, workshops, field trips and online learning. The modules, which feed into the course are broad and cover key current topics, such as Sustainable Development Goals (SDGs), and help you to appreciate accounting and finance from a range of perspectives. Ultimately, decision making in this field, calls for one to exercise judgement and intuition and this course helps you to strengthen that judgement.</p> <p>This course has been designed to be accredited by the major professional accounting bodies, including the Association of Chartered Certified Accountants (ACCA), the Institute of Chartered Accountants in England and Wales (ICAEW) and the Chartered Institute of Management Accountants (CIMA), offering significant exemptions from their professional qualifications.</p> <p>What's covered in the course?</p> <p>This course offers an accounting and finance curriculum that is up to date, vocationally relevant, challenging and reflects the complex and challenging nature of the accounting and business environment.</p> <p>You will gain expertise in areas including financial and management accounting, corporate finance, international accounting and finance issues, data analysis and business technology. You will have the opportunity to use software relevant to the modern business environment, equipping you with the skills and experience sought by employers.</p> <p>You will develop scholarly attributes, becoming an independent learner with the ability to critically evaluate data and evidence, draw reasoned conclusions and communicate effectively in a professional manner.</p>

	<p>With our practice-based approach to teaching, you will learn from professionally qualified academics with a wealth of industry experience, and research active academics whose research underpins and informs our approach to teaching</p> <p>You will be actively supported and encouraged to undertake an additional professional placement year, providing the opportunity to improve your employability skills. Our students have worked for industry leading accountancy practices including PwC and EY, as well as for organisations such as the NHS, IBM and Vodafone.</p> <p>The international focus of the course is derived through a variety of means including the study of international accounting standards, student body, the teaching team and the use of international teaching materials. Moreover, students can choose to spend a full semester studying their modules overseas at a partner institution.</p> <p>This course shares a common first year with other accounting courses within the Business School with full transferability between courses at the end of the first year.</p>
